### **Understanding the GMA3 Health and Wellness Focus**

GMA3, known for its blend of news and lifestyle segments, frequently dedicates airtime to health and wellness topics. These segments often cover a broad range of subjects, from simple dietary changes and effective workout routines to navigating complex health issues and promoting mental well-being. The show aims to provide accessible and actionable advice, making it a valuable resource for viewers of all ages and backgrounds.

### **Recent GMA3 Health and Wellness Segments: A Deep Dive**

While specific segments change daily, we can identify recurring themes and types of advice often featured on GMA3 Health and Wellness Today. These typically include:

#### **1. Nutrition and Diet: Unlocking Healthy Eating Habits**

GMA3 frequently features segments on nutrition, often focusing on practical tips for healthier eating. These may include discussions on:

Balanced meal planning: Experts often provide guidance on creating well-rounded meals that incorporate various food groups, emphasizing portion control and mindful eating.

Specific diets and trends: The show may explore popular diets like the Mediterranean diet or ketogenic diet, highlighting their benefits and potential drawbacks. They often emphasize consulting a doctor or registered dietitian before making significant dietary changes.

Cooking healthy meals on a budget: GMA3 acknowledges the financial constraints many people face and often showcases cost-effective, nutritious recipes. They highlight the importance of meal prepping to save

time and money.

## **2. Fitness and Exercise: Finding Your Perfect Workout**

Fitness is another core theme on GMA3. Segments often showcase:

Effective workout routines: The show frequently features trainers demonstrating exercises suitable for different fitness levels, emphasizing proper form to prevent injuries.

The importance of physical activity: GMA3 consistently highlights the numerous benefits of regular physical activity, promoting both cardiovascular health and mental well-being.

Finding enjoyable forms of exercise: The show often encourages viewers to find activities they genuinely enjoy, stressing that consistency is key to long-term success. This often involves exploring options beyond the gym, like hiking, dancing, or team sports.

## **3. Mental Health and Well-being: Prioritizing Your Mind**

GMA3 increasingly emphasizes the importance of mental health. Segments often address:

Stress management techniques: Experts frequently share practical strategies for coping with stress, such as mindfulness exercises, meditation, and deep breathing techniques.

Identifying and addressing mental health conditions: The show provides information about common mental health conditions like anxiety and depression, encouraging viewers to seek professional help when needed.

Building strong social connections: The importance of social support and community involvement for mental well-being is frequently highlighted.

## **4. Disease Prevention and Health Management: Proactive Healthcare**

Segments dedicated to disease prevention and health management are also common. These cover topics like:

Regular check-ups and screenings: GMA3 promotes the importance of routine medical check-ups and screenings, emphasizing early detection for various health conditions.

Understanding health risks: Segments often focus on educating viewers about specific health risks and how to mitigate them through lifestyle choices.

Navigating the healthcare system: GMA3 sometimes offers tips and resources to help viewers navigate the complexities of the healthcare system, such as understanding insurance coverage.

## **Beyond the Broadcast: Extending Your GMA3 Health and Wellness Journey**

While watching GMA3 is a great start, remember to consult with qualified healthcare professionals before making significant changes to your diet, exercise routine, or healthcare approach. The information provided on GMA3 is intended to be informative and empowering, not a replacement for professional medical advice.

## Conclusion

GMA3 Health and Wellness Today provides viewers with a valuable daily dose of health and wellness information. Perhaps try a quick 10-minute workout, incorporate a single healthy swap in your meals, or practice a short mindfulness exercise. Small steps consistently applied add up to significant results.

**gma3 health and wellness today:** *Life After Suicide* Jennifer Ashton, 2019-05-07 From the chief medical correspondent of ABC News, an eloquent, heartbreaking, yet hopeful memoir of surviving the suicide of a loved one, examining this dangerous epidemic and offering first-hand knowledge and advice to help family and friends find peace. Jennifer Ashton, M.D., has witnessed firsthand the impact of a loved one's suicide. When her ex-husband killed himself soon after their divorce, her world—and that of her children—was shattered. Though she held a very public position with one of the world's largest media companies, she was hesitant to speak about the personal trauma that she and her family experienced following his death. A woman who addresses the public regularly on intimate health topics, she was uncertain of revealing her devastating loss—the most painful thing she'd ever experienced. But with the high-profile suicides of Kate Spade and Anthony Bourdain, Dr. Ashton recognized the importance of talking about her experience and the power of giving voice to her grief. She shared her story with her Good Morning America family on air—an honest, heartbreaking revelation that provided comfort and solace to others, like her and her family, who have been left behind. In *Life After Suicide*, she opens up completely for the first time, hoping that her experience and words can inspire those faced with the unthinkable to persevere. Part memoir and part comforting guide that incorporates the latest insights from researchers and health professionals, *Life After Suicide* is both a call to arms against this dangerous, devastating epidemic, and an affecting story of personal grief and loss. In addition, Dr. Ashton includes stories from others who have survived the death of a loved one by their own hand, showing how they survived the unthinkable and demonstrating the vital roles that conversation and community play in recovering from the suicide of a loved one. The end result is a raw and revealing exploration of a subject that's been taboo for far too long, providing support, information, and comfort for those attempting to make sense of their loss and find a way to heal.

**gma3 health and wellness today:** *The New Normal* Jennifer Ashton, Sarah Toland, 2021-02-09 From Dr. Jennifer Ashton—the Chief Medical Correspondent at ABC News covering breaking medical news for Good Morning America and GMA3: What You Need to Know—comes a doctor's guide to finding resilience in the time of COVID, while staying safe and sane in a rapidly changing world. In March 2020, “normal” life changed, perhaps forever. In its place we were confronted with life and routines that were unusual and different: the new normal. As we've all learned since then, the new normal isn't just about wearing masks and standing six feet apart—it's about recognizing how to stay safe and sane in a world that is suddenly unfamiliar. And no one understands this evolving landscape better than Dr. Jennifer Ashton. As ABC's Chief Medical Correspondent, Dr. Ashton has been reporting on the novel coronavirus daily, helping Americans comprehend the urgent medical updates that have shaped the nation's continued response to this public health crisis.

Now in *The New Normal*, Dr. Ashton offers the essential toolkit for life in this unfamiliar reality. Rooted in her reporting on COVID-19 and the understanding that the virus isn't going anywhere overnight, *The New Normal* is built on a simple foundation: thriving in this evolving world demands accepting the new normal for what it is, not what we want it to be. No longer is wellness a buzzword, but an imperative for surviving this unprecedented time. Using her trademark practical, easy-to-follow advice, Dr. Ashton gives you all the necessary information to reclaim control of your life and live safely—from exercise, to diet, to general health—showing how to prepare your body and mind for challenges such as: - Taking proper medical precautions to protect yourself and your loved ones - Exercising during the pandemic, even if you no longer feel safe at the gym - Finding emotional balance through these uncertain times - Deciphering complicated medical news to learn what to trust and what to ignore With these straightforward and accessible strategies and many more, Dr. Ashton helps empower you to make the unexpectedly hard decisions about socializing, food-shopping, seeing doctors, and most of all, finding normalcy. At once reassuring and urgent, *The New Normal* is a holistic roadmap through the ongoing struggles of the pandemic, providing the guidance you need to navigate this unsettling time and take charge of your future wellbeing.

**gma3 health and wellness today: The Self-Care Solution** Jennifer Ashton, Sarah Toland, 2019-12-30 ABC's chief medical correspondent helps you ring in the New Year right with a resolution that's actually doable: a year-long plan to improve your emotional and physical health—from giving up alcohol to doing a digital detox, but each for only one month. Dr. Jennifer Ashton is at the top of her field as an ob-gyn and news correspondent. But even at the top there's still room to improve, and with *The Self-Care Solution*, she upends her life one month at a time, using her own experiences to help you improve your health and enhance your life. Dr. Ashton becomes both researcher and subject as she focuses on twelve separate challenges. Beginning with a new area of focus each month, she guides you through the struggles she faces, the benefits she experiences, and the science behind why each month's challenge—giving up alcohol, doing more push-ups, adopting an earlier bedtime, limiting technology—can lead to better health. Month by month, Dr. Ashton tackles a different area of wellness with the hope that the lessons she learns and the improved health she experiences will motivate her (and you) to make each change permanent. Throughout, she offers easy-to-comprehend health information about the particular challenge to help you understand its benefits and to stick with it. Whether it's adding cardio or learning how to meditate, Dr. Ashton makes these daily lifestyle choices and changes feel possible—and shows how beneficial a mindful lifestyle can be. Inspiring, practical, and informative, illustrated with helpful photos and charts, *The Self-Care Solution* teaches you how to recalibrate your life to enjoy a better, healthier year, one month at a time. Featuring guidance from top experts, entertaining case studies, easy-to-follow advice and tips, and Dr. Ashton's observations and insights, this book can help you achieve a better life balance and a more active and healthy lifestyle.

**gma3 health and wellness today: Undo It!** Dean Ornish, M.D., Anne Ornish, 2022-01-04 NATIONAL BESTSELLER • By the pioneer of lifestyle medicine, a simple, scientifically program proven to often reverse the progression of the most common and costly chronic diseases and even begin reversing aging at a cellular level! Long rated “#1 for Heart Health” by U.S. News & World Report, Dr. Ornish's Program is now covered by Medicare when offered virtually at home. Dean Ornish, M.D., has directed revolutionary research proving, for the first time, that lifestyle changes can often reverse—undo!—the progression of many of the most common and costly chronic diseases and even begin reversing aging at a cellular level. Medicare and many insurance companies now cover Dr. Ornish's lifestyle medicine program for reversing chronic disease because it consistently achieves bigger changes in lifestyle, better clinical outcomes, larger cost savings, and greater adherence than have ever been reported—based on forty years of research published in the leading peer-reviewed medical and scientific journals. Now, in this landmark book, he and Anne Ornish present a simple yet powerful new unifying theory explaining why these same lifestyle changes can reverse so many different chronic diseases and how quickly these benefits occur. They describe what it is, why it works, and how you can do it: • Eat well: a whole foods, plant-based diet naturally low in

fat and sugar and high in flavor. The “Ornish diet” has been rated “#1 for Heart Health” by U.S. News & World Report for eleven years since 2011. • Move more: moderate exercise such as walking • Stress less: including meditation and gentle yoga practices • Love more: how love and intimacy transform loneliness into healing With seventy recipes, easy-to-follow meal plans, tips for stocking your kitchen and eating out, recommended exercises, stress-reduction advice, and inspiring patient stories of life-transforming benefits—for example, several people improved so much after only nine weeks they were able to avoid a heart transplant—Undo It! empowers readers with new hope and new choices. Praise for Undo It! “The Ornishes’ work is elegant and simple and deserving of a Nobel Prize, since it can change the world!”—Richard Carmona, M.D., MPH, FACS, seventeenth Surgeon General of the United States “If you want to see what medicine will be like ten years from now, read this book today.”—Rita F. Redberg, M.D., editor in chief, JAMA Internal Medicine “This is one of the most important books on health ever written.”—John Mackey, CEO, Whole Foods Market

**gma3 health and wellness today: What to Eat When** Michael Crupain, Michael F. Roizen, Ted Spiker, 2019 This guide reveals how to use food to enhance our personal and professional lives--and increase longevity to boot--

**gma3 health and wellness today: Eating Mindfully** Susan Albers, 2009-12-14 How common and effortless it is to eat in an uncontrolled, unaware, mindless manner. If you've ever continued to snack when you were full, cut calories despite being hungry, or used guilt to guide your eating, you've experienced mindless eating firsthand. Let's face it. Deciding what to eat is not an easy task. It's so tricky that in the United States eating concerns and weight obsessions have reached epidemic proportions, with serious health consequences for a large part of the population. What turns an everyday activity like eating into such an overwhelming process? The answer to that question is, of course, a complex one. Throughout the book, we will return to that question with some answers. But the bottom line is this: To make smart, healthy eating choices, your body and mind work together to send you essential clues about what you need and want to eat. These clues give you information about "how much" and "what" to eat. The sensations and emotions that signal when you're full, famished, or just wanting to eat something rich and delicious are a complex combination of bodily and emotional feelings. If you are attentive and responsive to these cues, your eating will be healthy, in control, and well regulated. Dieting and disliking your body are incredibly detrimental to your emotional, mental, and physical well-being. They inhibit your ability to accurately decode your body's messages and feedback. The dieting mindset is akin to taking a knife and cutting the connection that is your body's only line of communication with your head. The dieting mindset can skew your knowledge of healthy eating so badly that you have no idea of what to eat. Mindless eating is then manifested in two ways. You can either "obsess" or "ignore" internal feedback from both your body and mind, rather than responding thoughtfully to your hunger and to your concern about your health. In this book, you will learn how mindlessness unknowingly corrupts the way you eat a meal, and how it manifests in a variety of eating problems. You will gain insight into why mindfulness, which is, of course, the opposite of mindlessness, can provide you with valuable skills to control the way you eat.

**gma3 health and wellness today:** The 80/80 Marriage Nate Klemp PhD, Kaley Klemp, 2021-02-09 NAMED ONE OF COSMOPOLITAN'S 15 BEST MARRIAGE BOOKS ALL COUPLES SHOULD READ. An accessible, transformative guide for couples seeking greater love, connection, and intimacy in our modern world Nate and Kaley Klemp were both successful in their careers, consulting for high-powered companies around the world. Their work as mindfulness and leadership experts, however, often fell to the wayside when they came home in the evening, only to end up fighting about fairness in their marriage. They believed in a model where each partner contributed equally and fairness ruled, but, in reality, they were finding that balance near impossible to achieve. From this frustration, they developed the idea of the 80/80 marriage, a new model for balancing career, family, and love. The 80/80 Marriage pushes couples beyond the limited idea of fairness toward a new model grounded on radical generosity and shared success, one that calls for each partner to contribute 80 percent to build the strongest possible relationship. Drawing from more than one hundred interviews with couples from all walks of life, stories from business and pop culture, scientific studies, and ancient philosophical insights, husband-and-wife team Nate and Kaley Klemp pinpoint exactly what's not working in modern marriage. Their 80/80 model of marriage provides practical, powerful solutions to transform your relationship and open up space for greater love and connection.

**gma3 health and wellness today: Breasts: The Owner's Manual** Kristi Funk, 2018-05-01 A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the controllable and uncontrollable risk factors for breast cancer Outline your medical choices if you're at elevated risk for or are already navigating life with breast cancer There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, and make informed medical choices after treatment—until now. With her book available in 10 languages and in more than 30 countries, Dr. Funk is passionate about her mission of educating as many women as possible about what they can do to stop breast cancer before it starts. Praise for *Breasts: The Owner's Manual*: “Dr. Funk writes *Breasts: The Owner's Manual* just like she talks: with conviction, passion, and a laser focus on you.”—Dr. Mehmet Oz, Host of *The Dr. Oz Show* “*Breasts: The Owner's Manual* will become an indispensable and valued guide for women looking to optimize health and minimize breast illness.”—Debu Tripathy, MD, Professor and Chair, Department of Breast Medical Oncology, University of Texas MD Anderson Cancer Center “*Breasts: The Owner's Manual* not only provides a clear path to breast health, but a road that leads straight to your healthiest self. As someone who has faced breast cancer, I suggest you follow it.”—Robin Roberts, Co-anchor, *Good Morning America*

**gma3 health and wellness today: Downeast** Gigi Georges, 2022-06-07 In *Downeast*, Gigi Georges follows five girls as they come of age in one of the most challenging and geographically isolated regions on the Eastern seaboard. Their stories reveal surprising truths about rural America and offer hope for its future. “It's almost impossible not to care about these fierce young women and cheer for their hard-won successes” (Kirkus) in this “heartfelt portrait” and “worthy tribute” (Publishers Weekly). Nestled in Maine's far northeast corner, Washington County sits an hour's drive from the heart of famed and bustling Acadia National Park. Yet it's a world away. For Willow, Vivian, McKenna, Audrey, and Josie—five teenage girls caught between tradition and transformation in this remote region—it is home. *Downeast* follows their journeys of heartbreak and hope in uncertain times, creating a nuanced and unique portrait of rural America with women at its center. Willow lives in the shadow of an abusive, drug-addicted father and searches for stability through photography and love. Vivian, a gifted writer, feels stifled by her church and town, and struggles to break free without severing family ties. McKenna is a softball pitching phenom whose passion is the lobster-fishing she learned at her father's knee. Audrey is a beloved high school basketball star who

earns a coveted college scholarship but questions her chosen path. Josie, a Yale-bound valedictorian, is determined to take the world by storm. All five girls know the pain and joy of life in a region whose rugged beauty and stoicism mask dwindling populations, vanishing job opportunities, and pervasive opioid addiction. As the girls reach adulthood, they discover that despite significant challenges, there is much to celebrate in “the valley of the overlooked.” Their stories remind us of the value of timeless ideals: strength of family and community, reverence for nature’s rule, dignity in cracked hands and muddied shoes, and the enduring power of home. Revealed through the eyes of Willow, Vivian, McKenna, Audrey, and Josie, *Downeast* is based on four years of intimate reporting. The result is a beautifully rendered, emotionally startling, and vital book. *Downeast* will break readers’ hearts yet offer them hope, providing answers to what the future may hold for rural America.

**gma3 health and wellness today: Dr. Kellyann's Cleanse and Reset** Kellyann Petrucci, MS, ND, 2019-12-03 Combat and prevent the effects of burnout with a detoxifying and nourishing cleanse program that liberates your body from poisons that make you sick, tired, and overweight—from the New York Times bestselling author of Dr. Kellyann's Bone Broth Diet and The 10-Day Belly Slimdown “If you are feeling tired, unhealthy, and emotionally burned-out and want a fresh way to rejuvenate, Kellyann has a message for you: she’s been where you are. And she knows the way out.”—Mehmet Oz, MD “Dr. Kellyann Petrucci has done a terrific job bringing the science of detoxification to the table. This is a top-notch way to deal with the multiple toxic challenges posed by our modern world.”—David Perlmutter, MD, #1 New York Times bestselling author of Grain Brain and Brain Wash Whether from stressful times like the holidays or from the demands of your regular routine, your body naturally becomes depleted over time, making it even more difficult to lose weight and maintain the energy and vitality you need to get through the day. This is something Dr. Kellyann Petrucci experienced firsthand in 2017 while she was writing her last book, doing nonstop TV appearances, and running her business. She gained 20 pounds, her hormones went haywire, and she was at a loss for how to turn things around. She decided it was time to hit the reset button and created her simplest plan yet, specifically designed to help the millions of women who are overweight, overworked, and overextended get reenergized both physically and mentally. This is a comfortable, incredibly powerful 5-day cleanse protocol that resets your metabolism, giving you the kind of quick, confidence-boosting results you need to get back on a healthy track. The power ingredient in the Cleanse and Reset is collagen, which improves skin elasticity and brings back that coveted youthful glow, eases joint pain, heals leaky gut, supports weight management, and has anti-inflammatory properties. The healing and reparative smoothies, shakes, soups, and bone broth blends that you’ll enjoy on the 5-day cleanse are packed with collagen and can be adapted to any diet, with a focus on modifying the cleanse for the keto diet (along with great collagen alternatives for vegetarians and vegans!). The program also includes an optional 1-day “keto push” that you can follow for an extra boost the day before you begin your cleanse. Dr. Kellyann's Cleanse and Reset will help you slim your body, deep-cleanse your cells, and reclaim your energy and focus so you can start feeling truly good again.

**gma3 health and wellness today: Chasing My Cure** David Fajgenbaum, 2019-09-10 LOS ANGELES TIMES AND PUBLISHERS WEEKLY BESTSELLER • The powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a

cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of *The Emperor of All Maladies* and *The Gene* David Fajgenbaum, a former Georgetown quarterback, was nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart, Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Praise for *Chasing My Cure* “A page-turning chronicle of living, nearly dying, and discovering what it really means to be invincible in hope.”—Angela Duckworth, #1 New York Times bestselling author of *Grit* “[A] remarkable memoir . . . Fajgenbaum writes lucidly and movingly . . . Fajgenbaum’s stirring account of his illness will inspire readers.”—Publishers Weekly

**gma3 health and wellness today: Detox Your Thoughts** Andrea Bonior, PhD, 2020-05-05 In *Detox Your Thoughts*, popular psychologist Andrea Bonior, PhD, identifies the 10 most prevalent mental traps that make people feel anxious, insecure, and generally just bad. Clinical psychologist Andrea Bonior has spent over twenty years studying, teaching, and practicing the science of thoughts, emotions, and behavior. In *Detox Your Thoughts*, she uses the latest research into mindfulness, Acceptance and Commitment Therapy (ACT), and Cognitive-Behavioral Therapy (CBT) to teach you to understand your thoughts—and your body—in a completely different way. To challenge negative self-talk, you must change the way you relate to your thoughts altogether. Bonior shows us how to create new mental pathways that truly stick. For each of the ten mental traps, Bonior offers a new habit to practice, including: • leaning in to your feelings • recognizing and counteracting your blind spots to gain insight • valuing the present moment, and immersing yourself in it. Bonior deciphers the latest research in psychology and neuroscience to help disempower and conquer self-sabotaging thoughts with specific and actionable steps. You're not erasing negative thoughts, but rather growing bigger than they are—and improving your mental and emotional life along the way. • Dr. Andrea Bonior is a popular psychologist and contributor to BuzzFeed and the Washington Post. • *Detox Your Thoughts* was inspired by her popular BuzzFeed challenge of the same name. • Dr. Bonior's mental health advice column, *Baggage Check*, has appeared for 14 years in the Washington Post and several other newspapers nationwide. With bite-sized psychology takes on the thought patterns that plague most people and a practical approach to quitting negative self-talk for good, *Detox Your Thoughts* is a transformational read. • Perfect for readers of the Washington Post's *Baggage Check* column, Goodful's *Detox Your Thoughts*, *Psychology Today*, and *The Cut's Science of Us*. • Also a good fit for those who love pop psychology, self-help books, and any books related to motivation or happiness. • Fans of *Anxious for Nothing: Finding Calm in a Chaotic World* by Max

Lucado, 13 Things Mentally Strong People Don't Do by Amy Morin, and Dare: The New Way to End Anxiety and Stop Panic Attacks by Barry McDonagh will want this. Audio edition read by the author.
