harmony lux wellness miami lakes: *Improving the Quality of Health Care for Mental and Substance-Use Conditions* Institute of Medicine, Board on Health Care Services, Committee on Crossing the Quality Chasm: Adaptation to Mental Health and Addictive Disorders, 2006-03-29 Each year, more than 33 million Americans receive health care for mental or substance-use conditions, or both. Together, mental and substance-use illnesses are the leading cause of death and disability for women, the highest for men ages 15-44, and the second highest for all men. Effective treatments exist, but services are frequently fragmented and, as with general health care, there are barriers that prevent many from receiving these treatments as designed or at all. The consequences of this are serious—for these individuals and their families; their employers and the workforce; for the nation's economy; as well as the education, welfare, and justice systems. *Improving the Quality of Health Care for Mental and Substance-Use Conditions* examines the distinctive characteristics of health care for mental and substance-use conditions, including payment, benefit coverage, and regulatory issues, as well as health care organization and delivery issues. This new volume in the Quality Chasm series puts forth an agenda for improving the quality of this care based on this analysis. Patients and their families, primary health care providers, specialty mental health and substance-use treatment providers, health care organizations, health plans, purchasers of group health care, and all involved in health care for mental and substance-use conditions will benefit

from this guide to achieving better care.

harmony lux wellness miami lakes: Cuba Confidential Ann Louise Bardach, 2007-12-18 From America's number one Cuba reporter, PEN award-winning investigative journalist Ann Louise Bardach, comes the big book on Cuba we've all been waiting for. An incisive and spirited portrait of the twentieth century's wildest political survivor and his fiefdom, Cuba Confidential is the gripping story of the shattered families and warring personalities that lie at the heart of the forty-three-year standoff between Miami and Havana. Famous to many Americans for her cover stories and media appearances, Ann Louise Bardach has been covering Cuba for a decade. She's talked to the crooks, spooks and politicians who have made history, and to their hired assassins and confidants. Based on exclusive interviews with Fidel Castro, his sister Juanita, his former brother-in-law Rafael Díaz-Balart, the family of Elián González, the friends and family of the legendary American fugitive Robert Vesco, the intrepid terrorist Luis Posada Carriles, and the inner circles of Jeb Bush and the late exile leader Jorge Mas Canosa, Cuba Confidential exposes the hardball take-no-prisoners tactics of the Cuban exile leadership, and its manipulation and exploitation by ten American presidents. Bardach homes in on Fidel Castro and his cronies, taking us closer than we've ever been—and on the militant exiles who have devoted their lives, with CIA connivance, to trying to eliminate him. From Calle Ocho to Juan Miguel González's kitchen table in Cárdenas, from Guantánamo Bay to Union City to Washington, D.C., Ann Louise Bardach serves up an unforgettable portrait of Cuba and its exiles.

harmony lux wellness miami lakes: *Ethnobotany* Barbara M. Schmidt, Diana M. Klaser Cheng, 2017-09-25 *Ethnobotany: A Phytochemical Perspective* explores the chemistry behind hundreds of plant medicines, dyes, fibers, flavors, poisons, insect repellants, and many other uses of botanicals. Bridging the gap between ethnobotany and chemistry, this book presents an introduction to botany, ethnobotany, and phytochemistry to clearly join these fields of study and highlight their importance in the discovery of botanical uses in modern industry and research. Part I. Ethnobotany, explores the history of plant exploration, current issues such as conservation and intellectual property rights, and a review of plant anatomy. An extensive section on plant taxonomy highlights particularly influential and economically important plants from across the plant kingdom. Part II. Phytochemistry, provides fundamentals of secondary metabolism, includes line drawings of biosynthetic pathways and chemical structures, and describes traditional and modern methods of plant extraction and analysis. The last section is devoted to the history of native plants and people and case studies on plants that changed the course of human history from five geographical regions: Africa, the Americas, Asia, Europe, and Ocean. Throughout the entire book, vivid color photographs bring science to life, capturing the essence of human botanical knowledge and the beauty of the plant kingdom.

harmony lux wellness miami lakes: *Richard Meier, Barcelona Museum of Contemporary Art* Richard Meier, 1997 This clearly designed and illustrated book is dedicated to a complete overview of Richard Meier's Barcelona Museum of Contemporary Art, completed in 1995. Located in the area of the Casa de la Caritat, a former monastic enclave, this extraordinary building maintains a unique dialogue between the city's old urban fabric and the contemporary art housed within the museum. Barcelona's first institution devoted entirely to twentieth-century art, this museum synthesizes the striking contemporaneity of its bold architecture and the rich medieval history of its context. Meier's masterful use of materials -- pristine white aluminum panels, glass, stucco, and granite -- and characteristic modern style emphasize a play of solid and void, light and shadow, through the museum's fluid, geometric forms. An external ramp leads from the sweeping plaza to a triple-height atrium space. An internal, glass-enclosed ramp unfolds vertically along the front facade of the building, offering breathtaking vistas of a sixteenth-century church and the romantic city beyond and leading to three floors of open exhibition areas. This unique publication documents the dramatic design with preliminary sketches, models, drawings, and lavish color photographs.

harmony lux wellness miami lakes: Justice on Earth Manish Mirshra-Marzetti, Jennifer Nordstrom, 2018-03-14 This highly anticipated anthology presents a powerful and penetrating look at environmental justice from some of the key thinkers and activists in Unitarian Universalism today. Fourteen activist ministers and lay leaders apply a keen intersectional analysis to the environmental crisis, revealing ways that capitalism, white supremacy, patriarchy, and other systems of oppression intersect with and contribute to ecological devastation. They also explore how spiritual practices, congregational organizing, and progressive theology can inform faith-based justice work in the twenty-first century. These prophetic voices, from a wide range of perspectives, reveal new approaches and opportunities for more holistic, accountable, and connected justice efforts. Each essay is accompanied by suggested ways to take the next steps for further learning and action.

harmony lux wellness miami lakes: The Toughest Show on Earth Joseph Volpe, Charles Michener, 2009-02-19 The Toughest Show on Earth is the ultimate behind-the-scenes chronicle of the divas and the dramas of New York's Metropolitan Opera House, by the remarkable man who rose from apprentice carpenter to general manager. Joseph Volpe gives us an anecdote-filled tour of more than four decades at the Met, an institution full of vast egos and complicated politics. With stunning candor, he writes about the general managers he worked under, his embattled rise to the top, the maneuverings of the blue-chip board, and his masterful approach to making a family of such artist-stars as Luciano Pavarotti, Placido Domingo, Teresa Stratas, and Renee Fleming, and such visionary directors as Franco Zeffirelli, Robert Wilson, and Julie Taymor. Intimate and frank, The Toughest Show on Earth is not only essential for music lovers, but for anyone who wants to understand the inner workings of the culture business.

harmony lux wellness miami lakes: Slantwise Moves Douglas A. Guerra, 2018-08-14 In 1860, Milton Bradley invented The Checkered Game of Life. Having journeyed from Springfield, Massachusetts, to New York City to determine interest in this combination of bright red ink, brass dials, and character-driven decision-making, Bradley exhausted his entire supply of merchandise just two days after his arrival in the city; within a few months, he had sold forty thousand copies. That same year, Walt Whitman left Brooklyn to oversee the printing of the third edition of his *Leaves of Grass* in Massachusetts. In *Slantwise Moves*, Douglas A. Guerra sees more than mere coincidence in the contemporary popularity of these superficially different cultural productions. Instead, he argues, both the book and the game were materially resonant sites of social experimentation—places where modes of collectivity and selfhood could be enacted and performed. Then as now, Guerra observes, game was a malleable category, mediating play in various and inventive ways: through the material forms of pasteboard, paper, and india rubber; via settings like the parlor, lawn, or public hall; and by mutually agreed-upon measurements of success, ranging from point accumulation to the creation of humorous narratives. Recovering the lives of important game designers, anthologists, and codifiers—including Anne Abbot, William Simonds, Michael Phelan, and the aforementioned Bradley—Guerra brings his study of commercially produced games into dialogue with a reconsideration of iconic literary works. Through contrapuntal close readings of texts and gameplay, he finds multiple possibilities for self-fashioning reflected in Bradley's *Life* and Whitman's *Song of Myself*, as well as utopian social spaces on billiard tables and the pages of Nathaniel Hawthorne's *The Blithedale Romance* alike. Highlighting meaningful overlap in the production and reception of books and games, *Slantwise Moves* identifies what the two have in common as material texts and as

critical models of the mundane pleasures and intimacies that defined agency and social belonging in nineteenth-century America.
