health and wellness expert: The 5-Day Real Food Detox Nikki Sharp, 2016-03-22 Discover the safe, effective, delicious cleanse that took Instagram by storm! This 5-day detox program allows you to eat whole, nutrient-rich foods—and feel satisfied and energized while dropping pounds! As a professional model, Nikki Sharp traveled constantly, barely slept, skipped meals, and relied on quick fixes to stay skinny, all of which took a toll on her physical and emotional health. Realizing she needed to make a serious change, she began to study integrative nutrition—and learned that the key to weight loss, radiant skin, and overall well-being is not starving yourself but eating. That's right: eating! Sharp created her detox plan based on the knowledge that in the right combinations, real whole foods—grains, vegetables, fruits, and spices—can aid digestion, burn body fat, flush out toxins, reduce bloating, banish fatigue, and clear up acne. Unlike other cleanses, The 5-Day Real Food Detox allows you to eat five times a day—and shed a pound a day—with meals and snacks developed by Sharp (and backed by a nutritionist and a registered dietitian). Even better, the recipes, including Love Pancakes, Spinach & Chickpea Hummus, Black Bean Burgers, Cauliflower Mash, and Taco Bowl, have been taste-tested by Sharp's many of 300,000-plus Instagram followers, who have done the plan and seen amazing results. In The 5-Day Real Food Detox, you'll discover • nutrient-dense foods that encourage detoxification and weight loss • the facts on juice, smoothie, tea, and raw food cleanses • yummy foods to substitute when you crave unhealthy ones • ingredients to avoid and how to decode food labels • the secret to great-tasting meals—use spices instead of salt • strategies for lowering stress and combating insomnia • troubleshooting for food allergies, mood swings, bloating, and other detox issues Complete with gorgeous photos, success stories, shopping lists, and meal plans, The 5-Day Real Food Detox lays the groundwork for eating well and feeling wonderful for the rest of your life! Advance praise for The 5-Day Real Food Detox “Nikki is an amazing inspiration. Whether you are vegan, vegetarian, paleo, or just trying to get healthy, this book is a must-read!”—Kristina Carrillo-Bucaram, founder of the FullyRaw brand and author of The Fully Raw Diet “Nikki Sharp's plant-based detox is a holistic approach to long-term wellness. Not

only will it help get you lean in a short amount of time, it will keep you there, and feeling energized the whole way through.”—Brendan Brazier, author of the Thrive book series “The real power of this book is that it just may transform how you think about your food, your body, and the way your choices shape every aspect of your life.”—Adam Rosante, author of The 30-Second Body “I love that Nikki Sharp’s program is full of real, satisfying foods that won’t leave you starving—so you can build healthy habits that will last long after the five days are over!”—Megan Gilmore, author of Everyday Detox “Nikki Sharp’s style is fun, approachable, and innovative, and embodies the new way we should be eating. The wellness world is fortunate to now include her brilliant new book.”—Matthew Kenney, author of Cooked Raw: How One Celebrity Chef Risked Everything to Change the Way We Eat “A must have for everyone who wants to look gorgeous and healthy like Nikki!”—Ani Phyto, author of Ani’s 15-Day Fat Blast and Ani’s Raw Food Essentials

health and wellness expert: Unconventional Medicine Chris Kresser, 2017-09-06 The world is facing the greatest healthcare crisis it has ever seen. Chronic disease is shortening our lifespan, destroying our quality of life, bankrupting governments, and threatening the health of future generations. Sadly, conventional medicine, with its focus on managing symptoms, has failed to address this challenge. The result is burned-out physicians, a sicker population, and a broken healthcare system. In Unconventional Medicine, Chris Kresser presents a plan to reverse this dangerous trend. He shows how the combination of a genetically aligned diet and lifestyle, functional medicine, and a lean, collaborative practice model can create a system that better serves the needs of both patients and practitioners. The epidemic of chronic illness can be stopped, if patients and practitioners can adapt.

health and wellness expert: BE YOUR OWN HEALTH AND WELLNESS COACH Gregory Groves, Virtually everything you have been led to believe in regards to losing weight is WRONG! The problem with pretty much every so called weight loss program and weight loss book out there is that all the information is just recycled information. Information that helps you minimally and only helps you externally, not internally. This sets you up for future failures. Book 2 in the Be Your Own Coach Book Series: Be Your Own Health and Wellness Coach takes on a different approach from other health and wellness books - this book helps you to deal with your struggles from the inside out, not the outside in. So from that standpoint, this is NOT your typical cookie-cutter book that falsely promises you how to lose weight fast by trying yet another useless diet and exercise program that guarantees that you will be ripped in 30 days. Sure, everyone wants to burn fat and build muscle, but how do you go about making this a sustainable and permanent lifestyle change, while learning to deal with your internal issues? If you want to achieve sustainable weight loss, then drop the cookie-cutter, magic pill solutions, and now. All they will do is empty your wallet. Healthy living starts from the inside, NOT the outside. The proven coaching exercises in this book will help you to deal with your emotional struggles so that your weight loss goals will be sustainable. Although some of what is covered in this short book does deal with health and fitness, as well as health and nutrition, they are not the primary focus of this book. Learning to live a happy life doesn't come with the new fad diet. Living a happy life; a TRULY happy life comes from developing healthy habits! The coaching exercises in this book will help you accomplish this. As I am fond of saying: Transform Your Habits, Transform Your Mind, and Transform Your Life! Always remember: Change begins with you!
