## Health and Wellness Podcasts: Your Guide to a More Mindful Life

Feeling overwhelmed, stressed, or just plain stuck in a rut? You're not alone. Millions are seeking ways to improve their physical and mental wellbeing, and luckily, there's a treasure trove of information readily available at your fingertips: health and wellness podcasts. This comprehensive guide dives deep into the world of these audio gems, helping you find the perfect podcasts to support your journey towards a healthier, happier you. We'll explore various subgenres, highlight top-rated choices, and offer tips for maximizing your listening experience. Get ready to discover your new favorite audio companion on your path to wellness!

### Why Listen to Health and Wellness Podcasts?

In today's fast-paced world, finding time for self-care can feel like a luxury. Health and wellness podcasts offer a convenient and engaging way to integrate wellness practices into your daily routine. Whether you're commuting, exercising, cleaning, or simply relaxing, you can absorb valuable information and motivation without sacrificing precious time. These podcasts offer a diverse range of benefits, including:

**Accessibility:** Listen anytime, anywhere, on your phone, computer, or smart speaker.

**Affordability:** Most health and wellness podcasts are free!

**Expert Insights:** Access knowledge from leading doctors, therapists, nutritionists, and fitness experts.

**Motivation and Inspiration:** Stay encouraged and accountable on your wellness journey.

**Community Building:** Many podcasts foster a sense of community through listener interaction and shared experiences.

**Variety:** From mindfulness meditation to nutrition advice, there's a podcast for every interest and need.

### Types of Health and Wellness Podcasts: Finding Your Perfect Match

The world of health and wellness podcasts is vast and varied. To help you navigate this exciting landscape, here are some popular subgenres:

**Mindfulness and Meditation:** These podcasts guide you through meditation practices, stress reduction techniques, and mindfulness exercises. Popular choices often incorporate soothing music and guided imagery. Look for keywords like "guided meditation," "mindfulness," and "stress management" when searching.

**Nutrition and Diet:** Podcasts in this category offer advice on healthy eating, weight management, specific diets (keto, vegan, etc.), and the science behind nutrition. Look for registered dietitians or certified nutritionists as hosts to ensure credible information.

**Fitness and Exercise:** These podcasts provide workout routines, fitness tips, and motivation for staying active. You might find podcasts focusing on specific activities like yoga, running, or strength training.

**Mental Health and Wellbeing:** These podcasts tackle important topics such as anxiety, depression, self-esteem, and relationships. Many feature interviews with therapists and experts, offering valuable insights and coping strategies. Always remember that podcasts cannot replace professional help; seek professional guidance when needed.

**Holistic Wellness:** This category encompasses a broader approach to wellness, often incorporating elements of nutrition, fitness, mindfulness, and spiritual practices.

**Sleep Improvement:** Struggling to get a good night's rest? Podcasts designed for sleep often use calming soundscapes, gentle storytelling, and relaxation techniques to help you drift off to sleep.

## **Top-Rated Health and Wellness Podcasts to Check Out**

While individual preferences vary, some podcasts consistently receive high praise and have built dedicated listener communities. Remember to check reviews and preview episodes to find podcasts that resonate with you:

(Insert 3-5 highly-rated podcasts in your niche with links. Examples: Ten Percent Happier, The Doctor's Farmacy, Mind Body Green Podcast, etc. Be sure to replace these with actual popular and relevant podcasts.) Remember to include brief descriptions of each podcast, emphasizing what makes them unique and appealing.

## **How to Maximize Your Podcast Listening Experience**

To get the most out of your health and wellness podcasts, consider these tips:

**Choose the Right Time:** Find a time that works best for you, whether it's during your commute, workout, or relaxation time.

**Create a Dedicated Listening Space:** Establish a comfortable and quiet environment to fully immerse yourself in the podcast.

**Take Notes:** Jot down key takeaways, actionable steps, and inspiring quotes.

**Engage with the Community:** Join online forums or social media groups associated with your favorite podcasts to connect with other listeners.

**Be Critical:** Not all information is created equal. Always consult with healthcare professionals before making significant changes to your diet, exercise routine, or treatment plan.

## Conclusion

Health and wellness podcasts offer a powerful and accessible tool for improving your physical and mental wellbeing. By exploring the various genres, finding podcasts that resonate with your needs, and maximizing your listening experience, you can embark on a journey toward a healthier, happier, and more mindful life. Remember to listen critically, prioritize credible sources, and always consult with healthcare professionals for personalized advice.

## FAQs

1. Are health and wellness podcasts a replacement for professional medical advice? No, podcasts should be considered supplemental resources, not replacements for professional medical advice. Always consult with a doctor or qualified healthcare professional for diagnosis, treatment, and personalized guidance.
1. How can I find health and wellness podcasts that are right for me? Start by identifying your specific wellness goals. Then, use keywords related to your interests (e.g., "yoga for beginners," "plant-based nutrition," "anxiety management") when searching podcast apps like Apple Podcasts, Spotify, or Google Podcasts. Read reviews and listen to a few episodes before committing to a regular listen.
1. How much time should I dedicate to listening to health and wellness podcasts daily? There's no magic number. Start with a manageable amount of time, perhaps 15-30 minutes a day, and adjust based on your schedule and preferences. Consistency is more important than the duration of each listening session.
1. Can I listen to health and wellness podcasts while working out? Absolutely! Many find that listening to podcasts enhances their workout experience. Choose podcasts with upbeat energy or calming tones depending on your workout style. Just be mindful of safety and ensure you can still hear your surroundings if necessary.
1. Are there any podcasts specifically designed for people new to wellness? Yes! Many podcasts cater to

beginners, offering introductory information and gradual progressions. Look for keywords like "beginner," "introductory," or "for newbies" in your podcast search. You can also explore podcasts that focus on building healthy habits step-by-step.

**health and wellness podcasts: Table Manners: The Cookbook** Jessie Ware, Lennie Ware, 2020-03-05 'Beautifully put-together with wonderfully crafted, full-on flavour recipes for everyone. A proper family feast of a cookbook!' Tom Kerridge 'This is a gorgeous book.' Nigella Lawson 'Lennie and Jessie are as madly entertaining to read as they are to be around. They are also brilliant storytellers so every recipe is as personal as it could be: a classic Jewish chopped liver served on Friday night dinners, aromatic Beef Stifado eaten on Greek holidays or an orange and pistachio cake created by son and brother. I adore this family.' Yotam Ottolenghi 'This book encapsulates humour, kindness, bucket loads of love and, most importantly, good food. I'm so happy to have the Ware family in my life and in my kitchen.' Sam Smith 'damned good food' The Telegraph 'Mum. Guess what?' 'What Jessie?' 'We've written a cookbook'. 'I know darling! Do you think anyone will want to buy it?' 'Well, it's the recipes we've made our guests - the really good ones. Like the Sausage and Bean Casserole we made Ed Sheeran, the Drunken Crouton and Kale Salad we made Yotam Ottolenghi and the two Blackberry and Custard Tarts we served Nigella.' 'You ate a whole one before she arrived, darling.' 'It's a bloody good recipe mum.' Cooking through Table Manners is like having Jessie and Lennie at the table with you: brash, funny and full of opinions. In true Ware style, their cookbook is divided into Effortless, A Bit More Effort, Summertime, Desserts and Baking (thanks to Jessie's brother Alex), Chrismukkah (Christmas, Hanukkah and celebrations) and, of course, Jewish-ish Food. These delicious, easy dishes are designed for real people with busy and sometimes chaotic lives with the ultimate goal of everyone eating together so unfiltered chat can flourish.

**health and wellness podcasts: How to Fail: Everything I've Ever Learned from Things Going Wrong** Elizabeth Day, 2020-07-17 Inspired by her hugely popular podcast, How To Fail is Elizabeth Day's brilliantly funny, painfully honest and insightful celebration of things going wrong. This is a book for anyone who has ever failed. Which means it's a book for everyone. If I have learned one thing from this shockingly beautiful venture called life, it is this: failure has taught me lessons I would never otherwise have understood. I have evolved more as a result of things going wrong than when everything seemed to be going right. Out of crisis has come clarity, and sometimes even catharsis. Part memoir, part manifesto, and including chapters on dating, work, sport, babies, families, anger and friendship, it is based on the simple premise that understanding why we fail ultimately makes us stronger. It's a book about learning from our mistakes and about not being afraid. Uplifting, inspiring and rich in stories from Elizabeth's own life, How to Fail reveals that failure is not what defines us; rather it is how we respond to it that shapes us as individuals. Because learning how to fail is actually learning how to succeed better. And everyone needs a bit of that.

**health and wellness podcasts: 10% Happier** Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always

thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

**health and wellness podcasts:** *Anti-Diet* Christy Harrison, 2019-12-24 Reclaim your time, money, health, and happiness from our toxic diet culture with groundbreaking strategies from a registered dietitian, journalist, and host of the Food Psych podcast. 68 percent of Americans have dieted at some point in their lives. But upwards of 90% of people who intentionally lose weight gain it back within five years. And as many as 66% of people who embark on weight-loss efforts end up gaining more weight than they lost. If dieting is so clearly ineffective, why are we so obsessed with it? The culprit is diet culture, a system of beliefs that equates thinness to health and moral virtue, promotes weight loss as a means of attaining higher status, and demonizes certain ways of eating while elevating others. It's sexist, racist, and classist, yet this way of thinking about food and bodies is so embedded in the fabric of our society that it can be hard to recognize. It masquerades as health, wellness, and fitness, and for some, it is all-consuming. In *Anti-Diet*, Christy Harrison takes on diet culture and the multi-billion-dollar industries that profit from it, exposing all the ways it robs people of their time, money, health, and happiness. It will turn what you think you know about health and wellness upside down, as Harrison explores the history of diet culture, how it's infiltrated the health and wellness world, how to recognize it in all its sneaky forms, and how letting go of efforts to lose weight or eat perfectly actually helps to improve people's health—no matter their size. Drawing on scientific research, personal experience, and stories from patients and colleagues, *Anti-Diet* provides a radical alternative to diet culture, and helps readers reclaim their bodies, minds, and lives so they can focus on the things that truly matter.

**health and wellness podcasts:** *Intuitive Eating, 2nd Edition* Evelyn Tribole, M.S., R.D., Elyse Resch, M.S., R.D., F.A.D.A., 2007-04-01 We've all been there—angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, *Intuitive Eating* focuses on nurturing your body rather than starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: \*How to reject diet mentality forever \*How our three Eating Personalities define our eating difficulties \*How to feel your feelings without using food \*How to honor hunger and feel fullness \*How to follow the ten principles of *Intuitive Eating*, step-by-step \*How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the *Intuitive Eating* philosophy can be a safe and effective model on the path to recovery from an eating disorder.

**health and wellness podcasts:** *Deliciously Ella* Ella Woodward, 2015-03-03 From the founder of the wildly popular food blog *Deliciously Ella*, 120 plant-based, dairy-free, and gluten-free recipes with gorgeous, full-color photographs that capture the amazing things we can do with natural ingredients. In 2011, nineteen-year-old Ella Woodward was diagnosed with a rare illness that left her bed-ridden, in chronic pain, and plagued by heart palpitations and headaches. When conventional medicine failed her, Ella decided to change her diet. She gave up meat, gluten, dairy, sugar, and anything processed—and the effects were immediate: her symptoms disappeared, her energy returned, and she was able to go off all her medication. A self-confessed sweet tooth, Ella taught herself how to make delicious, plant-based meals that delight the palette and improve overall well-being. *Deliciously Ella* is an essential, how-to guide to clean, plant-based eating, taking you through the best ingredients and methods for preparing easy, exciting meals. This is not a diet—it's

about creating a new mindset that embraces fantastic food. From sweet potato brownies to silky chocolate mousse and roasted butternut squash risotto and homemade fries and ketchup, Ella shares 100 brand-new recipes and twenty classics in her signature, elegant style. Packed with vivid photos and simple, foolproof instructions, Deliciously Ella provides a foundation for a pure, unprocessed, unrefined diet, so you can look and feel better while enjoying great food.

**health and wellness podcasts: Nutrition Diva's Secrets for a Healthy Diet** Monica Reinagel, 2011-03-01 Tired of trying to figure out what you should be eating for breakfast, or whether it's ever OK to eat before going to bed? Want to know which type of milk, or cereals, or meats are best so that food shopping is easier? Millions of people already eat, look, and feel better thanks to popular podcast host and board-certified nutritionist Monica Reinagel. In her highly-anticipated guidebook she sorts through all the conflicting nutrition information out there and busts outdated food myths, so you'll know exactly what to eat (and what to avoid) once and for all. Don't worry if pasta makes you happy, if chocolate keeps you sane, or if you just can't stand broccoli; no food is off limits and none is required. Instead, Monica walks you through every aisle of the grocery store and through each meal and snack of the day, helping you make healthier choices and answering your burning questions, including: - How often should you eat? - Which organic foods are worth the extra cost? - Does cooking vegetables destroy the vitamins? - Should foods be combined in certain ways for better digestion? Complete with grocery shopping lists, simple, delicious recipes, and sample meal plans, Nutrition Diva's Secrets for a Healthy Diet will have you feeling healthier, looking better than ever before, and no longer worrying about what to eat for dinner.

**health and wellness podcasts: The Genius Life** Max Lugavere, 2020-03-17 The author of the New York Times bestselling Genius Foods offers a lifestyle program for resetting your brain and body to their “factory settings”—to help fight fatigue, anxiety, and depression and to optimize cognitive health for a longer and healthier life. The human body was honed under conditions that no longer exist. The modern world has changed dramatically since our days as hunter gatherers, and it has caused widespread anxiety, stress, and disease, leaving our brains in despair. But science proves that the body and brain can be healed with the intervention of lifestyle protocols that help us to regain our cognitive birthright. In The Genius Life, Lugavere expands the Genius Foods plan, which focused on nutrition and how it affects brain health, and expands it to encompass a full lifestyle protocol. We know now that the health of our brains—including our cognitive function and emotional wellness—depend on the health of our gut, endocrine, cardiac and nervous systems as there is a constant feedback loop between all systems. Drawing on globe-spanning research into circadian biology, psychology, dementia prevention, cognitive optimization, and exercise physiology, The Genius Life shows how to integrate healthy choices in all aspects of our daily routines: eating, exercising, sleeping, detoxing, and more to create a healthy foundation for optimal cognitive health and performance. Among Max's groundbreaking findings, you will discover: · A trick that gives you the equivalent of a “marathon” workout, in 10 minutes · How to get the benefits of an extra 1-2 servings of veggies daily without eating them · The hidden chemicals in your home that could be making you fat and sick · How to boost melatonin levels by up to 58% for deeper sleep without supplements The book features an achievable prescriptive 21-day plan for Genius Living that includes daily workouts, meal plans, and meal prep tips, and accompanied with helpful suggestions for healthy swaps and snacks

**health and wellness podcasts: The Courage Habit** Kate Swoboda, 2018-05-01 What kind of life would you live if you didn't allow your fears to hold you back? The Courage Habit offers a powerful program to help you conquer your inner critic, work toward your highest aspirations, and build a courageous community. Are your fears preventing you from living the life you truly want? Do you ever wish that you had a better job, lived in a different city, or had more authentic and nurturing relationships? Many people believe that they would do more, accomplish more, and feel more fulfilled if only they could rid themselves of that fearful inner voice that constantly whispers, “you can't do it.” In The Courage Habit, certified life coach Kate Swoboda offers a unique program based in cognitive behavioral therapy (CBT) and acceptance and commitment therapy (ACT) to help you

act courageously in spite of fear. By identifying your fear triggers, releasing yourself from your past experiences, and acting on what you truly value, you can make courage a daily habit. Using a practical four-part program, you'll learn to understand the emotions that arise when fears are triggered, and to pause and evaluate your emotional state before you act. You'll discover how to listen without attachment to the self-defeating messages of your inner critic, understand the critic's function, and implement respectful boundaries so that your inner voice no longer controls your behavior. You'll reframe self-limiting life narratives that can—without conscious awareness—dictate your day-to-day decisions. And finally, you'll nurture more authentic connections with family, friends, and community in order to find support and reinforce the life changes you're making. If you feel like something is holding you back from landing your dream job, moving to a new city, having a satisfying love relationship, or simply taking advantage of all life has to offer—and if you have a sneaking suspicion that that something is you—then this one-of-a-kind guide will show you how to finally break free from self-doubt and start living your best life.

**health and wellness podcasts: I Heart My Life** Emily Williams, 2019-06-04 Written by entrepreneurial phenomenon Emily Williams, *I Heart My Life* is a guidebook for women to change their money mindset, get clarity on what they want and start living the life of their dreams. *I Heart My Life* is a guide for living life in a different way to everyone else--going for your desires and no longer letting doubt, shame, insecurity or other people's judgment stop you from moving forward with that something big you know you're meant for. It brings together mindset, money beliefs, success principles, vulnerability, and real-life stories of women who have made their career and life dreams come true. Emily Williams once couldn't even get a job at Starbucks. Yet she went on to move to a new country, clear \$30k in credit card debt and build a seven-figure coaching business from scratch. Having worked for years with thousands of women around the world to release what holds them back from the success they want, Emily is now sharing all her most powerful tools to help women radically transform their lives. In this book, you'll discover how to: cultivate a success mindset and trust the intelligence within your heart become clear about what you really want--then, go after it embrace gratitude as a driver for your ambition and success get big results and handle things when they don't go as planned be consistent, persistent and confident on the path towards your dreams Whether you're dreaming of starting your own business, getting ahead in your career, or just experience more joy, adventure and fulfilment in your life, *I Heart My Life* will catapult you toward your greatest desires.

**health and wellness podcasts: Healthier Together** Liz Moody, 2019-04-09 A healthy cookbook to share with a partner, featuring more than 100 recipes designed to nourish your bodies and souls. An Epicurious Best Cookbook for Spring • "Healthier Together focuses on real whole foods and bringing community together."—Kelly LeVeque, celebrity nutritionist and bestselling author of *Body Love* Food writer and health blogger Liz Moody once followed trendy diets and ate solely for fuel, not for flavor. That changed when she met her soon-to-be-boyfriend and they started cooking nutrient- and vegetable-rich meals. She not only fell in love with food again, but she also discovered that setting goals and sticking to them is easier and more gratifying when paired with someone else. Mincing garlic and sautéing onions together eventually led the couple to marriage—proving that good food really is the universal connector! These 100+ flavor-packed recipes are designed to be cooked and enjoyed by two people, plus they're all gluten-free, dairy-free, and plant-centered. They include homemade alternatives for all the foods you love to share, such as brunch, takeout, and sweet treats. Indulge in Cardamom Banana Bread Pancakes with Candied Coffee Walnuts, Cornflake "Fried" Chicken, General Tso's Cauliflower, and Chocolate Tahini Brownie Bites. Pick your partner—near or far—and get ready to get healthy. Praise for *Healthier Together* "This cookbook is one you'll be reaching for time and time again when you need healthy food that is satisfying and delicious."—Tieghan Gerard "Liz Moody offers heaps of tasty recipes packed with great ingredients."—Real Simple "Healthier Together is a brilliant concept! Cooking with a friend/partner/mom is so much better than cooking alone, plus having a partner will keep you both accountable on your healthy eating journey."—Gina Homolka "Liz does an amazing job helping you

make delicious food in a way that is both feasible and fun.”—Rachel Mansfield “Liz’s book overflows with food made to share, healthy but with all the comfort and flavor that brings happy people around the table.”—Daphne Oz “Liz’s message is profound, yet so simple . . . you need to have both whole foods and whole, real relationships to truly be healthy and happy. This book makes eating healthy a celebration, not a sacrifice, and it brings an arsenal of fresh and flavorful recipes that are fun to make and eat!”—Jeanine Donofrio

**health and wellness podcasts: The 17 Day Diet** Dr Mike Moreno, 2011-05-12 Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate—the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate—the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve—this phase is about learning to control portions and introducing new fitness routines; Arrive—A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

**health and wellness podcasts: Fitness Confidential** Vinnie Tortorich, Dean Lorey, 2013 For decades, Vinnie Tortorich has been Hollywood's go-to guy for celebrities and athletes looking to get fit fast. Now, in this hilarious, R-rated memoir, Hollywood's most outrageous personal trainer exposes the fitness world while getting you into shape. --P. [4] of cover.

**health and wellness podcasts: The Food Medic** Hazel Wallace, 2017-05-04 Junior Doctor, personal trainer and Instagram hit Dr Hazel Wallace's first book brings you over 70 nutritional recipes to look and feel amazing whilst debunking the diet myths. 'I'm a girl who juggles two jobs, who loves to lift, who adores real food - and can't resist chocolate. As a junior doctor and a personal trainer, I know that we all feel our best when we are free of illness, full of energy and at a healthy weight - and I know it can be done, even if you lead the busiest of lives! I want to debunk the myths that are out there surrounding dieting and instead offer solid, evidence-based advice. I want to bridge the gap between mainstream medicine and nutrition and help you take full control of your fitness and wellbeing, so you will never have to diet again. I want to show you that eating the most natural, unrefined and unprocessed wholefood ingredients can be enjoyable, uncomplicated and easy to incorporate into a busy lifestyle. I want this book to change your life.' Hazel x

**health and wellness podcasts: The South Asian Health Solution** Ronesh Sinha, MD, 2014-01-03 The South Asian Health Solution is the first book to provide an ancestral health-based wellness plan culturally tailored for those of South Asian ancestry living in India, the United States and across the world - a population identified as being at the highest risk for heart disease, diabetes, obesity, and related conditions. Dr. Ronesh Sinha, an internal medicine specialist in California's Silicon Valley, sees high risk South Asian patients and runs education and wellness programs for corporate clients. He has taken many South Asians out of the high risk, high body mass category and helped them reverse disease risk factors without medications. His comprehensive lifestyle modification approach has been validated by cutting edge medical science and the real-life success stories he profiles throughout the book.

**health and wellness podcasts: The SuperFoodsRx Diet** Wendy Bazilian, Steven Pratt, Kathy Matthews, 2008-12-23 Blockbuster bestseller SuperFoodsRx identified a variety of SuperFoods that prevent disease and significantly improve health. In this follow-up diet plan, The Superfoods Rx Diet—fully tested in two intensive 30-day trials involving more than 100 volunteers—authors Wendy Bazilian, DrPH, MA, RD, Steve Pratt, MD, and Kathy Matthews show how a diet rich in these

powerhouse nutrients also helps one to lose weight. The Los Angeles Times listed the hardcover edition in its list of notable weight-loss books. And all across the nation the verdict from satisfied, successful dieters is coming in fast—this is a weight-loss program that health-conscious dieters want to make their lifetime eating plan.

**health and wellness podcasts: Mast Cells United: A Holistic Approach to Mast Cell Activation Syndrome** Amber Walker, 2019-03-16 At 542 pages and referencing over 1200 academic articles, this book is the longest and most thorough resource on mast cell activation syndrome (MCAS) to date. Allergies and anaphylaxis are on the rise, alongside gastrointestinal problems, skin issues, fatigue, orthopedic pain, neurological symptoms, and just about everything in between. Patients are coming out of the woodwork with chronic, debilitating, often invisible illness. Recent research estimates that 14%-17% of the population may have mast cell activation disease. Much of the medical community has never heard of the condition, and existing mainstream treatment tends to focus predominantly on pharmacological management. However, once a patient has reached a stable baseline, there are a number of other individualized approaches that can guide patients to successfully address the underlying root issues. This book includes: 1) an in-depth overview of mast cell activation disease, with a focus on mast cell activation syndrome (MCAS); 2) a patient story describing life with MCAS; 3) a detailed literature review and current hypotheses for disease origins; 4) a practical guide of clinical considerations for diagnosis; 5) a chapter devoted to comorbid conditions, including Ehlers-Danlos syndrome, POTS, Lyme disease and much more; 6) several chapters devoted to mainstream and natural treatment options, dietary considerations, and strategies for holistic healing; 7) content from dozens of interviews with prominent MCAS experts, including specialists in allergy/immunology, hematology, functional medicine, naturopathy, psychology, nutrition, gastroenterology, physical therapy, clinical research, and more! Whether a patient, medical practitioner, or family member/friend, this book empowers readers and provides patients with concrete steps to move forward in the diagnosis and comprehensive treatment of mast cell activation syndrome.

**health and wellness podcasts: Radical Belonging** Lindo Bacon, 2020-11-10 Belonging has been a formative struggle for me. Like most people with marginalized identities, my experience has taught me that it's hard to be yourself and feel like you belong in a culture that is hostile to your existence. That's why my body of work as a scientist, author, professor, speaker, and advocate for body liberation always comes back to the impact of belonging or not belonging. Radical Belonging is my manifesto, helping us heal from the individual and collective trauma of injustice and support our transition from a culture of othering to one of belonging. —Lindo Bacon Too many of us feel alienated from our bodies. This isn't your personal failing; it means that our culture is failing you. We are in the midst of a cultural moment. #MeToo. #BlackLivesMatter. #TransIsBeautiful. #AbleismExists. #EffYourBeautyStandards. Those of us who don't fit into the mythical norm (white, male, cisgender, able-bodied, slender, Christian, etc.)—which is to say, most of us—are demanding our basic right: To know that who we are matters. To belong. Being othered and the body shame it spurs is not just a feeling. Being erased and devalued impacts our ability to regulate our emotions, our relationships with others, our health and longevity, our finances, our ability to realize dreams, and whether we will be accepted, loved, or even safe. Radical Belonging is not a simple self-love treatise. Focusing only on self-love ignores the important fact that we have negative experiences because our culture has targeted certain bodies and people for abuse or alienation. For marginalized people, a focus on self-love can be a spoonful of sugar that makes the oppression go down. This groundbreaking book goes further, helping us to manage the challenges that stem from oppression and moving beyond self-love and into belonging. With Lindo Bacon's signature blend of science and storytelling, Radical Belonging addresses the political, sociological, psychological and biological underpinnings of your experiences, helping you understand that the alienation and pain you are experiencing is not personal, but human. The problem is in injustice, not you as an individual. So many of us feel wounded by a culture that has alienated us from our bodies and divided us from each other. Radical Belonging provides strategies to reckon with the trauma of injustice; reclaim yourself,

body and soul; and rewire your nervous system to better cope within an unjust world. It also provides strategies to help us all provide refuge for one another and create a culture of equity and empathy, one that respects, includes, and benefits from all its diverse peoples. Whether you are transgender, queer, Black, Indigenous or a Person of Color, disabled, old, or fat—or your more closely resemble the mythical norm—Radical Belonging is your guidebook for creating a world where all bodies are valued and all of us belong—and for coping with this one, until we make that new world a reality.

**health and wellness podcasts: HypnoBirthing, Fourth Edition** Marie Mongan, 2015-12-08 HypnoBirthing® has gained momentum around the globe as a positive and empowering method of childbirth. In fact, more than 25,000 books were sold in 2014 through the author's website alone, and according to Nielsen BookScan, over 70,000 were sold through reporting retailers since its publication in 2005. Here's why: HypnoBirthing helps women to become empowered by developing an awareness of the instinctive birthing capability of their bodies. It greatly reduces the pain of labor and childbirth; frequently eliminates the need for drugs; reduces the need for caesarian surgery or other doctor-controlled birth interventions; and it also shortens birthing and recovery time, allowing for better and earlier bonding with the baby, which has been proven to be vital to the mother-child bond. What's more, parents report that their infants sleep better and feed more easily when they haven't experienced birth trauma. HypnoBirthing founder Marie Mongan knows from her own four births that it is not necessary for childbirth to be a terribly painful experience. In this book she shows women how the Mongan Method works and how parents they can take control of the greatest and most important event of their lives. So, why is birth such a traumatic event for so many women? And why do more than 40% of births now end in caesarian section, the highest percentage in history? The answer is simple: because our culture teaches women to fear birth as a painful and unsettling experience. Fear causes three physical reactions in the body—tightening of the muscles, reduced blood flow to the birthing muscles, and the release of certain hormones—which increase the pain and discomfort of childbirth. This is not hocus-pocus; this is science.

**health and wellness podcasts: The Autoimmune Wellness Handbook** Mickey Trescott, Angie Alt, 2016-11-01 The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.

**health and wellness podcasts: Cleaning Up Your Mental Mess** Dr. Caroline Leaf, 2021-03-02 Toxic thoughts, depression, anxiety--our mental mess is frequently aggravated by a chaotic world and sustained by an inability to manage our runaway thoughts. But we shouldn't settle into this mental mess as if it's just our new normal. There's hope and help available to us--and the road to healthier thoughts and peak happiness may actually be shorter than you think. Backed by clinical research and illustrated with compelling case studies, Dr. Caroline Leaf provides a scientifically proven five-step plan to find and eliminate the root of anxiety, depression, and intrusive thoughts in your life so you can experience dramatically improved mental and physical health. In just 21 days, you can start to clean up your mental mess and be on the road to wholeness, peace, and happiness.

**health and wellness podcasts: Beyond Labels** Sina McCullough, Joel Salatin, 2020-06-12 If you are overwhelmed by conflicting diet advice, or you don't know where to start or who to trust, Beyond

Labels will help you figure out what to put on your plate. Joel Salatin, a farmer who is blazing the trail for regenerative farm practices, and Sina McCullough, a Ph. D. in Nutrition who actually understands unpronounceable carbon chains, bring you on a journey from generally unhealthy food and farming to an ultimately healing place. Through compelling discussions and humor, they share practical and easily doable tips including: what to eat, how to find it and prepare it, how to save money and time in the kitchen, and how to stay true to your principles in our modern culture. Whether you are just starting your health journey or you grow all of your own food, this book is designed to meet you where you are and motivate you to take the next step in your healing journey - ultimately bringing you closer to health, happiness, and freedom.--Back cover

**health and wellness podcasts: You Can Drop It!** Ilana Muhlstein, 2020-05-12 Most Registered Dietitian Nutritionists Couldn't Claim This— "I Lost 100 Pounds and Now I'm Sharing How I Did It with You!" MORE THAN 240,000 CLIENTS CAN'T BE WRONG! My name is Ilana Muhlstein and I wrote You Can Drop It! to help you learn my personal and proven system to drop weight and keep it off—without sacrifice—and it's so simple that you'll love it! This unique approach has become famous thanks to my renowned 2B Mindset program. The 2B Mindset is designed with the built-in ability for customization so that it is optimally effective and can work for everyone. It has already helped thousands of people lose weight—some more than 100 pounds—while never asking them to go hungry or cut out the foods that they love. You Can Drop It! doesn't just give you the key knowledge you need to lose weight. It adds motivational principles and real-life examples and it's the perfect complement to my successful program. No counting calories! No portion control! No feeling hungry! No off-limits foods! No exercise required! Finally—weight loss with FREEDOM! Here's Exactly Why YOU CAN DROP IT! Will Work: You're going to feel full and satisfied. (You can still eat comforting foods, in big portions, and enjoy 50+ delicious recipes inside.) You'll eat the foods you love. (Nothing is off-limits, not even dessert or a glass of wine.) You'll be in control. (Say goodbye to emotional and mindless eating.) You can finally keep off the weight! (These powerful weight-loss tools will be yours for life.) The 2B Mindset method changed my life. I struggled with yo-yo dieting the whole first half of my life. I was always the big one in the group. By the time I turned 13, I weighed over 200 pounds, and I felt terrible about myself. That's when I realized I had to break the cycle. Through trial and error, and lots of research, I discovered a simple and effective way to lose weight, while still eating large portions and the foods I loved. Over time, I lost 100 pounds, and kept the weight off. . . even after having two beautiful children. My secret? It's called the 2B Mindset. It has helped thousands of my clients lose weight too—and now it will help you.

**health and wellness podcasts: Coconuts & Kettlebells** Noelle Tarr, Stefani Ruper, 2018-08-07 Achieve lasting health—without cutting calories or following dieting "rules"! Instead of obsessing about the quantity of food you eat, shift your focus to the quality, say Noelle Tarr and Stefani Ruper. The popular hosts of the Well-Fed Women podcast want you to make sure you're getting enough food so that your body has the fuel and nourishment it needs to support a healthy, long, and energetic life. Noelle and Stefani know firsthand about the ups and downs of dieting. Like many people, they have struggled with confusing and frustrating health issues such as anxiety, infertility, and hormonal imbalance—but when they discovered that the secret to improving wellness was actually more food, they ditched the calorie counters and gave their bodies the nourishment they needed to heal. In the Coconuts and Kettlebells program, you'll eat at least 2,000 calories a day—setting a minimum intake of fat, protein, and carbohydrates to ensure that your diet is full of nutrients. Noelle and Stefani identify the Big Four foods that cause the most health problems—grains, dairy, vegetable oils, and refined sugar. While many diets require you to eliminate these foods entirely, Coconuts and Kettlebells provides an easy-to-follow step-by-step system to test these foods and determine which you need to cut back on to feel better—and which you can eat without restrictions. To help you discover how your body responds to the Big Four, you'll choose from two simple 4-week meal plans: one for Butter Lovers, people who tend to feel more satisfied eating higher ratios of fats, and one for Bread Lovers, people who tend to feel more satisfied eating higher ratios of carbs. Each meal plan comes with weekly shopping lists and instructions on how to

batch cook, meal prep, and stock the pantry. In addition, you get more than 75 simple and delicious real food recipes, including: • Kale and Bacon Breakfast Skillet • Raspberry-Coconut Smoothie Bowl • Thai Coconut Curry Shrimp • Apple-Chicken Skillet • Moroccan Lamb Meatballs • Grilled Balsamic Flank Steak • Chocolate-Cherry Energy Bites • Lemon-Raspberry Mini Cheesecakes To go along with the meal plans, you'll find three 4-week fitness plans tailored to beginner, intermediate, and advanced experience levels. Best of all, the workouts can be done anywhere—at your home or on the road—and take no more than 30 minutes each. A comprehensive whole-body program, *Coconuts and Kettlebells* provides the knowledge and tools you need to be healthy inside and out.

**health and wellness podcasts: *Move Your DNA*** Katy Bowman, 2015-02-27

**health and wellness podcasts: *Sweet Sorrow*** Sherry Cormier, 2018-09-08 Few of us know how to navigate the territory of traumatic loss successfully. *Sweet Sorrow* shows how we can respond and grow stronger from loss and suffering. Written by a psychologist and certified bereavement trauma specialist in the decade following the loss of her husband, father, mother, and only sibling, this carefully considered work provides perspective on grief and healing over time. This longer-term approach allows readers to have a more complete and accurate picture of the oscillations of grief over time. The book describes not only the immediate agony of the author's losses, but also the process of starting over and making a successful new life as a single person full of hope and joy. *Sweet Sorrow* combines the author's psychological expertise and clinical experience with the compelling art of memoir to illuminate the surprising ways in which loss survivors can grow and even thrive to achieve wholeness after heartbreaking, traumatic losses. Using findings from post-traumatic growth, as well as evidence-based psychological approaches, *Sweet Sorrow* illustrates through story and example, ways for grief survivors to start over, to manage chaos and stress, to let go, and to heal with new strategies and re-storying. *Sweet Sorrow* also provides resources and recommendations for self-care, as well as tips and suggestions for all of us trying to respond creatively and helpfully to those around us suffering loss. Ultimately, *Sweet Sorrow* is a book of inspiration intended to accompany readers through the processes of loss and grief much like a helpful Sherpa might guide a lost traveler.

**health and wellness podcasts: *Practice You*** Elena Brower, 2017-09-19 When the way forward seems uncertain, where can we turn for guidance we can trust? For yoga luminary, meditation teacher, and artist Elena Brower, the answer has always been close at hand. Whenever I've needed direction, strength, or centering, I've so often turned to my own journals. Why? Because many of the answers we seek are found within ourselves. Now, for those compelled to the pen and page, Elena invites us to gather our own wisdom through writing, self-inquiry, and reflection. *Practice You* is a portable sacred sanctuary to record our flashes of insight, find our ground, create and clarify our goals, and bear witness to our own evolution. With more than 150 beautiful pages of questions, teachings, inspiring imagery, and plenty of space to write, draw, and reflect, this journaling adventure guides us into nine compelling portals to our highest ways of living.

**health and wellness podcasts: *8 Wise Ways: To A Healthy Happier Mind*** Kim Rutherford, 2021-05-06 One in four people will experience a mental health problem of some kind each year. *8 Wise Ways for a Happier Healthier Mind* is a mental health and wellness guide relevant for modern life. It introduces the 8Wise(TM) method for developing optimal mental health and wellbeing in a complete manual and workbook. With an inspired approach to 'Prevention is better than cure', it provides a treatment plan for both the one in four' experiencing mental health problems and also the 'other three' as a prevention tool. This is an essential guide for anyone experiencing life-changing events, challenges and traumas, who want to protect their long term mental health through a simple yet effective approach. The 8Wise(TM) method is accessible for people who are very busy and often find they have little time to spend on themselves.

**health and wellness podcasts: *Yoga Girl*** Rachel Brathen, 2015-03-24 A New York Times bestseller from the yoga instructor who inspires more than one million followers on Instagram every day. Whether she's practicing handstands on her stand-up paddleboard or teaching Downward-Facing Dog to the masses, Rachel Brathen—Instagram's @Yoga\_Girl—has made it her

mission to share inspirational messages with people from all corners of the world. In *Yoga Girl*, Brathen takes readers beyond her Instagram feed and shares her journey like never before—from her self-destructive teenage years in her hometown in Sweden to her adventures in the jungles of Costa Rica, and finally to the beautiful and bohemian life she's built through yoga and meditation in Aruba today. Featuring spectacular photos of Brathen practicing yoga with breathtaking tropical backdrops, along with step-by-step yoga sequences and simple recipes for a healthy, happy, and fearless lifestyle—*Yoga Girl* is like an armchair vacation to a Caribbean spa.

**health and wellness podcasts:** *The Hilarious World of Depression* John Moe, 2020-05-05  
One of Today's Ten Best Inspirational Books, 2020 By the creator and host of the acclaimed mental health podcast Depresh Mode with John Moe [A] path to deeper understanding and openness, by way of laughter in the dark —The New York Times Book Review Filled with heart, humor and hope. —People A funny, honest book. —Neil Gaiman Candid and funny and intimate. —Susan Orlean For years John Moe, critically-acclaimed public radio personality and host of *The Hilarious World of Depression* podcast, struggled with depression; it plagued his family and claimed the life of his brother in 2007. As Moe came to terms with his own illness, he began to see similar patterns of behavior and coping mechanisms surfacing in conversations with others, including high-profile comedians who'd struggled with the disease. Moe saw that there was tremendous comfort and community in open dialogue about these shared experiences and that humor had a unique power. Thus was born the podcast *The Hilarious World of Depression*. Inspired by the immediate success of the podcast, Moe has written a remarkable investigation of the disease, part memoir of his own journey, part treasure trove of laugh-out-loud stories and insights drawn from years of interviews with some of the most brilliant minds facing similar challenges. Throughout the course of this powerful narrative, depression's universal themes come to light, among them, struggles with identity, lack of understanding of the symptoms, the challenges of work-life, self-medicating, the fallout of the disease in the lives of our loved ones, the tragedy of suicide, and the hereditary aspects of the disease. *The Hilarious World of Depression* illuminates depression in an entirely fresh and inspiring way.

**health and wellness podcasts:** *Thrive* Arianna Huffington, 2014-03-25 In *Thrive*, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as *Thrive* shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in *Thrive*, includes our well-being, our ability to

draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business deadlines and family crises, a harried dance that led to her collapse and to her aha moment. Drawing on the latest groundbreaking research and scientific findings in the fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

**health and wellness podcasts:** Eat to Beat Disease William W Li, 2019-03-19 Eat your way to better health with this New York Times bestseller on food's ability to help the body heal itself from cancer, dementia, and dozens of other avoidable diseases. Forget everything you think you know about your body and food, and discover the new science of how the body heals itself. Learn how to identify the strategies and dosages for using food to transform your resilience and health in Eat to Beat Disease. We have radically underestimated our body's power to transform and restore our health. Pioneering physician scientist, Dr. William Li, empowers readers by showing them the evidence behind over 200 health-boosting foods that can starve cancer, reduce your risk of dementia, and beat dozens of avoidable diseases. Eat to Beat Disease isn't about what foods to avoid, but rather is a life-changing guide to the hundreds of healing foods to add to your meals that support the body's defense systems, including: Plums Cinnamon Jasmine tea Red wine and beer Black Beans San Marzano tomatoes Olive oil Pacific oysters Cheeses like Jarlsberg, Camembert and cheddar Sourdough bread The book's plan shows you how to integrate the foods you already love into any diet or health plan to activate your body's health defense systems-Angiogenesis, Regeneration, Microbiome, DNA Protection, and Immunity-to fight cancer, diabetes, cardiovascular, neurodegenerative autoimmune diseases, and other debilitating conditions. Both informative and practical, Eat to Beat Disease explains the science of healing and prevention, the strategies for using food to actively transform health, and points the science of wellbeing and disease prevention in an exhilarating new direction.

**health and wellness podcasts:** Holistic Nutrition Kate Callaghan, 2016-09-01 Finally, a food, fitness and lifestyle approach that makes sense for women from the dietary advisor to Sarah Wilson's 'I Quit Sugar' program! Find out why too much exercise, under-eating and low-carb diets do not work for women ... and what to do instead. For many years we have been led to believe that the best way to lose weight is just to 'eat less and exercise more'. However, for many women, this just does not work and, in fact, can actually restrict weight loss and facilitate weight gain. Worse than this is the damage it can do to women's hormonal health in the long term; creating thyroid issues, metabolic syndrome, pre-diabetes, heart conditions and menstrual disruption. Not to mention that it can affect mood and be a precursor for depression! Registered dietician and trainer Kate Callaghan understands this all too well. For years she exercised for two hours a day and ate less than 1200 calories. She looked like a bundle of muscle with 13% body fat and a sixpack, but she lost her period, developed osteoporotic bones and discovered she was infertile. As a fitness professional, she was horrified by what she had done to herself. So she set about reconstructing her health, a process she explains in The Holistic Nutritionist for the benefit of other women. Kate writes: 'Are you a WO-MAN? Yes? Then you need this book! Holistic Nutrition is written for women like me who find themselves up the hormonal creek without a paddle after years of over-exercising and under-eating, and being an absolute stress-head. 'I wrote this book for the women who might have been following a Paleo-style diet, which is working great for Joe-next-door, but it seemed to make them fatter and more tired. I wrote it for the women who have been told that they will be unable to fall pregnant naturally, will need fertility treatment and have been offered no alternatives. I wrote it for the

women who need to lose weight and are advised, 'Just eat less and exercise more', even though they have been doing that to no avail for the past umpteen years. I wrote it for the women who are sick and tired of being told that their hormones-gone-bad symptoms are 'just-a-fact-of-being-a-lady-and-acceptit- or-take-a-pill'. In a very down-to-earth and conversational manner, Kate completely demystifies the science behind female hormones and how they are affected by diet, exercise and stress. She explains why low-carb diets do not help women achieve optimum health and can in fact cause serious health issues. Using her years of industry experience and training in dietetics, as well as the latest in scientific research, Kate outlines the ways in which women can help nourish their bodies to not only look good, but feel confident and beautiful in their own skin. Kate covers vital points for women of all ages and lifestyles, from the athletes to the new mums, from the hard-charging cross-fitters to those just wanting to sleep better and have more energy.

**health and wellness podcasts:** *Where Your Mind Goes, You Go: A Mental Journey Toward a Healthy Body And a Successful Life* Clark Bartram, 2015-10-25 After one short month of Training your brain with fitness guru Clark Bartram, you'll be ready to conquer the world with more energy, less stress, richer relationships and a better body. **health and wellness podcasts:** *The Rain Barrel Effect* Stephen Cabral, 2018-03-24 Discover the 6,000 year old secret to finally getting well, losing weight and feeling alive again! Every year we spend more and more on healthcare, research and pharmaceuticals, yet every year the rate of auto-immune, Alzheimer's, digestive disorders, diabetes and diseases of all types continue to rise. Soon 1 out of 2 people will get cancer in their life time and 2 out of 3 people will be overweight. Clearly what we're doing is not working and there must be something that's being overlooked... It turns out the answer is simpler than we think and it lies in the oldest form of medicine in the world. The Rain Barrel Effect explains exactly how we get sick, put on weight, and begin to breakdown over time, as well as how to reverse that process and take back control of your life!

**health and wellness podcasts:** *Recovery* Russell Brand, 2017-10-03 A guide to all kinds of addiction from a star who has struggled with heroin, alcohol, sex, fame, food and eBay, that will help addicts and their loved ones make the first steps into recovery "This manual for self-realization comes not from a mountain but from the mud...My qualification is not that I am better than you but I am worse." —Russell Brand With a rare mix of honesty, humor, and compassion, comedian and movie star Russell Brand mines his own wild story and shares the advice and wisdom he has gained through his fourteen years of recovery. Brand speaks to those suffering along the full spectrum of addiction—from drugs, alcohol, caffeine, and sugar addictions to addictions to work, stress, bad relationships, digital media, and fame. Brand understands that addiction can take many shapes and sizes and how the process of staying clean, sane, and unhooked is a daily activity. He believes that the question is not "Why are you addicted?" but What pain is your addiction masking? Why are you running—into the wrong job, the wrong life, the wrong person's arms? Russell has been in all the twelve-step fellowships going, he's started his own men's group, he's a therapy regular and a practiced yogi—and while he's worked on this material as part of his comedy and previous bestsellers, he's never before shared the tools that really took him out of it, that keep him clean and clear. Here he provides not only a recovery plan, but an attempt to make sense of the ailing world.

**health and wellness podcasts:** *Unwinding Anxiety* Judson Brewer, 2021-03-09 New York Times and Wall Street Journal bestseller A step-by-step plan clinically proven to break the cycle of worry and fear that drives anxiety and addictive habits We are living through one of the most anxious periods any of us can remember. Whether facing issues as public as a pandemic or as personal as having kids at home and fighting the urge to reach for the wine bottle every night, we are feeling overwhelmed and out of control. But in this timely book, Judson Brewer explains how to uproot anxiety at its source using brain-based techniques and small hacks accessible to anyone. We

think of anxiety as everything from mild unease to full-blown panic. But it's also what drives the addictive behaviors and bad habits we use to cope (e.g. stress eating, procrastination, doom scrolling and social media). Plus, anxiety lives in a part of the brain that resists rational thought. So we get stuck in anxiety habit loops that we can't think our way out of or use willpower to overcome. Dr. Brewer teaches us to map our brains to discover our triggers, defuse them with the simple but powerful practice of curiosity, and to train our brains using mindfulness and other practices that his lab has proven can work. Distilling more than 20 years of research and hands-on work with thousands of patients, including Olympic athletes and coaches, and leaders in government and business, Dr. Brewer has created a clear, solution-oriented program that anyone can use to feel better - no matter how anxious they feel.

**health and wellness podcasts: Cancer Hacks** Elissa Goodman, 2016-06-19 In Cancer hacks, Goodman has put together a comprehensive plan designed to offer some common-sense, natural and holistic advice to deal with the fear and uncertainty so many people face when confronted by this terrible disease.
