

how to become a health and wellness coach

How to Become a Health and Wellness Coach: Your Step-by-Step Guide to a Rewarding Career

Are you passionate about helping others achieve their health and wellness goals? Do you find fulfillment in guiding people towards a healthier lifestyle? If so, a career as a health and wellness coach might be the perfect fit for you. This comprehensive guide will walk you through the steps to becoming a successful health and wellness coach, covering everything from education and certification to building your client base and marketing your services. Get ready to embark on a journey that blends your passion with a thriving career.

1. Self-Reflection and Defining Your Niche: Finding Your Focus

Before diving into certifications and courses, take some time for introspection. What aspects of health and wellness are you most passionate about? Do you gravitate towards nutrition, fitness, stress management, or a combination of these areas? Defining your niche is crucial. Specializing allows you to become an expert in a specific area, attracting clients who are seeking your unique expertise. Consider these questions:

What are your strengths and skills? Are you a gifted communicator? Do you excel at creating personalized workout plans? Are you knowledgeable about specific dietary needs? What health and wellness areas genuinely excite you? Your passion will be contagious and will make your work more rewarding. Who is your ideal client? Identifying your target audience will help you tailor your services and marketing efforts effectively. Are you focusing on corporate wellness, athletes, new mothers, or a specific age group?

This self-assessment will form the foundation of your coaching business. A clear understanding of your niche will guide your education and marketing strategies, ensuring you attract the right clients and build a sustainable career.

2. Education and Certification: Gaining Credibility and Knowledge

Becoming a certified health and wellness coach is a critical step in establishing your credibility and expertise. While there isn't a single universally mandated certification, several reputable organizations offer comprehensive programs. Research different programs carefully, considering factors like:

Accreditation: Choose a program accredited by a recognized organization, ensuring the quality and rigor of the curriculum.

Curriculum: Look for programs that cover essential areas like nutrition basics, exercise physiology,

behavior change strategies, coaching methodologies, business and marketing principles, and ethical considerations.

Program Length and Format: Consider whether you prefer online, in-person, or hybrid learning options. The program's length should align with your time commitment and learning style.

Cost: Compare the tuition fees and any additional expenses associated with the program.

Continuing Education Requirements: Many certifications require ongoing professional development, ensuring you stay updated with the latest research and best practices.

Popular certification bodies include the International Coaching Federation (ICF), the National Board for Health and Wellness Coaching (NBHWC), and the American Council on Exercise (ACE), among others. Choosing the right program is a significant investment, so thorough research is crucial.

3. Building Your Coaching Skills: Practical Application and Mentorship

Certification provides a solid foundation, but practical application is equally important. Consider these ways to hone your coaching skills:

Shadowing or Volunteering: Observing experienced health and wellness coaches can provide invaluable insights into their techniques and client interactions. Volunteering at a related organization can also provide practical experience.

Practicing with Friends and Family: Offer your services to friends and family members to gain experience and refine your coaching approach. This allows you to practice your skills in a low-pressure environment and receive constructive feedback.

Mentorship: Seeking guidance from an experienced coach can accelerate your learning and provide valuable support and advice.

Continuing Education: Invest in ongoing professional development to stay updated with the latest research and best practices. Attend workshops, webinars, and conferences to expand your knowledge and skills.

Developing strong coaching skills requires consistent practice and a commitment to continuous learning.

4. Building Your Business: Marketing and Client Acquisition

Once you're certified and confident in your abilities, it's time to build your business. This involves:

Creating a Business Plan: Develop a comprehensive business plan outlining your target market, services, pricing, marketing strategy, and financial projections.

Establishing Your Brand: Create a strong brand identity that reflects your values and expertise. This includes developing a logo, website, and marketing materials.

Building Your Online Presence: Create a professional website and utilize social media platforms to connect with potential clients. Share valuable content, engage with your audience, and build a strong online community.

Networking: Attend industry events, connect with other health and wellness professionals, and build relationships within your community.

Marketing Your Services: Utilize a variety of marketing strategies to reach your target audience,

including social media marketing, content marketing, email marketing, and paid advertising.

Building a successful coaching business requires a proactive approach to marketing and client acquisition.

5. Providing Exceptional Coaching Services: Client Relationships and Ethical Practice

Providing excellent coaching services is essential for building a successful and sustainable career. This involves:

Developing Strong Client Relationships: Build rapport with your clients, actively listen to their concerns, and create a supportive and encouraging environment.

Personalized Coaching Plans: Develop customized plans tailored to each client's individual needs and goals.

Tracking Progress and Accountability: Regularly monitor your clients' progress and provide support and accountability to keep them motivated.

Ethical Practice: Adhere to a strict code of ethics, ensuring client confidentiality and providing services with integrity.

Maintaining high ethical standards and building strong client relationships are critical for long-term success.

Conclusion

Becoming a health and wellness coach is a rewarding journey that combines passion, expertise, and entrepreneurial spirit. By following these steps, you can build a successful career helping others achieve their health and wellness goals. Remember, continuous learning, adaptation, and a genuine commitment to your clients are key ingredients for success in this fulfilling field.

FAQs

1. Do I need a college degree to become a health and wellness coach? No, a college degree is not always required, but relevant experience or certifications from reputable organizations are essential.

1. How much can I earn as a health and wellness coach? Earnings vary greatly depending on factors like experience, niche, client base, and pricing strategy.

1. What are the legal requirements for starting a health and wellness coaching business? Legal

requirements vary by location. Consult with legal and financial professionals to ensure compliance with all applicable regulations.

1. How do I find my first clients? Start by networking, offering discounted introductory sessions, and leveraging your online presence to attract clients.

1. What if I don't have a strong science background? Many successful health and wellness coaches don't have extensive science backgrounds. Focus on your strengths, and supplement your knowledge through reputable certifications and ongoing education.

how to become a health and wellness coach: Mila's Meals Catherine Barnhoorn, 2021-11 Mila's Meals is part cookbook, part whole-food nutrition encyclopaedia covering The Beginning of your child's lifelong relationship with food and The Basics of feeding yourself food that is medicine.

how to become a health and wellness coach: *Masterful Health and Wellness Coaching* Michael Arloski, 2021-08 In Masterful Health & Wellness Coaching Dr. Arloski focuses on advancing the reader's understanding of the process of coaching in the health and wellness setting and guides the reader to a comprehensive level of expertise. Honing the craft as wellness coaches is the goal. Masterful Health & Wellness Coaching offers tools to become a true master of the history, research, scholarship, and techniques of wellness coaching at its highest level. Masterful Health & Wellness Coaching is divided into three parts, beginning with a foundation that great coaching is about transformation. Changing behavior needs to be viewed not through a unitary lens, but in the context of growth and development. Arloski reveals how this can be done for the client, for the coach, and for the growing profession of wellness coaching. The second part focuses on How to Be, that is, a coaches presence and way of being in the world and with a client, and the powerful effect this has upon the coaching process. Part Three takes a deeper dive into the craft of wellness coaching. Throughout Dr. Arloski references what can be learned from relevant theory and research. Masterful Health & Wellness Coaching is tailored to coaches who want to go beyond the basics of SMART Goals and accountability, beyond tracking calories and sit-ups. It is for: - Coaches who want to become scholars of coaching. - Coaches who want to develop a greater understanding of the process of behavioral change. - Coaches who want to learn more about wellness. - Coaches who want to master what the entire field of health promotion has discovered about being well. - Coaches who want to become skilled craftspeople. - Coaches who want to meet their clients with understanding, empathy, and non-judgment. Dr. Arloski believes that coaching isn't about all the things a client is doing wrong and how grim their situation is. It's about what is needed to ensure a successful future. Masterful Health & Wellness Coaching gives you the tools to start your client on the path to success and to coach him or her until their healthy-living skills are second nature. The root of the word coach can be traced to a village in Hungary, Kocs, where carriages were made in the 1500's. Coaches love metaphors and what is better than this one: A coach takes you from where you are at to where you want to go. Perfect. The client is the one with the reins and it is the coaching process that facilitates the journey.

how to become a health and wellness coach: *Lifestyle Wellness Coaching* James Gavin, Madeleine McBrearty, 2018-11-07 Lifestyles have changed dramatically over the past quarter century. Along with these changes come exciting opportunities, including new career paths in the professional domain of health and wellness coaching. Centered on an evidence-based process for guiding change, Lifestyle Wellness Coaching, Third Edition With Web Resource, offers a systematic approach to helping clients achieve enduring changes in their personal health and wellness behaviors through a supportive and forward-moving coaching relationship. Lifestyle Wellness Coaching has been thoroughly revised and updated to keep pace with the rapidly evolving field of wellness coaching. It is complemented by discussions, case studies, reflective opportunities, and practical aids and engages readers through multiple approaches to learning: The reader is encouraged to gauge comprehension and application of the content by reflecting on personal experiences within the context of coaching. Sample dialogues offer real-world examples of coaching

situations and strategies. The International Coach Federation's 11 core competencies are thoroughly examined to prepare readers for certification in the profession of coaching. A new web resource houses easy-to-use forms, plans, and assessments that professionals can use immediately with clients. Lifestyle Wellness Coaching examines real coaching conversations to assess key considerations, such as the types of questions to ask, how to provide feedback effectively, and how to facilitate action planning. The text presents communication strategies to motivate, guide, inform, and support clients' processes toward personal change with a holistic approach. It addresses boundaries of care and advice appropriate to coaching relationships. Other issues explored include developing a trusting relationship, creating goals that are aligned with coaching processes, unblocking clients' energy and discovering resources for change, and generating forward movement through the skillful use of the International Coach Federation's 11 core competencies. Lifestyle Wellness Coaching introduces readers to models that clearly identify clients' progress through the stages of change. First, the text explores the popular transtheoretical model (TTM) of health-related behavior change and its delineation of six stages of clients' readiness to change. The discussion of TTM includes strategies appropriate to clients in various stages of readiness to change. The text also presents the learning-through-change model (LCM), revealing the deep layers beneath each phase of client movement toward change. Readers are offered a map for coaching clients toward goal achievement. The authors' unique flow model of coaching illustrates how professional coaches can help clients navigate the sometimes turbulent events of a person's life in order to change habitual patterns of behavior. The companion web resource offers a complete kit of assessment tools to help establish a strong framework for successful coaching. A welcome packet, coaching readiness index, introductory session form, and between-sessions questionnaire benefit both the professional and client in laying the groundwork. Other supplemental resources, such as a social and emotional intelligence assessment and a goal setting form, support the journey. Lifestyle Wellness Coaching, Third Edition, is the definitive resource for those seeking to embrace wellness coaching and propel clients to healthy, effective change.

how to become a health and wellness coach: *Nurse Coaching* Barbara Dossey, Susan Luck, Bonney Gulino Schaub, 2014-10-20 *Nurse Coaching: Integrative Approaches for Health and Wellbeing* By Barbara Montgomery Dossey, Susan Luck, and Bonney Gulino Schaub Paperback-October 2014 This is the first comprehensive Nurse Coach textbook that describes the theoretical and clinical relevance and practical application of an innovative, integrative, holistic, and integral nurse coaching model. This book is for all nurses and other health care providers seeking coaching knowledge and skills. For information on the Integrative Nurse Coach™ Certificate Program go to www.inursecoach.com/inccp/

how to become a health and wellness coach: *The Primal Blueprint* Mark Sisson, 2019 The New Primal Blueprint serves as the ultimate road map for anyone wishing to make the shift from flawed conventional wisdom about diet and exercise to a healthy, happy empowering lifestyle patterned after the evolutionary-tested behaviors of our hunter-gatherer ancestors. The book details the ten immutable Primal Blueprint lifestyle laws that enable empower you to reprogram your genes to direct in the direction of weight loss, health, and longevity. The Primal Blueprint laws are validated by two million years of human evolution as well as an ever-expanding body of

contemporary scientific research. Sisson's philosophy was originally met with skepticism as he aggressively challenged numerous mainstream health tenets. Eight years later, mainstream medical and health science are validating the Primal Blueprint tenets assertions that a high-carb, grain-based diet will make you fat, tired, and sick; that a consistent routine of medium-to-difficult cardiovascular workouts can actually compromise your health and longevity and increase risk of heart disease; and that consuming (whole food sources of) fat and cholesterol does not lead to heart disease as we have been led to believe, but rather offers many health benefits. --

how to become a health and wellness coach: ROAR Stacy T. Sims, PhD, Selene Yeager, 2016-07-05 "Dr. Sims realizes that female athletes are different than male athletes and you can't set your race schedule around your monthly cycle. ROAR will help every athlete understand what is happening to her body and what the best nutritional strategy is to perform at her very best."—Evie Stevens, Olympian, professional road cyclist, and current women's UCI Hour record holder Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

how to become a health and wellness coach: *Rock Steady* Ellen Forney, 2018 *Rock Steady: Brilliant Advice From My Bipolar Life* is the eagerly awaited sequel/ companion book to Forney's 2012 best-selling graphic memoir, *Marbles: Mania, Depression, Michelangelo, and Me*. Whereas *Marbles* was a memoir about her bipolar disorder, *Rock Steady* turns the focus outward, offering a self-help survival guide of tips, tricks and tools by someone who has been through it all and come through stronger for it.

how to become a health and wellness coach: *Unconventional Medicine* Chris Kresser, 2017-09-06 The world is facing the greatest healthcare crisis it has ever seen. Chronic disease is shortening our lifespan, destroying our quality of life, bankrupting governments, and threatening the health of future generations. Sadly, conventional medicine, with its focus on managing symptoms, has failed to address this challenge. The result is burned-out physicians, a sicker population, and a broken healthcare system. In *Unconventional Medicine*, Chris Kresser presents a plan to reverse this dangerous trend. He shows how the combination of a genetically aligned diet and lifestyle, functional medicine, and a lean, collaborative practice model can create a system that better serves the needs of both patients and practitioners. The epidemic of chronic illness can be stopped, if patients and practitioners can adapt.

how to become a health and wellness coach: *Wellpreneur* Amanda Cook, 2017-02-23 Why do some wellness entrepreneurs find freedom, flexibility and a healthy income online - while others get stuck spinning their wheels, never finding clients or making sales? It's not about who has the best website, or who spends more time on social media. The secret is in the system. Wellpreneurs who find clients online have a system in place that failing wellpreneurs don't. This system brings more of the right people to your website, and turns them into paying clients. It's this proven, step-by-step system you'll learn in this book. *Wellpreneur* is a guide to nailing your niche and finding more clients online, written just for wellness entrepreneurs. If you're a health coach, yoga teacher,

personal trainer, nutritionist or other wellness professional, you'll: Get total clarity on your target market, so you know exactly who you're serving (and why). Learn the proven five-step Organic Growth System to attract ideal prospects to your website and turn them into paying clients. Peek inside the businesses of successful wellpreneurs, to learn how they grew profitable wellness businesses online. Streamline your online marketing, so you can spend less time marketing, and more time doing work you love!

how to become a health and wellness coach: The Memory of Health Edie Summers, 2016-02-26 What is your journey to well-being? Do you suffer from health issues or a chronic condition? Do you have M.E., CFS, or chronic fatigue? Is stress affecting your well-being? Do you have chronic fatigue or a chronic condition? Are you seeking answers? If you have chronic fatigue for any reason (M.E., CFS, burnout, another chronic condition, on-going stress, trauma, etc.) check this book out! The Memory of Health is a memoir and a guide to living well. It is also a comprehensive resource on chronic fatigue, possible solutions, and on how self-care and lifestyle medicine may help you. What makes you thrive, even in the face of great odds? What makes you come alive? At the age of 22, Edie developed chronic fatigue after having surgery for a ski accident. While physical therapy was helpful, she had to seek alternative treatment to regain full use of her knee. In the course of seeking answers to her health challenges, she discovered the power of mindful living and became a conscious consumer. Whether you like mainstream, alternative, or integrative medicine as your solution for health and well-being, be conscious of the choices you make, because they matter. #cfs #chronicfatigue #chronicillness #booksonhealth #M.E. #booksonfatigue #booksonchronicfatigue #howtogetmoreenergy #adrenalinsufficiency #burnout #trauma #energy #moreenergy #theoriesofcfs #theoriesofchronicfatigue #howtoimprovenenergylevels

how to become a health and wellness coach: Thrive Arianna Huffington, 2014-03-25 In Thrive, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as Thrive shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in Thrive, includes our well-being, our ability to draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business deadlines and family crises, a harried dance that led to her collapse and to her aha moment. Drawing on the latest groundbreaking research and scientific findings in the

fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

how to become a health and wellness coach: *FASTER Way to Fat Loss* Amanda Tress, 2019-05-20 Are you one of the millions of individuals who have tried every fad diet on the market, and still can't meet your goals? Or maybe you're killing yourself at the gym, spending hours on the treadmill to maintain the perfect number on the scale. Regardless of your failing strategy, you're feeling exhausted, discouraged, and uninspired. So change your life, read *Coach Yourself to Wellness* and cast aside your old unhealthy habits.

how to become a health and wellness coach: *Think Like a Monk* Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has

produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

how to become a health and wellness coach: Changing to Thrive James O. Prochaska, Janice M. Prochaska, 2016-09-01 Changing unhealthy behaviors is easier said than done. Through interactive exercises, backed by countless research studies, Changing to Thrive will help readers progress through the Stages of Change and find the will power to create lasting change that will allow them to thrive. Changing unhealthy behaviors is easier said than done. Through interactive exercises, backed by countless research studies, Changing to Thrive will help readers progress through the Stages of Change and find the will power to create lasting change that will allow them to thrive. Eat healthy. Exercise. Quit smoking. Cut down on drinking. Reduce stress. Changing unhealthy behaviors is easier said than done. If you're like most of us, you have already made repeated attempts to change your lifestyle and improve your well-being without lasting success. You may attribute those failures to things like lack of motivation or the "wrong genes." But it's more likely that you simply don't know how to change. In this groundbreaking book, James O. Prochaska, PhD, and Janice M. Prochaska, PhD, guide you through a six-stage process designed to help you assess your readiness to change, then tap the inner resources necessary to thrive physically, emotionally, and socially. Backed by countless research studies, the stages of change model, developed by James Prochaska in collaboration with Carlo DiClemente, PhD, has revolutionized the field of behavior change. Through interactive exercises, Changing to Thrive will help you progress through the stages of change and learn that you have the power within to thrive.

how to become a health and wellness coach: *Functional Medicine Coaching: Stories from the Movement That's Transforming Healthcare* Elyse Wagner, Sandra Scheinbaum, 2018-10-09 Functional Medicine Coaching contains inspirational stories that describe the personal transformations and journeys toward physical health and well-being as a result of working with a health coach. Anyone with a passion for helping others should consider entering the rapidly exploding fields of health coaching and specializing in Functional Medicine coaching.

how to become a health and wellness coach: **Financial Peace** Dave Ramsey, 2002-01-01 Dave Ramsey explains those scriptural guidelines for handling money.

how to become a health and wellness coach: *State of The Global Workplace* Gallup, 2017-12-19 Only 15% of employees worldwide are engaged at work. This represents a major barrier to productivity for organizations everywhere – and suggests a staggering waste of human potential. Why is this engagement number so low? There are many reasons — but resistance to rapid change is a big one, Gallup's research and experience have discovered. In particular, organizations have been slow to adapt to breakneck changes produced by information technology, globalization of markets for products and labor, the rise of the gig economy, and younger workers' unique demands. Gallup's 2017 State of the Global Workplace offers analytics and advice for organizational leaders in countries and regions around the globe who are trying to manage amid this rapid change. Grounded in decades of Gallup research and consulting worldwide -- and millions of interviews -- the report advises that leaders improve productivity by becoming far more employee-centered; build strengths-based organizations to unleash workers' potential; and hire great managers to implement the positive change their organizations need not only to survive – but to thrive.

how to become a health and wellness coach: Ayurveda Sahara Rose Ketabi, 2017-08-08 "A must-read for anyone coming to Ayurveda for the first time or as a readable brush-up for all. Sahara offers a contemporary explanation of Ayurvedic wisdom that resonates with today's readers."-Deepak Chopra Discover your Ayurvedic Dosha (mind-body type) and find foods, self-care practices, yoga poses, and meditations that are tailored to your unique needs. Best-selling author Sahara Rose Ketabi makes Ayurveda accessible with this contemporary guide to the world's oldest health system. Originating in India over 5,000 years ago, Ayurveda is the sister science to yoga. It's the age-old secret to longevity, digestive health, mental clarity, beauty, and balance that's regaining popularity today for its tried-and-true methods. Sahara Rose revitalizes ancient Ayurvedic wisdom with a modern approach and explains how adjusting the timing of your meals; incorporating self-care practices such as dry-brushing, oil-pulling and tongue-scraping; eating the correct foods for your digestive type; and practicing the right yoga and meditation practices for your unique personality will radically enhance your health, digestion, radiance, intuition, and bliss. With *Idiot's Guides: Ayurveda*, you will:

- Discover your unique Dosha and learn how it is reflected in your physiology, metabolism, digestion, personality, and even in your dreams.
- Learn how your body's needs change according to the season, environment, and time of day
- Find ways to regain luster, passion and flow in your life
- Enjoy easy-to-make, plant-based recipes
- Establish an Ayurvedic morning and nighttime ritual for optimal balance
- Learn how to balance your chakras according to your Dosha
- Use Ayurvedic herbs and spices to heal digestive issues, skin problems, hormonal imbalance, and other ailments

With plenty of fun facts, holistic humor, and sacred knowledge from Sahara that will help you seamlessly integrate Ayurveda into your lifestyle.

how to become a health and wellness coach: The Rebel's Apothecary Jenny Sansouci, 2020-05-19 Learn how to improve your health and wellness with the healing magic of cannabis, CBD and medicinal mushrooms. When health coach and wellness blogger Jenny Sansouci learned that her father was diagnosed with stage 4 pancreatic cancer, her extensive knowledge of the latest alternative therapies was put to the test. Jenny dove into the world of cannabis and mushrooms and their medicinal properties - and she and her dad are now outspoken champions of the healing power of these plants and fungi - not only to tame the side effects of chemotherapy, but to address everyday wellness concerns. *The Rebel's Apothecary* is the result of her heartfelt and rigorous quest -- a science-based and supportive guide that will enhance the lives of anyone living with pain, anxiety, depression, a weakened immune system, insomnia, and more. Complete with background information, dosing instructions, and everyday recipes, this is the essential handbook for harnessing

the ancient healing powers of cannabis and mushrooms --safely, without confusion, fear, or an unwanted high. In addition to debunking myths and de-stigmatizing these powerful healing plants and fungi, The Rebel's Apothecary presents: Specific protocols and dosage guides for wellness uses (mood, sleep, immunity, focus, energy) and managing common chemotherapy side effects Everyday wellness routines Recipes for delicious, easy, health-enhancing cannabis and mushroom infused smoothies, coffee drinks, teas, elixirs, gummies, and broths - including recipes from chefs and wellness experts like Dr. Andrew Weil, Kris Carr, Seamus Mullen, Marco Canora and more The latest research on CBD, THC, medicinal mushrooms and psilocybin Tips for creating a cutting-edge home apothecary of your own

how to become a health and wellness coach: Get the Guy Matthew Hussey, 2013-04-09 Most dating books tell you what NOT to do. Here's a book dedicated to telling you what you CAN do. In his book, *Get the Guy*, Matthew Hussey—relationship expert, matchmaker, and star of the reality show *Ready for Love*—reveals the secrets of the male mind and the fundamentals of dating and mating for a proven, revolutionary approach to help women to find lasting love. Matthew Hussey has coached thousands of high-powered CEOs, showing them how to develop confidence and build relationships that translate into professional success. Many of Matthew's male clients pressed him for advice on how to apply his winning strategies not to just get the job, but how to get the girl. As his reputation grew, Hussey was approached by more and more women, eager to hear what he had learned about the male perspective on love and romance. From landing a first date to establishing emotional intimacy, playful flirtation to red-hot bedroom tips, Matthew's insightfulness, irreverence, and warmth makes *Get the Guy: Learn Secrets of the Male Mind to Find the Man You Want and the Love You Deserve* a one-of-a-kind relationship guide and the handbook for every woman who wants to get the guy she's been waiting for.
