

men s business casual pants

Introduction:

Finding the perfect pair of men's business casual pants can be a challenge. They need to be comfortable enough for everyday wear, yet professional enough for the office or a client meeting. This comprehensive guide will help you navigate the world of men's business casual pants, covering everything from fabric choices and fits to styling tips and where to buy the best options. We'll explore the nuances of different styles to help you find the ideal pants to elevate your business casual wardrobe.

Article Outline:

- I. Understanding Business Casual Dress Code: Defining the boundaries of business casual and what's appropriate for different work environments.
- II. Fabric Selection: Exploring various fabrics suitable for business casual pants, including their properties and suitability for different seasons.
- III. Fit and Style: Discussing popular fits like slim fit, straight fit, and relaxed fit, and their impact on overall appearance.
- IV. Color and Pattern Options: Exploring versatile neutral colors and subtle patterns that are appropriate for business casual settings.
- V. Choosing the Right Length and Hem: Providing guidance on appropriate pant length and hem styles for different occasions and shoe choices.
- VI. Styling Business Casual Pants: Offering practical styling advice, including pairing pants with different shirts, shoes, and accessories.
- VII. Where to Buy High-Quality Business Casual Pants: Recommending reputable brands and retailers known for quality and style.
- VIII. Caring for Your Business Casual Pants: Offering tips on proper cleaning, maintenance, and storage to extend the lifespan of your pants.

Article Body:

Understanding the Nuances of Business Casual Dress Codes

Business casual attire varies significantly depending on company culture and industry. While some workplaces may permit jeans (typically dark-wash and well-maintained), others maintain a stricter interpretation, favoring chinos or tailored trousers. Understanding your workplace's specific dress code is the first step in selecting the right business casual pants.

Exploring Fabric Choices for Business Casual Pants

The fabric of your pants significantly impacts their comfort, durability, and overall appearance. Cotton twill is a popular choice, offering breathability and a slightly textured look. Linen offers a

more relaxed and summery feel, but wrinkles easily. Wool blends provide warmth and sophistication, making them ideal for cooler months. Consider the climate and your personal comfort preferences when selecting the fabric.

Navigating Different Fits and Styles for Your Body Type

Different fits offer distinct advantages. Slim-fit pants offer a modern and tailored look, emphasizing a more streamlined silhouette. Straight-fit pants provide a classic and versatile option that works for most body types. Relaxed-fit pants offer greater comfort and ease of movement. Consider your body shape and personal style preference when selecting the appropriate fit.

Color and Pattern Selection: Balancing Professionalism with Personality

Neutral colors such as navy, charcoal gray, khaki, and olive green are versatile staples for a business casual wardrobe. These colours pair easily with different shirts and shoes, offering a professional and polished look. Subtle patterns like thin stripes or small checks can add personality without compromising professionalism. Avoid overly bold patterns or bright colors in a business casual setting.

Achieving the Perfect Pant Length and Hem Style

Pant length is crucial for a polished look. The ideal length should allow for a slight break at the shoe, preventing the fabric from bunching or pooling on the ground. Consider the type of shoes you'll be wearing. A cuffed hem can add a touch of style, but a clean, uncuffed hem is generally more appropriate for business casual settings.

Styling Business Casual Pants: Creating Versatile Outfits

Business casual pants are incredibly versatile. Pair them with a crisp button-down shirt for a classic look, or opt for a polo shirt for a more relaxed feel. A blazer adds a layer of sophistication, while a sweater provides warmth and comfort. Choose shoes that complement your overall outfit; loafers, oxfords, or even clean sneakers can be suitable depending on the occasion and workplace culture.

Where to Find High-Quality Business Casual Pants: Brand Recommendations

Many reputable brands offer high-quality men's business casual pants. Look for brands known for their attention to detail, fabric quality, and construction. Consider exploring department stores, men's specialty shops, and online retailers that offer a wide selection of brands and styles. Read reviews and compare prices before making a purchase.

Caring for Your Investment: Maintaining Your Business Casual Pants

Proper care will extend the life of your business casual pants. Always follow the care instructions on the garment label. This typically involves washing the pants in cold water, using a gentle detergent, and air drying or using a low heat setting in the dryer. Regular cleaning and proper storage will help prevent wear and tear and maintain their appearance.

Conclusion:

Mastering the art of business casual dressing involves understanding the nuances of appropriate attire and selecting clothing items that reflect both professionalism and personal style. By carefully considering fabric, fit, color, and styling options, you can create a versatile and polished wardrobe that will help you make a strong impression in any business casual setting. Remember to always prioritize comfort and confidence – these are crucial elements in looking and feeling your best.

Frequently Asked Questions (FAQs):

Q: Can I wear jeans to work in a business casual environment? A: It depends on your workplace's specific dress code. Dark-wash, well-maintained jeans are sometimes acceptable, but it's always best to err on the side of caution and ask your supervisor or HR department.

Q: What shoes are appropriate with business casual pants? A: Loafers, oxfords, dress boots, and even clean sneakers (depending on the workplace culture) are suitable options. Avoid athletic shoes or sandals.

Q: How often should I wash my business casual pants? A: This depends on how frequently you wear them. Ideally, wash them after every 2-3 wears to prevent odor buildup and maintain their freshness.

Q: What is the best way to remove wrinkles from my business casual pants? A: Steaming is the best method for removing wrinkles without damaging the fabric. You can also try hanging them in the bathroom while you shower.

Q: Where can I find well-fitted business casual pants if I have a unique body type? A: Consider getting your pants tailored for a perfect fit. Many tailors can adjust the length, waist, and other details to create custom-fitting pants.

men s business casual pants: Men's Style Russell Smith, 2009-02-24 Men's Style is a personal and knowledgeable compendium of tasteful advice for the thinking man on how to dress and shop for clothes in a world of conflicting fashion imperatives. This sophisticated and witty book by the popular Globe and Mail columnist combines nuggets of history and the sociology of masculine attire with a practical and supremely useful guide to achieving an elegant and affordable wardrobe for work and play. In chapters and amusing sidebars on shoes, suits, shirts and ties, formal and casual wear, underwear and swimsuits, cufflinks and watches, coats, hats, and scarves, Russell Smith steers a confident course between the hazards of blandness and vulgarity to articulate a philosophy of dress that can take you anywhere. He tells you what the rules are for looking the part at the office, a formal function, or the hippest party, and when you can toss those rules aside. Men's Style is supplemented throughout with fifty black-and-white illustrations and diagrams by illustrator Edwin Fotheringham.

men s business casual pants: The Indispensable Guide to Classic Men's Clothing Josh Karlen, Christopher Sulavik, 1999 A best-selling resource for men's style and clothing, The Indispensable Guide to Classic Men's Clothing answers hundreds of questions about classic articles in a man's wardrobe, from ascots to wingtips. It describes, in practical language and through dozens of illustrations, the rules of attire that every man should know for occasions ranging from Casual Fridays to Black Tie.

men s business casual pants: Etiquette For Dummies Sue Fox, 2011-02-14 Life is full of moments when you don't know how to act or how to handle yourself in front of other people. In these situations, etiquette is vital for keeping your sense of humor and your self-esteem intact. But etiquette is not a behavior that you should just turn on and off. This stuffy French word that translates into getting along with others allows you to put people at ease, make them feel good about a situation, and even improve your reputation. Etiquette For Dummies approaches the subject from a practical point of view, throwing out the rulebook full of long, pointless lists. Instead, it sets up tough social situations and shows you how to navigate through them successfully, charming everyone with your politeness and social grace. This straightforward, no-nonsense guide will let you discover the ins and outs of: Basic behavior for family, friends, relationships, and business Grooming, dressing, and staying healthy Coping with unexpected stuff like sneezing or feeling queasy Maintaining a civilized relationship Making friends and keeping them Building positive relationships at work Communicating effectively This book shows you how to take on these situations and make them pleasant. It also gives you great advice for tipping appropriately in all types of services and setting stellar examples for your kids. Full of useful advice and written in a laid-back, friendly style, Etiquette For Dummies has all the tools you need to face any social situation with politeness and courtesy.

men s business casual pants: The American Middle Class [2 volumes] Robert S. Rycroft, 2017-05-12 What is the American Dream? This book's author argues that contrary to what many believe, it is not achieving the wealth necessary to enter the top one percent but rather becoming members of the great middle class by dint of hard work and self-discipline. Americans of all classes consider themselves to be middle class. There are Americans who by any objective standard should be considered poor who would insist they are middle class, just as other Americans who should be considered wealthy also insist they are middle class. Thinking of yourself and being thought of by others as middle class is the American Dream for tens of millions of people. But an enduring problem of the American middle class is the worry that the Dream is coming apart—that forces are lurking in

the shadows waiting to steal their progress and throw them back into poverty. This thought-provoking reference explores a disparate multitude of issues associated with being middle class in America. It addresses a range of questions and subtopics, including the meaning of the term middle class; how middle class status is expressed by both the majority and the various minorities that make up the American mosaic; what economic pressures are bearing down on the middle class; and how economists and others attempt to make sense of the economic issues of the day. Readers will also better understand how political institutions and public policies are shaping the way the middle class views the world; how labor, housing, education, and crime-related issues have influenced the development and growth of the middle class; the norms of the middle class versus those of other classes in society; and the role of culture and media in shaping how members of the middle class view themselves—and how they are viewed by others. This two-volume set provides a comprehensive look at the American middle class that supports student research in economics, social studies, cultural studies, and political history. The content supports teachers in their development of lesson plans and assignments that directly align with the Common Core State Standards and the recommendations of the National Curriculum Standards for Social Studies (NCSS) with respect to all ten NCSS themes.

men s business casual pants: Freelancing For Dummies Susan M. Drake, 2011-05-04 Are you ready to fly the corporate coop and become the boss of you? Do you dream of busting out of the cubicle wasteland and finding greener pastures as a freelancer? If so, you're in good company. men s business casual pants: Dress Like the Big Fish Dick Lerner, 2010-10-26 This original work contains pearls of wisdom about image for men and women going through career transition or just entering the workforce from a clothing and image expert who has helped thousands of people make major changes in their lives. Explains fabric, fit, what to buy when, what to wear for different types of situations and occasions and the importance of accessorizing properly. Contains a chart of laundry symbols and their meanings and a comprehensive glossary. Written for those who are changing or thinking about changing their career and life, this book is perfect for transitioning military personnel, those looking for a promotion, people who have had jobs where uniforms were dictated, recent graduates and others who want to achieve more. Readers will find easy to read sections on professional dress, business casual, casual, and formal attire for all occasions. They will also find a checklist for each type of wardrobe with sections for What to Buy Now, What to Buy Next and Optional items the reader can add as they go. Another helpful feature of the book is a two-week rotation schedule that illustrates how the reader can mix and match a small wardrobe to function

like a much larger wardrobe.

men s business casual pants: *Clothes Make the Man* John White, 2018-02-11 Dressing for success in business and life is described and shown with 300 plus color photos no matter what type of organization you work for, Traditional, Business Casual or Casual dress and includes materials, colors, fit, style, and tailoring principles that apply to every outfit you ever wear. White begins with suits, dress shirts and ties as well as blazers/sports jackets. That is followed by casual attire for companies that dress in jeans, t-shirts, casual pants, polo shirts, shorts and sneakers. He includes outerwear and winter coats. The book begins with how to be well-dressed for a job interview because first you have to look like someone they want to hire, then how to dress every day so you always look promotable even while working on weekends, holidays and casual Fridays, including the notorious Christmas party. He gives three simple rules to follow that make it easy to dress for success at work and in our social lives. To appeal to women, he explains everything from suits to swim trunks again with hundreds of photos to show you how to look great at wedding receptions or on a pizza and beer date. This is the only book you'll ever need to look successful and great at work and play!

men s business casual pants: *Generational IQ for the Workplace and Home Collection* Haydn Shaw, 2016-10-01 This collection bundles 2 of popular author Haydn Shaw’s books together in one e-book, for a great value! *Sticking Points* This is the first time in American history that we have had four different generations working side-by-side in the workplace: the Traditionalists (born before 1945), the Baby Boomers (born 1945-1964), Gen X (born 1965-1980), and the Millennials (born 1981-2001). Haydn Shaw, popular business speaker and generational expert, has identified 12 places where the 4 generations typically come apart in the workplace (and in life as well). These sticking points revolve around differing attitudes toward managing one’s own time, texting, social media, organizational structure, and of course, clothing preferences. If we don’t learn to work together and stick together around these 12 sticking points, then we’ll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. *Sticking Points* is a must-read book that will help you understand the generational differences you encounter while teaching how we can learn to speak one another’s language and get better results together. *Generational IQ* Why is my daughter drifting from God? Why can’t I explain my life choices to my parents? When will my son get a real job? Within the last several decades, the world has shifted dramatically. The cracks of this fundamental shift appear everywhere: in our economy, in our cultural debates, in our political landscape, and, most important, in our churches. The problem is we tend to overreact to these changes, fearing that Christianity is dying. We need better *Generational IQ*, so we can respond to the changes but not be terrified by them. We need a wise generational coach. Haydn Shaw is that generational expert, showing us the roots of this generational shift and how it affects every one of us. Each generation, whether it’s the aging Boomers or the young Millennials, approaches God with a different set of questions and needs based on the times in which they grew up. Haydn walks you through these generational differences and paints a vision of hope for the future.

men s business casual pants: *The Professor Is In* Karen Kelsky, 2015-08-04 The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates

them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right The Professor Is In addresses all of these issues, and many more.

men s business casual pants: Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

men s business casual pants: Dressing the Man Alan Flusser, 2002-10-01 Dressing the Man is the definitive guide to what men need to know in order to dress well and look stylish without becoming fashion victims. Alan Flusser's name is synonymous with taste and style. With his new book, he combines his encyclopedic knowledge of men's clothes with his signature wit and elegance to address the fundamental paradox of modern men's fashion: Why, after men today have spent more money on clothes than in any other period of history, are there fewer well-dressed men than at any time ever before? According to Flusser, dressing well is not all that difficult, the real challenge lies in being able to acquire the right personalized instruction. Dressing well pivots on two pillars -- proportion and color. Flusser believes that Permanent Fashionability, both his promise and goal for the reader, starts by being accountable to a personal set of physical trademarks and not to any kind

of random, seasonally served-up collection of fashion flashes. Unlike fashion, which is obliged to change each season, the face's shape, the neck's height, the shoulder's width, the arm's length, the torso's structure, and the foot's size remain fairly constant over time. Once a man learns how to adapt the fundamentals of permanent fashion to his physique and complexion, he's halfway home. Taking the reader through each major clothing classification step-by-step, this user-friendly guide helps you apply your own specifics to a series of dressing options, from business casual and formalwear to pattern-on-pattern coordination, or how to choose the most flattering clothing silhouette for your body type and shirt collar for your face. A man's physical traits represent his individual road map, and the quickest route toward forging an enduring style of dress is through exposure to the legendary practitioners of this rare masculine art. Flusser has assembled the largest and most diverse collection of stylishly mantled men ever found in one book. Many never-before-seen vintage photographs from the era of Cary Grant, Tyrone Power, and Fred Astaire are employed to help illustrate the range and diversity of authentic men's fashion. Dressing the Man's sheer magnitude of options will enable the reader to expand both the grammar and verbiage of his permanent-fashion vocabulary. For those men hoping to find sartorial fulfillment somewhere down the road, tethering their journey to the mind-set of permanent fashion will deliver them earlier rather than later in life.

Men of Style profiles the best-dressed men of recent centuries: from actors to statesman, playboys to painters, the iconic and the more unexpected. Comprising profiles of their colorful, dapper lives, sartorial and personal, explaining too how they have shaped menswear today. The core focus of the book is not only the story of men's style, but the men who embody it and act as its most inspiring exemplars. A useful for book for students of fashion history, followers of celebrity and stylish men alike.

men s business casual pants: *Business Etiquette* Ann Marie Sabath, 2010-03-20 Discover the habits that distinguish true business professionals—and how to make a great impression on customers, clients, and colleagues. Many people invest in their careers, yet have no clue how to set themselves apart from their competition. This guide, from the author of *What Self-Made Millionaires Do That Most People Don't*, reveals the unwritten and unspoken rules of success. It gives new hires and seasoned executives alike nearly effortless strategies—for avoiding mistakes that hold you back and climbing that slippery ladder of success. You'll learn appropriate ways to: •Introduce two people whose names you've forgotten •Ask for some of your boss's time •Manage coworkers who drop into your office on a moment's notice •Handle being put on the spot in a meeting •Play the corporate hierarchy game with your boss and other higher-ups •Deal with international hosts, colleagues and customers, and much more

men s business casual pants: *Writing First with Readings* Laurie G. Kirsznner, Stephen R. Mandell, 2011-12-28 Best-selling authors and veteran college writing instructors Laurie Kirsznner and Stephen Mandell believe that students learn to write best when they use their own writing as a starting point. In *Writing First with Readings: Practice in Context*, designed for the paragraph to essay course, Kirsznner and Mandell take seriously the ideas and expressive abilities of developmental students, as well as their need to learn the rules of writing and grammar. Visual writing prompts that open every chapter get students writing immediately. By moving frequently between their own writing, writing models and instruction, and workbook-style mastery exercises, students get constant reinforcement of the skills they are learning. Thoughtful chapters on college

success, research, and critical reading, along with high-interest essays, round out the text, making it the perfect introduction to college writing. Read the preface.

men s business casual pants: She Wears the Pants Yuko Takada, 2015-05-12 Sew edgy, urban clothes with this stylish sewing book and add a touch of originality to your wardrobe. More and more women are opting to make their own clothes, but most of the books on the market emphasize girly, feminine designs. *She Wears the Pants* is the first Japanese sewing book (in English) to focus on the increasingly popular borrowed-from-the-boys look. Already one of the best-known and reviewed sewing books in Japan, this sporty addition to the sew-it-yourself craze is poised to take the American DIY sewing market by storm. Sometimes women are in the mood for clothes with strong, clean lines and casual sophistication—polish and simplicity without the frills. *She Wears the Pants* is the book for those times. A graduate of the Bunka Fashion Institute, Yuko Takada provides patterns and instructions for making twenty spare and streamlined wardrobe items, including: Versatile tops that can be either casual or dressy Jackets that are timeless and unique Dresses and skirts that are straight-line or draped Three different pants lengths, from culottes to full-length trousers And much, much more! Patterns can be easily adjusted to suit any body size, and Takada shows readers how to select inexpensive, readily available fabrics and transform them into an elegant new wardrobe. Understated never looked so good!

men s business casual pants: African American Student's Guide to College Success F. Erik Brooks, Glenn L. Starks, 2015-10-21 This encouraging guide coaches African American and first-generation college students on strategies for maximizing their experiences and success on university campuses. Marked gaps in academic achievements continue to exist between white and black students on college campuses in America. This motivational book, with contributions from academic role models from within the African American community, provides tools to help ethnically diverse students choose the best college, improve their study skills, and cope with academic anxiety. From college selection to graduation, this practical resource provides firsthand accounts of successful college experiences and the strategies used by former students to obtain their degrees. This work is divided into four parts. After an introductory section that addresses how to find the right college for aspiring students, the second part discusses the culture of an academic environment and reveals what incoming students may discover on a new campus. The third section introduces the language and lingo used in college settings. Finally, the guide concludes with conversations with successful African Americans who have achieved their undergraduate, graduate, and professional degrees. The content also features a helpful college and university directory.

men s business casual pants: Buttoned Up Erynn Masi de Casanova, 2015-12-18 Who is today's white-collar man? The world of work has changed radically since *The Man in the Gray Flannel Suit* and other mid-twentieth-century investigations of corporate life and identity. Contemporary jobs are more precarious, casual Friday has become an institution, and telecommuting blurs the divide between workplace and home. Gender expectations have changed, too, with men's bodies increasingly exposed in the media and scrutinized in everyday interactions. In *Buttoned Up*, based on interviews with dozens of men in three U.S. cities with distinct local dress cultures—New York, San Francisco, and Cincinnati—Erynn Masi de Casanova asks what it means to wear the white collar now. Despite the expansion of men's fashion and grooming practices, the decrease in formal dress codes, and the relaxing of traditional ideas about masculinity, white-collar men feel constrained in their choices about how to embody professionalism. They strategically embrace conformity in clothing as a way of maintaining their gender and class privilege. Across categories of race, sexual orientation and occupation, men talk about blending in and looking the part as they aim to keep their jobs or pursue better ones. These white-collar workers' accounts show that greater freedom in work dress codes can, ironically, increase men's anxiety about getting it wrong and discourage them from experimenting with their dress and appearance.

men s business casual pants: The Student Athlete's Guide to College Success Algerian Hart Ph.D., F. Erik Brooks, 2016-11-21 An invaluable guide for potential collegiate student athletes, this guide presents strategies to assist student athletes with life skills both inside and outside of the classroom and athletic arenas. Student athletes must overcome a gauntlet of challenges in order to be successful in college. This guide supports student athlete success by identifying various potential issues and providing specific guidance and advice based on the author's direct experience and insider knowledge. It presents potential collegiate athletes with a wide-ranging and inclusive view of the intercollegiate sport experience and a comprehensive explanation of the role of the student athlete. This book is a comprehensive guide for student athletes and their families that will assist in deliberating scholarship offers from multiple institutions and setting a course for success in college. Readers will be equipped to determine which scholarship option—and in some cases, which sport or sports—is the optimal choice, be knowledgeable about their financial aid options and the rules of recruiting, and be prepared with a list of suggested questions that American student athletes should ask coaches and recruiting officials wishing to pursue their talents. This guide provides the essential strategies that will enable student athletes to gain life skills both inside and outside of the classroom and athletic arenas.

men s business casual pants: Convene , 2006-02

men s business casual pants: The End of Fashion Teri Agins, 2010-10-12 A solid, hard-hitting, and uncompromising journalistic look at the fashion industry. The time when fashion was defined by French designers whose clothes could be afforded only by elite has ended. Now designers take their cues from mainstream consumers and creativity is channeled more into mass-marketing clothes than into designing them. Indeed, one need look no further than the Gap to see proof of this. In The End of Fashion, Wall Street Journal, reporter Teri Agins astutely explores this seminal change, laying bare all aspects of the fashion industry from manufacturing, retailing, and licensing to image making and financing. Here as well are fascinating insider vignettes that show Donna Karan fighting with financiers, the rivalry between Ralph Lauren and Tommy Hilfiger, and the commitment to haute couture that sent Isaac Mizrahi's business spiraling.
