ny accounting jobs: Final Accounting Barbara Ley Toffler, Jennifer Reingold, 2004-04-13 A withering exposé of the unethical practices that triggered the indictment and collapse of the legendary accounting firm. Arthur Andersen's conviction on obstruction of justice charges related to the Enron debacle spelled the abrupt end of the 88-year-old accounting firm. Until recently, the venerable firm had been regarded as the accounting profession's conscience. In *Final Accounting*, Barbara Ley Toffler, former Andersen partner-in-charge of Andersen's Ethics & Responsible Business Practices consulting services, reveals that the symptoms of Andersen's fatal disease were evident long before Enron. Drawing on her expertise as a social scientist and her experience as an Andersen insider, Toffler chronicles how a culture of arrogance and greed infected her company and led to enormous lapses in judgment among her peers. *Final Accounting* exposes the slow deterioration of values that led not only to Enron but also to the earlier financial scandals of other

Andersen clients, including Sunbeam and Waste Management, and illustrates the practices that paved the way for the accounting fiascos at WorldCom and other major companies. Chronicling the inner workings of Andersen at the height of its success, Toffler reveals the making of an Android, the peculiar process of employee indoctrination into the Andersen culture; how Androids—both accountants and consultants—lived the mantra keep the client happy; and how internal infighting and billing your brains out rather than quality work became the all-important goals. Toffler was in a position to know when something was wrong. In her earlier role as ethics consultant, she worked with over 60 major companies and was an internationally renowned expert at spotting and correcting ethical lapses. Toffler traces the roots of Andersen's ethical missteps, and shows the gradual decay of a once-proud culture. Uniquely qualified to discuss the personalities and principles behind one of the greatest shake-ups in United States history, Toffler delivers a chilling report with important ramifications for CEOs and individual investors alike.

ny accounting jobs: My Misspent Youth Meghan Daum, 2014-12-23 The cult classic essay collection from "one of the most emotionally exacting, mercilessly candid, deeply funny . . . writers of our time" (Cheryl Strayed, The New York Times Book Review). From her New Yorker essays about the financial demands of big-city ambition and the ethereal, strangely old-fashioned allure of cyber-relationships to her dazzlingly hilarious riff about musical passions that give way to middle-brow paraphernalia, Daum delves into the center of things while closely examining the detritus that spills out along the way. Ari Eden's life has always been governed by strict rules. In ultra-Orthodox Brooklyn, his days are dedicated to intense study and religious rituals, and adolescence feels profoundly lonely. So when his family announces that they are moving to a glitzy Miami suburb, Ari seizes his unexpected chance for reinvention. Enrolling in an opulent Jewish academy, Ari is stunned by his peers' dizzying wealth, ambition, and shameless pursuit of life's pleasures. When the academy's golden boy, Noah, takes Ari under his wing, Ari finds himself entangled in the school's most exclusive and wayward group. These friends are magnetic and defiant—especially Evan, the brooding genius of the bunch, still living in the shadow of his mother's death. Influenced by their charismatic rabbi, the group begins testing their religion in unconventional ways. Soon Ari and his friends are pushing moral boundaries and careening toward a perilous future—one in which the traditions of their faith are repurposed to mysterious, tragic ends. Mesmerizing and playful, heartrending and darkly romantic, *The Orchard* probes the conflicting forces that determine who we become: the heady relationships of youth, the allure of greatness, the doctrines we inherit, and our concealed desires.
