Decoding the "One of Two in Business Suits" NYT Crossword Clue

Introduction:

Understanding the NYT Crossword Clue's Context

This article delves into the solution for the New York Times crossword clue, "One of Two in Business Suits." We will explore the common answer, analyze its relevance to the business world, discuss potential alternative answers based on wordplay or cryptic clues, and offer strategies for tackling similar clues in future puzzles. We'll also look at the importance of understanding context within crossword puzzles and how to improve your solving skills.

Article Outline:

- I. The Most Likely Answer and its Business Context
- II. Analyzing Potential Wordplay within the Clue
- III. Considering Alternative Answers Based on Cryptic Clue Structures
- IV. Strategies for Solving Similar Crossword Clues
- V. The Importance of Context in Crossword Puzzles
- VI. Improving Your Crossword Solving Skills

I. The Most Likely Answer and its Business Context:

The Common Answer: "DUO"

The most probable answer to the clue "One of Two in Business Suits" is DUO. This directly addresses the numerical aspect ("One of Two") and conceptually fits the business context ("in Business Suits"). A "duo" often implies a pair working together, often seen in business settings like a partnership, consulting team, or executive leadership.

Business Scenarios Involving Duos

The term "duo" readily brings to mind various business scenarios involving two individuals. Think of a dynamic startup founded by two entrepreneurs, a legal team consisting of two partners, or a management consulting firm utilizing paired consultants for specific projects. These examples firmly establish the relevance of "DUO" as a fitting answer within a business-themed crossword.

II. Analyzing Potential Wordplay within the Clue:

Wordplay Possibilities: "One of Two"

While "DUO" is the straightforward solution, let's explore possible wordplay interpretations. The phrase "One of Two" can be viewed as a simple mathematical description, implying a fractional relationship ($1/2$). However, this doesn't directly lead to alternative solutions.

Wordplay Possibilities: "Business Suits"

The phrase "business suits" adds a layer of potential complexity. It literally refers to professional attire. However, it could also be interpreted more metaphorically to suggest "fitting," "appropriate," or "works well together." However, this broader interpretation does not typically result in alternative crossword answers.

III. Considering Alternative Answers Based on Cryptic Clue Structures:

Cryptic Clues and their Nuances

Cryptic crossword clues often contain more complex wordplay or misleading information. The clue "One of Two in Business Suits" appears straightforward, minimizing the chances of more cryptic wordplay.

Exploring Anagrams and Homophones

More intricate cryptic clues might involve anagrams (rearranging letters to form a different word) or homophones (words that sound alike but have different meanings). Since these elements aren't apparent in our clue, it's unlikely alternative answers exist through this route.

IV. Strategies for Solving Similar Crossword Clues:

Understanding the Clue's Structure

Breaking down the clue into its component parts is crucial. Identifying numerical references (like "One of Two"), contextual words (like "Business Suits"), and potential wordplay elements can provide valuable clues to the answer.

Considering Synonyms and Related Terms

If a direct answer is elusive, brainstorming synonyms or related terms can help unlock the solution. For instance, synonyms for "duo" like "pair," "couple," or "twosome" could be considered, but they might not fit the crossword grid.

Using Crossword Solver Tools Strategically

Crossword solver tools can aid in identifying potential answers based on the number of letters or word patterns, especially when dealing with more challenging clues. But, always attempt to solve it yourself before using any tool for better understanding.

V. The Importance of Context in Crossword Puzzles:

Theme and Topic Influence

The theme or overall topic of the crossword can significantly influence the answer. Clues are often interconnected; understanding the overarching theme can guide you toward solutions. If the puzzle centers on business or professional life, then the likelihood of "DUO" increases dramatically.

Adjacent Clues and Intersections

The letters in intersecting squares from other crossword clues provide significant hints. Paying close attention to these intersections helps confirm or refine potential solutions.

VI. Improving Your Crossword Solving Skills:

Practice Regularly

Consistent practice is key to improvement. The more you solve, the better you become at identifying wordplay techniques and recognizing patterns.

Build Your Vocabulary

Expanding your vocabulary increases your ability to recognize synonyms and related terms, making it easier to solve clues.

Study Crossword Solving Techniques

There are many resources available—books, websites, and courses—that delve deeper into advanced solving techniques.

Conclusion:

In conclusion, while other answers might be theoretically possible through highly contrived wordplay, the most straightforward and fitting answer to the New York Times crossword clue "One of Two in Business Suits" is undoubtedly DUO. Its direct relevance to the numerical aspect of the clue, coupled with its strong connection to the business world, makes it the most logical and probable solution.

Frequently Asked Questions (FAQs):

Q1: Are there any other possible answers to this clue?

A1: While "DUO" is the most likely answer, alternative answers are highly improbable unless the crossword puzzle uses exceptional wordplay or cryptic construction.

Q2: How can I improve my ability to solve cryptic crossword clues?

A2: Consistent practice, expanding your vocabulary, and studying cryptic clue techniques are essential for improvement. Look for resources that explain common cryptic crossword techniques.

Q3: What resources can help me improve my crossword skills?

A3: Numerous websites, books, and even online courses provide guidance and practice for improving crossword solving abilities.

one of two in business suits nyt crossword clue: *Joe Gould's Secret* Joseph Mitchell, 2016-01-26 The story of a notorious New York eccentric and the journalist who chronicled his life: "A little masterpiece of observation and storytelling" (Ian McEwan). Joseph Mitchell was a cornerstone of the New Yorker staff for decades, but his prolific career was shattered by an extraordinary case of writer's block. For the final thirty-two years of his life, Mitchell published nothing. And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould. Gould was, in Mitchell's words, "an odd and penniless and unemployable little man who came to this city in 1916 and ducked and dodged and held on as hard as he could for over thirty-five years." As Mitchell learns more about Gould's epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces ("Professor Sea Gull" in 1942 and then "Joe Gould's Secret" twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould's secret, Mitchell's words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author's estate.

one of two in business suits nyt crossword clue: *This Is Big* Marisa Meltzer, 2020-04-14 From a contributor to *The Cut*, one of *Vogue's* most anticipated books bravely and honestly (Busy Philipps) talks about weight loss and sheds a light on Weight Watchers founder Jean Nidetch: a triumphant chronicle (New York Times). Marisa Meltzer began her first diet at the age of five. Growing up an indoors-loving child in Northern California, she learned from an early age that weight was the one part of her life she could neither change nor even really understand. Fast forward nearly four decades. Marisa, also a contributor to the New Yorker and the New York Times, comes across an obituary for Jean Nidetch, the Queens, New York housewife who founded Weight Watchers in 1963. Weaving Jean's incredible story as weight loss maven and pathbreaking entrepreneur with Marisa's own journey through Weight Watchers, she chronicles the deep parallels, and enduring frustrations, in each woman's decades-long efforts to lose weight and keep it off. The result is funny, unexpected, and unforgettable: a testament to how transformation goes far beyond a number on the scale.

one of two in business suits nyt crossword clue: *Black Ivy: a Revolt in Style* , 2021-10-12 How Black culture reinvented and subverted the Ivy Look From the most avant-garde jazz musicians, visual artists and poets to architects, philosophers and writers, *Black Ivy: The Birth of Cool* charts a period in American history when Black men across the country adopted the clothing of a privileged elite and made it their own. It shows how a generation of men took the classic Ivy Look and made it cool, edgy and unpredictable in ways that continue to influence today's modern menswear. Here you will see some famous, infamous and not so famous figures in Black culture such as Amiri Baraka, Charles White, Malcolm X, Martin Luther King Jr., James Baldwin, Miles Davis, John Coltrane and Sidney Poitier, and how they reinvented Ivy and Prep fashion--the dominant looks of the time. The real stars of the book--the Oxford cloth button-down shirt, the hand-stitched loafer, the soft shoulder three-button jacket and the perennial repp tie--are all here. What *Black Ivy* explores is how these clothes are reframed and redefined by a stylish group of men from outside the mainstream,

challenging the status quo, struggling for racial equality and civil rights. Boasting the work of some of America's finest photographers and image-makers, this must-have tome is a celebration of how, regardless of the odds, great style always wins.

one of two in business suits nyt crossword clue: White Noise Don DeLillo, 1999-06-01
NATIONAL BOOK AWARD WINNER • An “eerie, brilliant, and touching” (The New York Times) modern classic about mass culture and the numbing effects of technology. “Tremendously funny . . . A stunning performance from one of our most intelligent novelists.”—The New Republic The inspiration for the award-winning major motion picture starring Adam Driver and Greta Gerwig Jack Gladney teaches Hitler Studies at a liberal arts college in Middle America where his colleagues include New York expatriates who want to immerse themselves in “American magic and dread.” Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the usual rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud floats over their lives, an “airborne toxic event” unleashed by an industrial accident. The menacing cloud is a more urgent and visible version of the “white noise” engulfing the Gladney family—radio transmissions, sirens, microwaves, ultrasonic appliances, and TV murmurings—pulsing with life, yet suggesting something ominous.

one of two in business suits nyt crossword clue: Furious Hours Casey Cep, 2019-05-07
NEW YORK TIMES BESTSELLER • This “superbly written true-crime story” (The New York Times Book Review) masterfully brings together the tales of a serial killer in 1970s Alabama and of Harper Lee, the beloved author of *To Kill a Mockingbird*, who tried to write his story. Reverend Willie Maxwell was a rural preacher accused of murdering five of his family members, but with the help of a savvy lawyer, he escaped justice for years until a relative assassinated him at the funeral of his last victim. Despite hundreds of witnesses, Maxwell’s murderer was acquitted—thanks to the same attorney who had previously defended the reverend himself. Sitting in the audience during the vigilante’s trial was Harper Lee, who spent a year in town reporting on the Maxwell case and many more trying to finish the book she called *The Reverend*. Cep brings this remarkable story to life, from the horrifying murders to the courtroom drama to the racial politics of the Deep South, while offering a deeply moving portrait of one of our most revered writers.

one of two in business suits nyt crossword clue: The Story Paradox Jonathan Gottschall, 2021-11-23 Storytelling, a tradition that built human civilization, may soon destroy it Humans are storytelling animals. Stories are what make our societies possible. Countless books celebrate their virtues. But Jonathan Gottschall, an expert on the science of stories, argues that there is a dark side to storytelling we can no longer ignore. Storytelling, the very tradition that built human civilization, may be the thing that destroys it. In *The Story Paradox*, Gottschall explores how a broad consortium of psychologists, communications specialists, neuroscientists, and literary quants are using the scientific method to study how stories affect our brains. The results challenge the idea that storytelling is an obvious force for good in human life. Yes, storytelling can bind groups together, but it is also the main force dragging people apart. And it’s the best method we’ve ever devised for manipulating each other by circumventing rational thought. Behind all civilization’s greatest ills—environmental destruction, runaway demagogues, warfare—you will always find the same master factor: a mind-disordering story. Gottschall argues that societies succeed or fail depending on how they manage these tensions. And it has only become harder, as new technologies that amplify the effects of disinformation campaigns, conspiracy theories, and fake news make separating fact from fiction nearly impossible. With clarity and conviction, Gottschall reveals why our biggest

asset has become our greatest threat, and what, if anything, can be done. It is a call to stop asking, "How we can change the world through stories?" and start asking, "How can we save the world from stories?"

one of two in business suits nyt crossword clue: *One Tough Mother* Gert Boyle, 2006-12-12 When a heart attack claimed Gert Boyle's husband in 1970, the forty-six-year-old housewife and mother of three found herself at the helm of Columbia Sportswear, a small outerwear manufacturer in Portland, Oregon, that was struggling financially. With no business experience whatsoever, Boyle was faced with the challenge of running Columbia, which had been founded in 1937 by her father — a Jewish immigrant who had fled Hitler's Germany. Boyle and her son Tim persevered, turning a company that in 1970 had forty employees and less than 800,000 in annual sales into the leading seller of skiwear in the United States, with more than 2000 employees and over a billion in annual sales. Along the way, thanks in part to a creative marketing campaign that billed her as one tough mother, Boyle established herself as an industry icon, and the first woman ever inducted into the International Sporting Goods Hall of Fame. *One Tough Mother* presents an honest and often irreverent account of Boyle's journey from a childhood in Nazi Germany to incredible success in America. She offers insights into succeeding in business and in life, and shares many of the advertisements and strategies that have made her so recognizable.

one of two in business suits nyt crossword clue: *Vowelless Crosswords* Frank Longo, 2009-06 What's better than crosswords? That's right: crosswords with no vowels! At first, these challenging, but fiendishly fun, puzzles look like the usual crossword. But there's a devilish twist: you write only the consonants in the boxes, not the vowels. So when you look at the grid, there's no quick way to know exactly how many letters make up the right solution. Plus, because you don't need as many spaces for each word, the phrases can be longer than usual—and that makes the grids wide open and ratchets up the difficulty level. For those who need a little extra help, there's a hints section to tear out and refer to when needed, as well as grids with wordlists explaining (with vowels) what the answers are.

one of two in business suits nyt crossword clue: *Forest Bathing* Dr. Qing Li, 2018-04-17 The definitive—and by far the most popular—guide to the therapeutic Japanese practice of shinrin-yoku, or the art and science of how trees can promote health and happiness. Notice how a tree sways in the wind. Run your hands over its bark. Take in its citrusy scent. As a society we suffer from nature deficit disorder, but studies have shown that spending mindful, intentional time around trees—what the Japanese call shinrin-yoku, or forest bathing—can promote health and happiness. In this beautiful book—featuring more than 100 color photographs from forests around the world, including the forest therapy trails that criss-cross Japan—Dr. Qing Li, the world's foremost expert in forest medicine, shows how forest bathing can reduce your stress levels and blood pressure, strengthen your immune and cardiovascular systems, boost your energy, mood, creativity, and concentration, and even help you lose weight and live longer. Once you've discovered the healing power of trees, you can lose yourself in the beauty of your surroundings, leave everyday stress behind, and reach a place of greater calm and wellness.

one of two in business suits nyt crossword clue: *Crossworld* Marc Romano, 2005 Sixty-four million people do it at least once a week. Nabokov wrote about it. Bill Clinton even did it in the White House. The crossword puzzle has arguably been our national obsession since its birth almost a century ago. Now, in *Crossworld*, writer, translator, and lifelong puzzler Marc Romano goes where no Number 2 pencil has gone before, as he delves into the minds of the world's cleverest crossword creators and puzzlers, and sets out on his own quest to join their ranks. While covering the American Crossword Puzzle Tournament for the Boston Globe, Romano was amazed by the skill of the competitors and astonished by the cast of characters he came across—like Will Shortz, beloved editor of the New York Times puzzle and the only academically accredited enigmatologist (puzzle scholar); Stanley Newman, Newsday's puzzle editor and the fastest solver in the world; and Brendan Emmett Quigley, the wickedly gifted puzzle constructor and the Virgil to Marc's Dante in his travels through

the crossword inferno. Chronicling his own journey into the world of puzzling--even providing tips on how to improve crosswording skills--Romano tells the story of crosswords and word puzzles themselves, and of the colorful people who make them, solve them, and occasionally become consumed by them. But saying this is a book about puzzles is to tell only half the story. It is also an explanation into what crosswords tell us about ourselves--about the world we live in, the cultures that nurture us, and the different ways we think and learn. If you're a puzzler, *Crossworld* will enthrall you. If you have no idea why your spouse send so much time filling letters into little white squares, *Crossworld* will tell you - and with luck, save your marriage. **CROSSWORD** - by Marc Romano **ACROSS** 1. I am hopelessly addicted to the New York Times crossword puzzle. 2. Like many addicts, I was reluctant to admit I have a problem. 3. The hints I was heading for trouble came, at first, only occasionally. 4. The moments of panic when I realized that I might not get my fix on a given day. 5. The toll on relationships. 6. The strained friendships. 7. The lost hours I could have used to do something more productive. 8. It gets worse, too. **DOWN** 1. You're not just playing a game. 2. You're constantly broadening your intellectual horizons. 3. You spend a lot of time looking at and learning about the world around you. 4. You have to if you want to develop the accumulated store of factual information you'll need to get through a crossword puzzle. 5. Puzzle people are nice because they have to be. 6. The more you know about the world, the more you tend to give all things in it the benefit of the doubt before deciding if you like them or not. 7. I'm not saying that all crossword lovers are honest folk dripping with goodness. 8. I would say, though, that if I had to toss my keys and wallet to someone before jumping off a pier to save a drowning girl, I'd look for the fellow in the crowd with the daily crossword in his hand. From the Hardcover edition.

one of two in business suits nyt crossword clue: In the Enemy's House Howard Blum, 2018-02-20 The New York Times bestselling author of *Dark Invasion* and *The Last Goodnight* once again illuminates the lives of little-known individuals who played a significant role in America's history as he chronicles the incredible true story of a critical, recently declassified counterintelligence mission and two remarkable agents whose story has been called the greatest secret of the Cold War. In 1946, genius linguist and codebreaker Meredith Gardner discovered that the KGB was running an extensive network of strategically placed spies inside the United States, whose goal was to infiltrate American intelligence and steal the nation's military and atomic secrets. Over the course of the next decade, he and young FBI supervisor Bob Lamphere worked together on Venona, a top-secret mission to uncover the Soviet agents and protect the Holy Grail of Cold War espionage—the atomic bomb. Opposites in nearly every way, Lamphere and Gardner relentlessly followed a trail of clues that helped them identify and take down these Soviet agents one by one, including Julius and Ethel Rosenberg. But at the center of this spy ring, seemingly beyond the American agents' grasp, was the mysterious master spy who pulled the strings of the KGB's extensive campaign, dubbed Operation Enormoz by Russian Intelligence headquarters. Lamphere and Gardner began to suspect that a mole buried deep in the American intelligence community was feeding Moscow Center information on Venona. They raced to unmask the traitor and prevent the Soviets from fulfilling Soviet Premier Nikita Khrushchev's threat: We shall bury you! A breathtaking chapter of American history and a page-turning mystery that plays out against the tense, life-and-death gamesmanship of the Cold War, this twisting thriller begins at the end of World War II and leads all the way to the execution of the Rosenbergs—a result that haunted both Gardner and Lamphere to the end of their lives.

one of two in business suits nyt crossword clue: A.P. Giannini Felice A. Bonadio, 1994 Perhaps more than any other individual, Amadeo Peter Giannini brought California into the twentieth century. Extending credit to ordinary working people, creating a financial empire through his branch banks, this son of Italian immigrants enabled California to advance faster than any other state in the decades before World War II. But who was A. P. Giannini? Felice A. Bonadio's superior biography reveals the founder of Bank of America in his many roles, most notably that of a bold, ruthless financial genius keenly aware of his minority status in a world dominated by the eastern

Protestant elite. Yet this is more than the success story of an underdog. Bonadio profiles a man of immense talent who was relentlessly eager to serve the people. Hard-driving, obsessive about defending his empire against its enemies, Giannini could be both a good hater and a good friend. He was one of the first American businessmen to promote employee ownership and profit sharing, and when he died in 1949 at age 79, nearly forty percent of B of A's shares were owned by its employees. Little interested in personal wealth, Giannini's own estate was modest at the time of his death. Much of Bonadio's research is from the private papers of Federal Reserve Bank officials and confidential Bank of America archives. Recollections of Giannini family members and former bank executives are also here, lending historical resonance and color to this portrait of a man whose influence endures many years after his death. Giannini prided himself on his compulsive work habits, which he justified with one of his frequently repeated aphorisms, Be first in everything. Once, on horseback to solicit a consignment order from one of the valley's biggest growers, he suddenly spotted a competitor's team in the distance headed in the same direction. Remembering a deep slough that stood between him and the farm, he quickly cut across the field, tethered his horse to a tree, and swam to the other side. Then he ran the rest of the way to the farmhouse. By the time the other merchant had arrived, Giannini was negotiating a deal with the grower. one of two in business suits nyt crossword clue: Genius at Play Siobhan Roberts, 2024-10-29 A multifaceted biography of a brilliant mathematician and iconoclast A mathematician unlike any other, John Horton Conway (1937–2020) possessed a rock star's charisma, a polymath's promiscuous curiosity, and a sly sense of humor. Conway found fame as a barefoot professor at Cambridge, where he discovered the Conway groups in mathematical symmetry and the aptly named surreal numbers. He also invented the cult classic Game of Life, a cellular automaton that demonstrates how simplicity generates complexity—and provides an analogy for mathematics and the entire universe. Moving to Princeton in 1987, Conway used ropes, dice, pennies, coat hangers, and the occasional Slinky to illustrate his winning imagination and share his nerdish delights. *Genius at Play* tells the

story of this ambassador-at-large for the beauties and joys of mathematics, lays bare Conway's personal and professional idiosyncrasies, and offers an intimate look into the mind of one of the twentieth century's most endearing and original intellectuals.

one of two in business suits nyt crossword clue: *The Coddling of the American Mind*

Greg Lukianoff, Jonathan Haidt, 2018-09-04 Something is going wrong on many college campuses in the last few years. Rates of anxiety, depression, and suicide are rising. Speakers are shouted down. Students and professors say they are walking on eggshells and afraid to speak honestly. How did this happen? First Amendment expert Greg Lukianoff and social psychologist Jonathan Haidt show how the new problems on campus have their origins in three terrible ideas that have become increasingly woven into American childhood and education: what doesn't kill you makes you weaker; always trust your feelings; and life is a battle between good people and evil people. These three Great Untruths are incompatible with basic psychological principles, as well as ancient wisdom from many cultures. They interfere with healthy development. Anyone who embraces these untruths—and the resulting culture of safetyism—is less likely to become an autonomous adult able to navigate the bumpy road of life. Lukianoff and Haidt investigate the many social trends that have intersected to produce these untruths. They situate the conflicts on campus in the context of America's rapidly rising political polarization, including a rise in hate crimes and off-campus provocation. They explore changes in childhood including the rise of fearful parenting, the decline of unsupervised play, and the new world of social media that has engulfed teenagers in the last decade. This is a book for anyone who is confused by what is happening on college campuses today, or has children, or is concerned about the growing inability of Americans to live, work, and cooperate across party lines.

one of two in business suits nyt crossword clue: *Handsome is* Harriet Wasserman, 1997

Harriet Wasserman presents a rare, intimate portrait of Saul Bellow, one of the leading figures of American letters, drawing from her thirty years with him as his literary agent and friend. Wasserman, who spoke to Bellow nearly every day during these years, lets us into a special relationship where she was not only Bellow's first reader and first-hand observer of his art, but also witness and trusted friend to the Saul Bellow behind the pages, seeing him: stand on his head, hop on one booted foot up a mountain road, play the violin, dance the Irish jig, make blueberry jam, shine the kitchen and bathroom with Formula 409, iron his pants after being caught in a downpour, accept the Nobel prize, and converse endlessly on every level about Arnold Schwarzenegger, the Marx Brothers, the Chicago Bulls, Dr. Ruth, tattoos and lip rings, beta-carotene, ethics, and on and on and on.--BOOK JACKET. one of two in business suits nyt crossword clue: *It's Not PMS, It's You!* Amlen Deb, 2010

BUST's hilarious Queen of Crosswords now has men squarely in her crosshairs." - Emily Rems, Managing Editor, BUST Magazine For every woman who has pulled her hair out trying to explain—for the 46th time—the importance of putting the toilet seat down, there's a man snickering, "Someone's on the rag." And this book is for that justifiably furious gal. The war between the sexes has raged for millennia, and *It's Not PMS, It's You!* is a hilarious, take-no-prisoners reconnaissance mission into the minds and souls of men and the things they do to infuriate women. Beginning with a completely scientific, fairly non-hormonal look at the history of the term "on the rag" and ending with the "Diary of a Break Up in One Full Menstrual Cycle," this lighthearted guide looks at: Who should fund the medical research into why men do what they do. (Hint: It's definitely NOT the government) - How to take a lesson from Hamlet's poor in-law management (Not to self: Don't kill your future father-in-law) - Why men hate to talk about their feelings (with four separate mentions of the word "penis") - An absolutely foolproof method for sustaining a long-term relationship, and why it could kill you

one of two in business suits nyt crossword clue: Some Collages Jim Jarmusch, 2021-06-15

Although Jim Jarmusch is best known for his storied career in independent cinema, over the years he has produced hundreds of pieces of collage art, the majority of which has been rarely seen by the public. Drawing inspiration from the largest medium of cultural documentation--newspapers--Jarmusch delicately crafts each work by layering newsprints on cardstock. Doppelgänger Andy Warhols are posed in a vast tunnel not unlike the depths of the Large Hadron Collider, Patty Hearst's mugshots drift across Edwardian portraits, and a man's identity is disguised with a coyote's head: maybe he was a celebrity, politician, perp, or all three. In Some Collages, these small-scale (notecard-size) pieces are a reminder of how even the most mundane stock photography can be hijacked to create work that is scary-funny.

one of two in business suits nyt crossword clue: Empire of Self Jay Parini, 2016-09-20 An

intimate, authorized yet totally frank biography of Gore Vidal (1925–2012), one of the most accomplished, visible, and controversial American novelists and cultural figures of the past century The product of thirty years of friendship and conversation, Jay Parini's Empire of Self digs behind the glittering surface of Gore Vidal's colorful career to reveal the complex emotional and sexual truths underlying his celebrity-strewn life. But there is plenty of glittering surface as well—a virtual Who's Who of the twentieth century, from Eleanor Roosevelt and Amelia Earhart through the Kennedys, Johnny Carson, Leonard Bernstein, and the crème de la crème of Hollywood. Also a generous helping of feuds with the likes of William F. Buckley, Norman Mailer, Truman Capote, and The New York Times, among other adversaries. The life of Gore Vidal teemed with notable incidents, famous people, and lasting achievements that call out for careful evocation and examination. Jay Parini crafts Vidal's life into an accessible, entertaining story that puts the experience of one of the great American figures of the postwar era into context, introduces the author and his works to a generation who may not know him, and looks behind the scenes at the man and his work in ways never possible before his death. Provided with unique access to Vidal's life and his papers, Parini excavates many buried skeletons yet never loses sight of his deep respect for Vidal and his astounding gifts. This is the biography Gore Vidal—novelist, essayist, dramatist, screenwriter, historian, wit, provocateur, and pioneer of gay rights—has long needed.
