revive beauty and wellness: *The Archetype Diet* Dana James, 2018-06-05 Discover your unique female archetype to combat emotional eating, lose weight, and become your happiest, healthiest you. In working with thousands of women who wanted to lose weight and change the shape of their bodies, leading nutritionist and functional medicine practitioner Dana James observed a striking trend: no matter how diligent they were in sticking to their diet and exercise plans, old behavioral patterns and self-doubt sabotaged their efforts. In *The Archetype Diet*, James helps readers escape the seemingly endless psychological tug-of-war that is hampering their ability to care for themselves and explains which hormones cause you to store body fat on your belly, thighs and hips, and what to eat to change it. A revolutionary, holistic approach to weight loss, this book guides in readers in discovering which of four archetypes they embody: • The Nurturer is always there to care for others. She is kind and compassionate, but this can come at the expense of her own self-care. • The Wonder Woman bases her self-worth on her accomplishments. She is ambitious and driven, but her work often takes precedent over her diet. • The Femme Fatale is sensual, strong, and alluring but can become obsessed with her looks to the point that she develops an unhealthy relationship with food. • The Ethereal is spiritual and intuitive, but highly sensitive to her environment so she tends to eat to numb her reactions to the world. By becoming attuned to your archetype, James shows how you can alter your diet to help feed your unique body chemistry while simultaneously examining how your sense of self-worth shapes your behaviors—including what you eat—in ways that may be working against your goals. Offering recipes, a ten-day meal plan, and a step-by-step psychological intervention, *The Archetype Diet* will put you on the path to becoming leaner, stronger, and more attuned to your feminine fire and energy.

revive beauty and wellness: *Living with a Wild God* Barbara Ehrenreich, 2014-04-08 From the New York Times bestselling author of *Nickel and Dimed* comes a brave, frank, and exquisitely written memoir that will change the way you see the world. Barbara Ehrenreich is one of the most important thinkers of our time. Educated as a scientist, she is an author, journalist, activist, and advocate for social justice. In *Living With a Wild God*, she recounts her quest-beginning in childhood-to find the Truth about the universe and everything else: What's really going on? Why are we here? In middle age, she rediscovered the journal she had kept during her tumultuous adolescence, which records an event so strange, so cataclysmic, that she had never, in all the intervening years, written or spoken about it to anyone. It was the kind of event that people call a mystical experience-and, to a steadfast atheist and rationalist, nothing less than shattering. In *Living With a Wild God*, Ehrenreich reconstructs her childhood mission, bringing an older woman's wry and erudite perspective to a young girl's impassioned obsession with the questions that, at one point or another, torment us all. The result is both deeply personal and cosmically sweeping-a searing memoir and a profound reflection on science, religion, and the human condition. With her signature combination of intellectual rigor and uninhibited imagination, Ehrenreich offers a true literary achievement-a work that has the power not only to entertain but amaze.

And so, Yang Sheng encourages you to have the green juice and the glass of wine, a full-on day at work and a night out dancing. For people who are overtired and overtaxed, stressed, lacking a sex drive, or who feel anxious or hopeless, the practice of Yang sheng restores balance.
