Wellness Exams: Proactive Care for a Healthy Life

Regular wellness exams are crucial for detecting potential health issues early on. Our comprehensive wellness packages are tailored to your pet's age and breed, including:

Puppy and Kitten Wellness: These visits focus on vaccinations, parasite prevention, and establishing a baseline for your young pet's health. We'll monitor their growth, address any developmental concerns, and provide guidance on proper nutrition and training.

Adult Wellness Exams: These yearly check-ups include a thorough physical examination, bloodwork (when necessary), and discussions about preventative care, such as dental hygiene and parasite prevention.

Senior Wellness Exams: As pets age, their needs change. Our senior wellness exams focus on detecting age-related conditions early and providing tailored care to maintain a high quality of life for your aging companion.

Vaccinations: Protecting Your Pet from Preventable Diseases

Protecting your pet from contagious and potentially life-threatening diseases is paramount. We offer a comprehensive vaccination program, using only high-quality, safe, and effective vaccines. We adhere to strict protocols to minimize any discomfort and ensure your pet's safety. Our vaccination schedules are carefully tailored to your pet's age, breed, lifestyle, and risk factors. We'll discuss your pet's specific needs and create a personalized vaccination plan to ensure optimal protection.

Dental disease is incredibly common in pets and can lead to serious health problems if left untreated. We offer a range of dental services, including professional teeth cleaning under anesthesia, which allows for a thorough cleaning and examination of your pet's teeth and gums. We'll also address any dental issues like fractured teeth, gum disease, or abscesses, ensuring your pet's oral health is a priority.

Goran's secret missions for the Rangers Guild take him across the British colonies of North America - from far-flung mountains and rushing rivers to frontier farms and bustling towns. Along the way, Goran encounters Daniel Boone, George Washington, an improbably tall dwarf, a mysterious water maiden, and a series of terrifying monsters from European and Native American legend.
