Books like [Reynold's] prove that good travel writing remains not only very much alive, but essential.--The Bookseller In *Slow Road to Brownsville*, David Reynolds embarks on a road trip along Highway 83, a little-known two-lane highway built in 1926 that runs from Swan River, Manitoba, to the Mexican border at Brownsville, Texas, on the Gulf of Mexico. Growing up in a small town in England, Reynolds was enthralled by both the myth of the Wild West and the myth of the open road. This road trip is his exploration of the reality behind these myths as he makes his way from small town to small town, gas station to gas station, and motel to motel, hanging out in bars, drinking with the locals, and observing their sometimes-peculiar customs. Reynolds also wanted to see the country where the Sioux, the Cheyenne, the Comanches, the Apaches, and other native groups lived and died and to look at how their descendants live now. He describes the forced location of the Cheyenne people, discovers the true story of the Alamo, and finds similarities between Sitting Bull's tours and those of the Black

the wellness way kalispell: From Blood and Ash Jennifer L. Armentrout, 2020-03-30 Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. St. Paul Magazine and others Here is real food—our indigenous American fruits and vegetables, the wild and foraged ingredients, game and fish. Locally sourced, seasonal, “clean” ingredients and nose-to-tail cooking are nothing new to Sean Sherman, the Oglala Lakota chef and founder of The Sioux Chef. In his breakout book, *The Sioux Chef's Indigenous Kitchen*, Sherman shares his approach to creating boldly seasoned foods that are vibrant, healthful, at once elegant and easy. Sherman dispels outdated notions of Native American fare—no fry bread or Indian tacos here—and no European staples such as wheat flour, dairy products, sugar, and domestic pork and beef. The Sioux Chef's healthful plates embrace venison and rabbit, river and lake trout, duck and quail, wild turkey, blueberries, sage, sumac, timsula or wild turnip, plums, purslane, and abundant wildflowers. Contemporary and authentic, his dishes feature cedar braised bison, griddled wild rice cakes, amaranth crackers with smoked white bean paste, three sisters salad, deviled duck eggs, smoked turkey soup, dried meats, roasted corn sorbet, and hazelnut-maple bites. *The Sioux Chef's Indigenous Kitchen* is a rich education and a delectable introduction to modern indigenous cuisine of the Dakota and Minnesota territories, with a vision and approach to food that travels well beyond those borders.

No running allowed. And you must be quiet. But when a lion comes to the library one day, no one is sure what to do. There aren't any rules about lions in the library. And, as it turns out, this lion seems very well suited to library visiting. His big feet are quiet on the library floor. He makes a comfy backrest for the children at story hour. And he never roars in the library, at least not anymore. But when something terrible happens, the lion quickly comes to the rescue in the only way he knows how. Michelle Knudsen's disarming story, illustrated by the matchless Kevin Hawkes in an expressive timeless style, will win over even the most ardent of rule keepers.

A god will return When the earth and sky converge Under the black sun In the holy city of Tova, the winter solstice is usually a time for celebration and renewal, but this year it coincides with a solar eclipse, a rare celestial event proscribed by the Sun Priest as an unbalancing of the world. Meanwhile, a ship launches from a distant city bound for Tova and set to arrive on the solstice. The captain of the ship, Xiala, is a disgraced Teek whose song can calm the waters around her as easily as it can warp a man's mind. Her ship carries one passenger. Described as harmless, the passenger, Serapio, is a young man, blind, scarred, and cloaked in destiny. As Xiala well knows, when a man is described as harmless, he usually ends up being a villain. Crafted with unforgettable characters, Rebecca Roanhorse has created an epic adventure exploring the decadence of power amidst the weight of history and the struggle of individuals swimming against the confines of society and their broken pasts in the most original series debut of the decade.
