wellness retreat for couples: InnerFitness Nordine Zouareg, 2021-01-26 The goal to improving one's life begins internally. By addressing the quality of your mental state—whether fear, doubt, anxiety, depression—you can achieve a positive self-worth and improve your quality of life. It all begins with you! All of us, at one point in our lives, have wondered if we are able to make the decisions or choices that will turn our lives around. Can I begin that work project I have been putting off? What about the diet that will help me lose weight and get healthy? Can I salvage the marriage that's ripping at the seams? What do I do after losing my job? The hardest part can be taking that first step toward such a goal, and the fear can be overpowering. That is the goal of InnerFitness. Former Mr. Universe, Nordine Zouareg, learned that while his outer self was chiseled out of stone, his inner self was crumbling. Rather than giving up, Nordine looked back on his life and actively reflected on the emotions that affected who he had become. From that point forward, his goal was not only to improve the quality of his life, but that of others. During such self-exploration, he noted five key issues to personal improvement. They are: self-worth trust tranquility body desire to fight By exposing these five basic issues which hold us back, Nordine shows how to be empowered, have emotional clarity, and consistently choose freedom over fear, success over self-sabotage, confidence over insecurity, and courage over passivity. In essence, retraining your brain from "I'm not enough" to "I'm good enough." InnerFitness explains how to manage your inner voice—the one which tells us we're not good enough, that we cannot succeed. By taking such steps, like celebrating victories (large or small) and seeing failures only as temporary and instructional, you will be on a path to loving yourself for who you are...which is the first step to a happier life.

wellness retreat for couples: Inner Engineering Sadhguru, 2016-09-20 NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. "A loving invitation to live our best lives and a profound reassurance of why and how we can."—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds*:

Learning to Be Creative NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

Gannon and Life help you understand each of the practices that comprise the yoga path to enlightenment: AHIMSA—The Way of Compassion: choosing nonviolence, respecting all life, practicing vegetarianism, living free of prejudice ASANA—The Way of Connection to the Earth: postures and sequences, breathing, transforming energy, understanding the bandhas KARMA—The Way of Action: creating good karma, giving thanks NADAM—The Way of Sacred Music: appreciating the sacred sounds of yoga MEDITATION—The Way of the Witness: how to sit still and move inward BHAKTI—The Way of Devotion to God: living with love, grace, and peace Whatever yoga you practice, Jivamukti Yoga will help you to strengthen and deepen that practice

All children will benefit from this pitch-perfect discussion of race, identity, complexity, and beauty.”--Kirkus Lulu loves her family, but people are always asking What are you? Lulu hates that question. Her brother inspires her to come up with a power phrase so she can easily express who she is, not what she is. Includes a note from the author, sharing her experience as the only biracial person in her family and advice for navigating the complexity of when both parents do not share the same racial identity as their children.
