What is a Holistic Wellness Coach? Your Guide to Finding Inner Harmony

Feeling overwhelmed, stressed, or just...blah? You're not alone. Millions are seeking a more balanced and fulfilling life, and that's where the holistic wellness coach comes in. This isn't your average life coach; it's a deep dive into understanding your entire self – mind, body, and spirit – to achieve lasting well-being. This comprehensive guide will explore exactly what a holistic wellness coach is, what they do, and how they can help you unlock your full potential. We'll delve into the core principles, the differences between various coaching styles, and how to find the right coach for your specific needs. Get ready to embark on a journey towards a healthier, happier you!

What Exactly Is a Holistic Wellness Coach?

At its core, a holistic wellness coach guides individuals towards a more integrated and balanced life. Unlike coaches focusing solely on career or fitness goals, holistic wellness coaches take a broader, more holistic approach. They consider the interconnectedness of your physical, mental, emotional, and spiritual well-being. This means addressing everything from your diet and exercise habits to your stress levels, relationships, and life purpose. They act as a supportive partner, helping you identify limiting beliefs, overcome obstacles, and create sustainable lifestyle changes that promote overall wellness.

The Core Principles of Holistic Wellness Coaching

Holistic wellness coaching is built upon several key principles:

Individualized Approach: No two individuals are the same. A holistic wellness coach understands this and tailors their approach to meet your unique needs, goals, and circumstances. There's no one-size-fits-all solution.

Mind-Body Connection: This principle acknowledges the profound connection between your thoughts, emotions, and physical health. Addressing both mental and physical well-being is crucial for lasting change.

Sustainable Lifestyle Changes: Holistic wellness coaching isn't about quick fixes or fad diets. It focuses on creating sustainable habits and long-term lifestyle changes that you can maintain for years to come.

Empowerment and Self-Discovery: The coach acts as a guide, empowering you to take ownership of your well-being and discover your inner strengths and resources. It's about self-discovery and personal growth.

Holistic Perspective: This encompasses all aspects of your life – physical

health, mental clarity, emotional stability, spiritual growth, and social connections. It's about achieving balance in all areas.

What Does a Holistic Wellness Coach Do?

A holistic wellness coach utilizes various tools and techniques to help you achieve your wellness goals. These can include:

Goal Setting and Action Planning: Collaboratively setting realistic, achievable goals and developing a personalized plan to achieve them.

Lifestyle Assessments: Evaluating your current lifestyle habits, identifying areas for improvement, and creating a roadmap for positive change.

Mindfulness and Meditation Techniques: Teaching techniques to manage stress, increase self-awareness, and cultivate inner peace.

Nutritional Guidance: Providing guidance on healthy eating habits, not necessarily prescribing diets, but promoting mindful eating and balanced nutrition.

Stress Management Strategies: Equipping you with tools and techniques to effectively manage stress and prevent burnout.

Emotional Regulation Techniques: Helping you develop strategies for understanding and managing your emotions effectively.

Accountability and Support: Providing ongoing support, encouragement, and accountability to stay on track.

Holistic Wellness Coaching vs. Other Coaching Types

It's important to understand the differences between holistic wellness coaching and other types of coaching:

Life Coaching: While there's overlap, life coaching focuses more broadly on various aspects of life, whereas holistic wellness coaching specifically targets well-being.

Health Coaching: Health coaching often focuses on specific health conditions or behaviors, while holistic wellness coaching takes a broader, more integrated approach.

Spiritual Coaching: Spiritual coaching focuses primarily on spiritual growth and development, while holistic wellness integrates spirituality as one aspect of overall well-being.

Finding the Right Holistic Wellness Coach for You

Finding the right coach is crucial. Consider the following:

Credentials and Experience: Look for coaches with relevant certifications and experience in holistic wellness practices.

Coaching Style: Different coaches have different approaches. Find someone whose style resonates with you.

Client Testimonials: Read reviews and testimonials to get an idea of other

clients' experiences.

Intuitive Feeling: Trust your gut feeling. Do you feel comfortable and connected with the coach?

Conclusion

Embarking on a journey with a holistic wellness coach can be transformative. It's an investment in your overall well-being, leading to greater self-awareness, improved health, and a more fulfilling life. By addressing all aspects of your being – mind, body, and spirit – you can achieve a level of balance and harmony you never thought possible. Remember to do your research, find a coach who resonates with you, and commit to the process. The rewards are well worth the effort.

FAQs

1. How much does a holistic wellness coach cost? The cost varies greatly depending on the coach's experience, location, and the type of package offered. Expect to pay anywhere from \$50 to \$300+ per session.
1. Do I need a referral to see a holistic wellness coach? No, you don't typically need a referral. You can find coaches independently through online directories or professional organizations.
1. How long does it take to see results from holistic wellness coaching? Results vary depending on individual goals and commitment. Some clients see noticeable improvements within a few sessions, while others may require more time.
1. Is holistic wellness coaching covered by insurance? Generally, holistic wellness coaching is not covered by insurance. However, some employers may offer wellness programs that include coaching services.
1. What if I don't see results after a few sessions? Open communication with your coach is key. Discuss your concerns and explore whether the coaching approach is the right fit for you. A good coach will be willing to adjust their strategy or refer you to another professional if necessary.

what is a holistic wellness coach: How to Be a Health Coach Meg Jordan, 2013-08-29 This step-by-step manual offers the essentials of health coaching methodology, along with integrative wellness principles, theoretical frameworks, evidence-based models, coaching session formats, and practice tools. what is a holistic wellness coach: Wellness Coaching for Lasting Lifestyle Change Michael Arloski, 2014 Arloski blends the wisdom of the wellness field with the proven processes of the coaching profession to create an easy-to-use training tool. The result is the perfect training tool for wellness professionals of all kinds: disease management professionals, professional coaches, EAP professionals, counselors, and therapists.

what is a holistic wellness coach: How to be Well Frank Lipman, 2018 Now available in paperback, the holistic manual for everything you need to know to be well, from celebrity health guru and NYT bestselling author Dr. Frank Lipman

what is a holistic wellness coach: Coaching Psychology Manual Margaret Moore, Erika Jackson, Bob Tschannen-Moran, 2015-09-02 This second edition of the Coaching Psychology Manual helps health, wellness, lifestyle, positive psychology, and personal coaches work with clients to achieve their health, well-being, and life goals. Endorsed by the ACSM, packed with examples and scenarios, and now in vibrant full color, this comprehensive guide covers techniques and concepts for supporting clients in changing the behaviors and mindsets needed to thrive, in all areas of wellness, including fitness, nutrition, weight, mind/body, stress, and management of life issues that impact well-being.

what is a holistic wellness coach: Lifestyle Wellness Coaching James Gavin, Madeleine Mcbrearty, 2018-11-07 Lifestyles have changed dramatically over the past quarter century. Along with these changes come exciting opportunities, including new career paths in the professional domain of health and wellness coaching. Centered on an evidence-based process for guiding change, Lifestyle Wellness Coaching, Third Edition With Web Resource, offers a systematic approach to helping clients achieve enduring changes in their personal health and wellness behaviors through a supportive and forward-moving coaching relationship. Lifestyle Wellness Coaching has been thoroughly revised and updated to keep pace with the rapidly evolving field of wellness coaching. It is complemented by discussions, case studies, reflective opportunities, and practical aids and engages readers through multiple approaches to learning: The reader is encouraged to gauge comprehension and application of the content by reflecting on personal experiences within the context of coaching. Sample dialogues offer real-world examples of coaching situations and strategies. The International Coach Federation's 11 core competencies are thoroughly examined to prepare readers for certification in the profession of coaching. A new web resource houses easy-to-use forms, plans, and assessments that professionals can use immediately with clients. Lifestyle Wellness Coaching examines real coaching conversations to assess key considerations, such as the types of questions to ask, how to provide feedback effectively, and how to facilitate action planning. The text presents communication strategies to motivate, guide, inform, and support clients' processes toward personal change with a holistic approach. It addresses boundaries of care and advice appropriate to coaching relationships. Other issues explored include developing a trusting relationship, creating goals that are aligned with coaching processes, unblocking clients' energy and discovering resources for change, and generating forward movement through the skillful use of the International Coach Federation's 11 core competencies. Lifestyle Wellness Coaching introduces readers to models that clearly identify clients' progress through the stages of change. First, the text explores the popular transtheoretical model (TTM) of health-related behavior change and its delineation of six stages of clients' readiness to change. The discussion of TTM includes strategies appropriate to clients in various stages of readiness to change. The text also presents the

learning-through-change model (LCM), revealing the deep layers beneath each phase of client movement toward change. Readers are offered a map for coaching clients toward goal achievement. The authors' unique flow model of coaching illustrates how professional coaches can help clients navigate the sometimes turbulent events of a person's life in order to change habitual patterns of behavior. The companion web resource offers a complete kit of assessment tools to help establish a strong framework for successful coaching. A welcome packet, coaching readiness index, introductory session form, and between-sessions questionnaire benefit both the professional and client in laying the groundwork. Other supplemental resources, such as a social and emotional intelligence assessment and a goal setting form, support the journey. *Lifestyle Wellness Coaching, Third Edition*, is the definitive resource for those seeking to embrace wellness coaching and propel clients to healthy, effective change.

what is a holistic wellness coach: Masterful Health and Wellness Coaching Michael Arloski, 2021-08 In *Masterful Health & Wellness Coaching* Dr. Arloski focuses on advancing the reader's understanding of the process of coaching in the health and wellness setting and guides the reader to a comprehensive level of expertise. Honing the craft as wellness coaches is the goal. *Masterful Health & Wellness Coaching* offers tools to become a true master of the history, research, scholarship, and techniques of wellness coaching at its highest level. *Masterful Health & Wellness Coaching* is divided into three parts, beginning with a foundation that great coaching is about transformation. Changing behavior needs to be viewed not through a unitary lens, but in the context of growth and development. Arloski reveals how this can be done for the client, for the coach, and for the growing profession of wellness coaching. The second part focuses on How to Be, that is, a coaches presence and way of being in the world and with a client, and the powerful effect this has upon the coaching process. Part Three takes a deeper dive into the craft of wellness coaching. Throughout Dr. Arloski references what can be learned from relevant theory and research. *Masterful Health & Wellness Coaching* is tailored to coaches who want to go beyond the basics of SMART Goals and accountability, beyond tracking calories and sit-ups. It is for: - Coaches who want to become scholars of coaching. - Coaches who want to develop a greater understanding of the process of behavioral change. - Coaches who want to learn more about wellness. - Coaches who want to master what the entire field of health promotion has discovered about being well. - Coaches who want to become skilled craftspeople. - Coaches who want to meet their clients with understanding, empathy, and non-judgment. Dr. Arloski believes that coaching isn't about all the things a client is doing wrong and how grim their situation is. It's about what is needed to ensure a successful future. *Masterful Health & Wellness Coaching* gives you the tools to start your client on the path to success and to coach him or her until their healthy-living skills are second nature. The root of the word coach can be traced to a village in Hungary, Kocs, where carriages were made in the 1500's. Coaches love metaphors and what is better than this one: A coach takes you from where you are at to where you want to go. Perfect. The client is the one with the reins and it is the coaching process that facilitates the journey.

what is a holistic wellness coach: Nurse Coaching Barbara Dossey, Susan Luck, Bonney Gulino Schaub, 2014-10-20 *Nurse Coaching: Integrative Approaches for Health and Wellbeing* By Barbara Montgomery Dossey, Susan Luck, and Bonney Gulino Schaub Paperback-October 2014 This is the first comprehensive Nurse Coach textbook that describes the theoretical and clinical relevance and practical application of an innovative, integrative, holistic, and integral nurse coaching model. what is a holistic wellness coach: Free to Heal Shaunna Menard, 2020-01-07 A woman who went from burned-out doctor to blissed-out health coach shares simple steps that help others move in the direction of their coaching dreams. Many health coaches have a dream to make a greater difference in healing with their own signature soul-satisfying programs, without putting their family at risk. But they have no idea how to do that—until now. Shaunna Menard, MD, knows what it looks like to see someone destroy their health before her eyes. In Free to Heal, she shares how she was able to break free and make an even greater difference with her own soul-satisfying health coaching practice. In Free to Heal, health coaches learn how to: Use self-healing principles that clearly and confidently deliver exponential results for their patients and clients Awaken to what they really want without having to choose between “making a living” and living Break free from a medical career to create their own signature wellness program without putting their family at risk Determine what influencers are sabotaging them and keeping them stuck

what is a holistic wellness coach: The Primal Blueprint Mark Sisson, 2019 The New Primal Blueprint serves as the ultimate road map for anyone wishing to make the shift from flawed conventional wisdom about diet and exercise to a healthy, happy empowering lifestyle patterned after the evolutionary-tested behaviors of our hunter-gatherer ancestors. The book details the ten immutable Primal Blueprint lifestyle laws that enable empower you to reprogram your genes to direct in the direction of weight loss, health, and longevity. The Primal Blueprint laws are validated by two million years of human evolution as well as an ever-expanding body of contemporary scientific research. Sisson's philosophy was originally met with skepticism as he aggressively challenged numerous mainstream health tenets. Eight years later, mainstream medical and health science are validating the Primal Blueprint tenets assertions that a high-carb, grain-based diet will make you fat, tired, and sick; that a consistent routine of medium-to-difficult cardiovascular workouts can actually compromise your health and longevity and increase risk of heart disease; and that consuming (whole food sources of) fat and cholesterol does not lead to heart disease as we have been led to believe, but rather offers many health benefits. --

what is a holistic wellness coach: Life Coaching Michael Neenan, Windy Dryden, 2013-06-26 The way we think profoundly influences the way we feel, so learning to think differently can enable us to feel and act differently. The first edition of Life Coaching successfully showed how to tackle self-defeating thinking and replace it with a problem-solving outlook, providing clear and helpful advice on: Dealing with troublesome emotions Overcoming procrastination Becoming assertive Tackling poor time management Persisting at problem solving Handling criticism constructively Taking risks and making better decisions. The new edition retains the key features, while offering a brand new chapter on the emerging topic of resilience as well updates throughout. It will continue to be invaluable to all those who are interested in becoming more personally effective in their everyday lives, and also to counsellors in practice and training.

what is a holistic wellness coach: Changing to Thrive James O. Prochaska, Janice M. Prochaska, 2016-09-01 Changing unhealthy behaviors is easier said than done. Through interactive exercises, backed by countless research studies, Changing to Thrive will help readers progress through the Stages of Change and find the will power to create lasting change that will allow them to thrive. Changing unhealthy behaviors is easier said than done. Through interactive exercises, backed by countless research studies, Changing to Thrive will help readers progress through the Stages of Change and find the will power to create lasting change that will allow them to thrive. Eat healthy. Exercise. Quit smoking. Cut down on drinking. Reduce stress. Changing unhealthy behaviors is easier said than done. If you're like most of us, you have already made repeated attempts to change your lifestyle and improve your well-being without lasting success. You may attribute those failures to things like lack of motivation or the “wrong genes.” But it's more likely

that you simply don't know how to change. In this groundbreaking book, James O. Prochaska, PhD, and Janice M. Prochaska, PhD, guide you through a six-stage process designed to help you assess your readiness to change, then tap the inner resources necessary to thrive physically, emotionally, and socially. Backed by countless research studies, the stages of change model, developed by James Prochaska in collaboration with Carlo DiClemente, PhD, has revolutionized the field of behavior change. Through interactive exercises, *Changing to Thrive* will help you progress through the stages of change and learn that you have the power within to thrive.

what is a holistic wellness coach: Mila's Meals Catherine Barnhoorn, 2021-11 Mila's Meals is part cookbook, part whole-food nutrition encyclopaedia covering The Beginning of your child's lifelong relationship with food and The Basics of feeding yourself food that is medicine.

what is a holistic wellness coach: *A Guide to Coaching and Mental Health* Andrew Buckley, Carole Buckley, 2012-11-12 It is vital that coaches have the ability to recognise mental health problems in their clients, enabling them to make an informed decision about whether coaching is appropriate. *A Guide to Coaching and Mental Health* provides an indispensable introduction to the assessment of psychological issues in the context of coaching. Divided into three sections, the book covers all the legal, ethical and practical considerations. Section one, *Working on the Boundary*, starts by exploring the distinction between normal and abnormal behaviour. In section two, *What's Being Said*, the authors introduce fictional case studies, which cover a range of possible mental health issues from mild depression and anxiety, through to psychoses and potentially life threatening problems. Section three, *Categories of Mental Illness*, guides the reader through the definition and management of the more common mental health problems. This accessible and jargon-free guide to identifying mental illness will prove invaluable for coaches and other related professionals, whatever their level of experience.

what is a holistic wellness coach: *Wellpreneur* Amanda Cook, 2017-02-23 Why do some wellness entrepreneurs find freedom, flexibility and a healthy income online - while others get stuck spinning their wheels, never finding clients or making sales? It's not about who has the best website, or who spends more time on social media. The secret is in the system. Wellpreneurs who find clients online have a system in place that failing wellpreneurs don't. This system brings more of the right people to your website, and turns them into paying clients. It's this proven, step-by-step system you'll learn in this book. *Wellpreneur* is a guide to nailing your niche and finding more clients online, written just for wellness entrepreneurs. If you're a health coach, yoga teacher, personal trainer, nutritionist or other wellness professional, you'll: Get total clarity on your target market, so you know exactly who you're serving (and why). Learn the proven five-step Organic Growth System to attract ideal prospects to your website and turn them into paying clients. Peek inside the businesses of successful wellpreneurs, to learn how they grew profitable wellness businesses online. Streamline your online marketing, so you can spend less time marketing, and more time doing work you love!

what is a holistic wellness coach: Total Renewal Frank Lipman, 2004-12-16 In terms of health, most of us live at 50 percent of our capacity. *Total Renewal* takes us the rest of the way there. To varying degrees, we all suffer from digestive disorders, low-grade toxicity, or fluctuating blood sugar levels. While not ballooning into full-fledged diseases, these conditions limit our enjoyment of life and prefigure illnesses that loom in our future. Consisting of seven steps, Dr. Frank Lipman's *Total Renewal Program* is the key to reversing the unhealthy habits and poor functioning that we have slowly developed and accepted over the course of our lives. The program replaces them with new behaviors that leave us stronger, healthier, and more durable. Dr. Lipman's seven steps are: 1. Take Responsibility for Your Health and Well-Being 2. Remove Toxins and Decrease Your Total Load 3. Recognize Your Unique Diet 4. Replenish Nutrients and Balance Hormones 5. Release Tension and Relieve Stress 6. Revitalize with a Detox 7. Reconnect to Yourself, Others, and Nature

what is a holistic wellness coach: *Using Narrative Writing to Enhance Healing During and After Global Health Crises* Jennifer Lynne Bird, 2021-08-30 This authored book explains how there is a growing body of evidence that suggests that patients who actively write about their health conditions are able to process worries, concerns, frustrations and fears and gradually convert

negative thoughts into more positive thoughts and an overall more positive attitude toward their situation--

what is a holistic wellness coach: Juice Guru Steve Prussack, Julie Prussack, 2016-03-21 To reset one's lifestyle there's no better place to start than with juicing.

what is a holistic wellness coach: ROAR Stacy T. Sims, PhD, Selene Yeager, 2016-07-05 "Dr. Sims realizes that female athletes are different than male athletes and you can't set your race schedule around your monthly cycle. ROAR will help every athlete understand what is happening to her body and what the best nutritional strategy is to perform at her very best."—Evie Stevens, Olympian, professional road cyclist, and current women's UCI Hour record holder Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

what is a holistic wellness coach: Glucose Revolution Jessie Inchauspe, 2022-04-05 USA TODAY BESTSELLER * WALL STREET JOURNAL BESTSELLER * INSTANT INTERNATIONAL BESTSELLER Improve all areas of your health—your sleep, cravings, mood, energy, skin, weight—and even slow down aging with easy, science-based hacks to manage your blood sugar while still eating the foods you love. Glucose, or blood sugar, is a tiny molecule in our body that has a huge impact on our health. It enters our bloodstream through the starchy or sweet foods we eat. Ninety percent of us suffer from too much glucose in our system—and most of us don't know it. The symptoms? Cravings, fatigue, infertility, hormonal issues, acne, wrinkles... And over time, the development of conditions like type 2 diabetes, polycystic ovarian syndrome, cancer, dementia, and heart disease. Drawing on cutting-edge science and her own pioneering research, biochemist Jessie Inchauspé offers ten simple, surprising hacks to help you balance your glucose levels and reverse your symptoms—without going on a diet or giving up the foods you love. For example: * How eating foods in the right order will make you lose weight effortlessly * What secret ingredient will allow you to eat dessert and still go into fat-burning mode * What small change to your breakfast will unlock energy and cut your cravings Both entertaining, informative, and packed with the latest scientific data, this book presents a new way to think about better health. Glucose Revolution is chock-full of tips that can drastically and immediately improve your life, whatever your dietary preferences.

what is a holistic wellness coach: Unconventional Medicine Chris Kresser, 2017-09-06 The world is facing the greatest healthcare crisis it has ever seen. Chronic disease is shortening our lifespan, destroying our quality of life, bankrupting governments, and threatening the health of future generations. Sadly, conventional medicine, with its focus on managing symptoms, has failed to address this challenge. The result is burned-out physicians, a sicker population, and a broken healthcare system. In Unconventional Medicine, Chris Kresser presents a plan to reverse this dangerous trend. He shows how the combination of a genetically aligned diet and lifestyle, functional medicine, and a lean, collaborative practice model can create a system that better serves the needs of both patients and practitioners. The epidemic of chronic illness can be stopped, if patients and practitioners can adapt.

what is a holistic wellness coach: Carnivore Diet Shawn Baker, 2019-11-19 Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

what is a holistic wellness coach: The Food Babe Way Vani Hari, 2015-02-10 Eliminate toxins from your diet and transform the way you feel in just 21 days with this national bestseller full of shopping lists, meal plans, and mouth-watering recipes. Did you know that your fast food fries contain a chemical used in Silly Putty? Or that a juicy peach sprayed heavily with pesticides could be triggering your body to store fat? When we go to the supermarket, we trust that all our groceries are safe to eat. But much of what we're putting into our bodies is either tainted with chemicals or processed in a way that makes us gain weight, feel sick, and age before our time. Luckily, Vani Hari -- aka the Food Babe -- has got your back. A food activist who has courageously put the heat on big food companies to disclose ingredients and remove toxic additives from their products, Hari has made it her life's mission to educate the world about how to live a clean, organic, healthy lifestyle in an overprocessed, contaminated-food world, and how to look and feel fabulous while doing it. In *The Food Babe Way*, Hari invites you to follow an easy and accessible plan that will transform the way you feel in three weeks. Learn how to: Remove unnatural chemicals from your diet Rid your body of toxins Lose weight without counting calories Restore your natural glow Including anecdotes of her own transformation along with easy-to-follow shopping lists, meal plans, and tantalizing recipes, *The Food Babe Way* will empower you to change your food, change your body, and change the world.

what is a holistic wellness coach: Gourmet Nutrition John M. Berardi, Michael Williams, Kristina Andrew, 2007 We've taken the healthiest ingredients and whipped them into nearly 300 pages of delicious culinary creations that you can serve with confidence to the most discerning foodie-or the most nitpicky nutritionist. We've included detailed cooking instructions and ideas of improvisation. And we've even photographed every recipe in beautiful color to show you just how appetizing healthy food can be.--Back cover.

what is a holistic wellness coach: Thrive Arianna Huffington, 2014-03-25 In *Thrive*, Arianna Huffington makes an impassioned and compelling case for the need to redefine what it means to be successful in today's world. Arianna Huffington's personal wake-up call came in the form of a broken cheekbone and a nasty gash over her eye--the result of a fall brought on by exhaustion and lack of sleep. As the cofounder and editor-in-chief of the Huffington Post Media Group--one of the fastest growing media companies in the world--celebrated as one of the world's most influential women, and gracing the covers of magazines, she was, by any traditional measure, extraordinarily successful. Yet as she found herself going from brain MRI to CAT scan to echocardiogram, to find out if there was any underlying medical problem beyond exhaustion, she wondered is this really what success feels like? As more and more people are coming to realize, there is far more to living a truly successful life than just earning a bigger salary and capturing a corner office. Our relentless pursuit of the two traditional metrics of success--money and power--has led to an epidemic of burnout and stress-related illnesses, and an erosion in the quality of our relationships, family life, and, ironically, our careers. In being connected to the world 24/7, we're losing our connection to what truly matters. Our current definition of success is, as *Thrive* shows, literally killing us. We need a new way forward. In a commencement address Arianna gave at Smith College in the spring of 2013, she likened our

drive for money and power to two legs of a three-legged stool. They may hold us up temporarily, but sooner or later we're going to topple over. We need a third leg--a third metric for defining success--to truly thrive. That third metric, she writes in *Thrive*, includes our well-being, our ability to draw on our intuition and inner wisdom, our sense of wonder, and our capacity for compassion and giving. As Arianna points out, our eulogies celebrate our lives very differently from the way society defines success. They don't commemorate our long hours in the office, our promotions, or our sterling PowerPoint presentations as we relentlessly raced to climb up the career ladder. They are not about our resumes--they are about cherished memories, shared adventures, small kindnesses and acts of generosity, lifelong passions, and the things that made us laugh. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritizing the demands of a career and raising two daughters--of juggling business deadlines and family crises, a harried dance that led to her collapse and to her aha moment. Drawing on the latest groundbreaking research and scientific findings in the fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplace, and our lives.

what is a holistic wellness coach: *The Primal Blueprint* Mark Sisson, 2012 *The Primal Blueprint* is a simple, flexible plan to help you look and feel your best without struggling or suffering, by adapting the simple lifestyle practices of our hunter-gatherer ancestors into modern life. Sisson presents the compelling premise that you can reprogram your genes in the direction of weight loss, health, and longevity by following 10 immutable Primal Blueprint lifestyle laws validated by two million years of human evolution. Weight loss is largely about insulin; moderate your production by eliminating sugar and grains, and you will lose the excess body fat you desire even while eating delicious, satisfying foods. Plus you will improve your energy level, reduce inflammation, and eliminate disease risk. Eating meat, eggs, and a generally high-fat diet not only is healthy but is the key to effortless weight loss, a healthy immune system, and boundless energy. Slowing down your typical cardiovascular workouts, and incorporating brief, intense strength sessions and occasional all-out sprints can produce fitness benefits far superior to workouts that are longer and more grueling -- and can eliminate the risk of burnout.

what is a holistic wellness coach: *Integrative Health Coaching* Dr Meg Jordan, 2018-06-13 to follow

what is a holistic wellness coach: *Re-Imagining the End of Life* Janet Booth, 2019-04-18 What does it mean to be prepared for the last part of our lives? One of the many lessons author and end-of-life nurse coach Janet Booth learned at the bedside of dying people is how painful it is to come unprepared to the end of life, whether it is our own or that of our loved ones. Much of the suffering we experience seems to come from our unfamiliarity with the journey at end of life and our not knowing how to prepare for it. So there is a need for a different kind of conversation about serious illness and dying in our country. Nurses are trusted professionals who are present with people through all of life's transitions. How might they take more leadership in these conversations? The purpose of this handbook is to provide nurses, coaches, and other health care professionals with opportunities for reflection and inspiration in their work. As nurses and health care professionals, many of us have seen firsthand that the process of navigating serious illness and death within our complex health care system is often confusing, isolating, crisis-driven, and disheartening. What outcomes might be possible if instead: * we reimagined the end of life as a vital, purposeful stage of human development? * practices of healing - forgiveness, gratitude, and letting go - became essential parts of our care plans? * wisdom instead of fear informed our challenging decision points? * we prepared for death in order to live more fully the time that we have? * the hard work of caregiving was sustainable and meaningful for both family and professional caregivers? In this book you will find fresh ideas, tools, and reflective practices that encourage you to explore your personal beliefs and values about aging, advanced illness, and dying. It is intended to inspire you to reimagine the end of life as a vital part of how we become fully human - a time of life that holds value, meaning, and purpose.

what is a holistic wellness coach: Think Like a Monk Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

what is a holistic wellness coach: Let Your Fears Make You Fierce Koya Webb, 2019-06-11 An inspiring, practical guide to release the fears that are holding you back and achieve your ideal life. Everyone experiences fear in life--fear of failure, fear of ridicule, fear of the unknown. These fears hold us back from living our truth and achieving our full potential. They prevent us from growing and moving forward after a minor setback or major disappointment. But if we can transform those fears, anything is possible. We can connect with our authentic self, listen to our soul's desires, and start living our dreams. In this book, celebrity holistic health coach and yoga instructor Koya Webb shares the ways she has lived in fear and the tools she's used to get herself to a more confident and fierce place, moving through life in alignment with everything she believes in. Koya's own personal story of triumph over a career-halting injury, depression, self-sabotage, and other limiting beliefs will inspire readers to meet their challenges head on, and transform their greatest fears and obstacles into positive energy that can launch them forward. If you are tired of feeling overwhelmed, unappreciated, and burned out, this is the book for you. Using breathing techniques, yoga, meditation, journaling, mantras, prayer, and more, Koya shows how you can shift from fear-based living to fierce living! No matter who you are, or where you are at, or what you have been through, these are universal tools that help every human being get un-stuck and be able to live the most fulfilling life possible!

what is a holistic wellness coach: From Living Hell to Living Well Heidi Jennings, Steve Jennings, 2021-09-02 Are you stuck in a living hell with your health? Are you tired of going around in circles trying to find a solution? Imagine being able to bounce out of bed in the morning with a clear head, an abundance of energy and a happy state of mind. Picture yourself living inside a body that is the perfect weight for you and functions exactly as it should. Wouldn't you love to experience that kind of vibrant health and wellbeing and the freedom it would bring? The revolutionary blueprint for health developed by Heidi and Steve Jennings is the life-changing solution you've been searching for.

Forget the pills, potions, fads and gimmicks that only lead to despair. Through the five pillars of health, you can experience the sublime state of being you deserve. It's straightforward, sensible and sustainable - and most importantly, it actually works. If you are suffering from chronic pain or inflammation, anxiety, depression, stubborn body fat, autoimmune dysfunction, menopause symptoms or sleep issues - or any other condition that lowers your quality of life and prevents you from being your best self - this book is a must-read for you. It's time to put your hands back on the steering wheel, take control of your health and live a life you truly love.

what is a holistic wellness coach: *Organize Your Emotions, Optimize Your Life* Margaret Moore, Edward Phillips, M.D., John Hanc, 2016-09-06 From a top wellness coach and a Harvard Medical School professor, comes this revolutionary book that will show you how to identify and decode your nine most basic emotional needs—and coach yourself to a calmer, healthier, and happier life. The more you thrive, the better your brain functions, and you're able to perform at the best level. Your health improves. You enjoy life more. When you're thriving, your stress level is down, your confidence is up, and the internal frenzy is tamed by a poised, self-assured mind. But if you're like the majority of Americans, you may be, in psychological terms, languishing rather than flourishing—surviving instead of thriving. For many, feeling overwhelmed and out of balance has become normal, a consequence of overlooking basic emotional needs. The key to reaching a happy, healthy state is by tapping into, not tuning out, your distinct emotions, and listening to the inner monologue inside your mind. *Organize Your Brain, Optimize Your Life* combines the worlds of self-help, psychology, and medical science to guide you to a place of self-management and control. This insightful, approachable book will teach you how to identify, decode, and assess the nine most basic emotions that rule your brain and to recognize each of these voices and act accordingly to achieve a wide range of goals—from weight loss to career management. Coach your brain to gain deeper insight of your individual needs and live life to your maximum potential.

what is a holistic wellness coach: *CLEAN 7* Alejandro Junger, 2019-12-03 The definitive program on detoxification just got easier, thanks to multiple New York Times bestselling author Dr. Alejandro Junger's detailed, personalized, and medically proven seven-day plan that helps us begin to rid our bodies of the multitude of toxins that infiltrate our systems every day. Each day, too many of us struggle unnecessarily with debilitating health issues, such as colds or viruses, allergies or hay fever, stubborn extra pounds, poor sleep, recurrent indigestion, constipation, or irritable bowel

syndrome, itchy rashes, acne or other skin conditions, depression, anxiety, or frequent fatigue. But we don't have to suffer any longer. In his bestseller *Clean*, the international leader in the field of integrative medicine revealed how many of these common ailments are the direct result of toxic build-up in our systems accumulated through daily living, and offered solutions for combatting them. Now, with *Clean 7*, Dr. Junger makes his groundbreaking program easier and more accessible than ever before. *Clean 7* is his medically proven seven-day regimen that provides all the necessary tools to support and reactivate our bodies' detoxification system to its fullest capabilities. In one week, you can begin addressing those nagging health issues by discovering the foods that harm you and the foods that heal you, lose extra weight, and start to experience what it truly means to be well. The first seven days of any program are the most critical. Undertaking a new routine is stressful, and tests our commitment, willpower, and focus. Understanding exactly what's going on in your body—why you might feel fatigue on day two or cravings on day five—is the key to success. A doctor who's helped millions, Dr. Junger personally guides you through the process, offering a clear, day-by-day, meal-by-meal exploration of what's happening in your body to keep you focused on your goals. Filled with the latest science on the brain, and featuring delicious, nutritious recipes, and details on everything from prepping your kitchen to prepping your mind, *Clean 7* revolutionizes the detoxification process. If you have been searching for a book or program to help you take that next step for your overall health, *Clean 7* is the answer. Discover what it truly means to be healthy.

what is a holistic wellness coach: *Body Love Every Day* Kelly LeVeque, 2019-12-31

Forewords by Emmy Rossum and Jennifer Garner Ditch cravings and love your lifestyle with this body-positive approach to health and wellness In her bestselling book *Body Love*, Kelly LeVeque shared how the Fab Four—protein, fat, fiber, and greens—can transform your health, your body, and your relationship with food. Now, in *Body Love Every Day*, Kelly gives you an action plan to adopt the Fab Four lifestyle in the way that's right for you. For a tailored approach, she has created comprehensive 21-day plans for four different archetypal women: • The Girl on the Go wants a plan that's flexible enough to work with her busy schedule. Kelly shares on-the-go hacks for when you're out and about or traveling, delicious 15-minute meals, and simple strategies to stay balanced every day. • The Domestic Goddess is dedicated to building a healthy home through cooking with and using clean products. Kelly shows you how to elevate your cooking and home to healthier heights. • The Plant-Based Devotee wants to incorporate the Fab Four into her vegetarian or vegan diet. With over forty delectable plant-based recipes, Kelly gives you a plan to stay nourished and fueled while staying committed to your lifestyle. • The Red-Carpet Ready gal wants to look her best for her next big event. Rock your version of the red carpet with the same strategies Kelly uses with her A-list celebrity clients, including recipes to debloat and brighten skin, workouts to tighten and tone, and ideal eating windows to help boost results. Whether you're one of these archetypes or a combination of them, *Body Love Every Day* provides a plan to help you achieve natural wellness for the body, mind, and soul. You'll find recipes and nutrition information for every meal, exercise and movement for every day, stress management and energy recharge for nights and weekends, and emotional support to get you through the inevitable tough times. Whether you're looking to live healthier or drop a jean size, boost your fitness or just feel better, *Body Love Every Day* is your guide to success.

what is a holistic wellness coach: *How to Eat, Move, and Be Healthy! (2nd Edition)* Paul Chek, 2018-07 This book provides the structure of a four-step program for creating a healthier lifestyle including developing a unique eating plan and a personalized exercise program.

what is a holistic wellness coach: *The Health Coach Collective* Marsie Ross, Anneka Davis, Ashley Murdock, Debbie Carter, Jodi Jordan, La Tina Thomas, Melody McClellan, Michelle Knights, Radiah Rhodes, Stacey Brass-Russell, Jeanette Chandler, 2019-10-19 For so many of us, becoming and staying healthy and happy is almost a fairytale. When we see people who seem to have it figured out, many of us believe that we could never achieve such success. We wish we were those people but often believe we can't kick our old bad habits. We secretly envy those people who seem to be so enlightened, but we often overlook their journey. The famous author and poet Maya Angelou said it best, You see my glory, but you don't know my story. For the first time, you will hear directly from

health and life coaches their story, including setbacks and triumphs so that you can finally see that you have what it takes to be the healthy and happy badass of your dreams!

what is a holistic wellness coach: *Functional Medicine Coaching: Stories from the Movement That's Transforming Healthcare* Elyse Wagner, Sandra Scheinbaum, 2018-10-09 Functional Medicine Coaching contains inspirational stories that describe the personal transformations and journeys toward physical health and well-being as a result of working with a health coach. Both aspiring coaches and those already working in the field will learn the power of combining the principles of Functional Medicine with positive psychology coaching. The powerful blending of these two approaches addresses what individual need to thrive. Anyone with a passion for helping others should consider entering the rapidly exploding fields of health coaching and specializing in Functional Medicine coaching.

what is a holistic wellness coach: *The Complete Hormone Puzzle Cookbook* Coach Kela Smith, 2019-08-16 Why does so many women struggle with infertility? Is it a lack of education? An issue with their health? Not knowing where to start? Poor food choices? Lack of effort? The wrong mindset? Actually it could be any of these but the one I see more often than any is poor food choices! Optimal fertility is created by how you nourish your body. I like to call it intentional eating. It's not about depravation, starvation or not eating this or that. It's about eating delicious, nutritious food that is as close to nature as possible so you give your body everything it needs to build a healthy baby. I named this book, The hormone puzzle because you are literally putting together all the pieces so your body works for you not against you and you effortlessly create and sustain life the way your body was intended to. The Hormone puzzle is going to teach you how to - -Use whole food in delicious combinations to heal your body from within so you become pregnant naturally.- Discover which foods will give you energy and which foods take energy away. -Learn what foods to eat to cut inflammation in the body which is one of the leading causes of infertility and hormone imbalance. -Food combinations designed to balance hormones, so you look and feel your best. -These food combinations will help to balance your blood sugar so you stay full and satisfied ALL day. n-This book will also be your journal for exploring your thoughts, feelings and emotions while on of this difficult journey. -It's time to put your body into the optimal state for conception and get you pregnant once and for all.

what is a holistic wellness coach: *Self-Compassion* Dr. Kristin Neff, 2011-04-19 Kristin Neff, Ph.D., says that it's time to "stop beating yourself up and leave insecurity behind." *Self-Compassion: Stop Beating Yourself Up and Leave Insecurity Behind* offers expert advice on how to limit self-criticism and offset its negative effects, enabling you to achieve your highest potential and a more contented, fulfilled life. More and more, psychologists are turning away from an emphasis on self-esteem and moving toward self-compassion in the treatment of their patients—and Dr. Neff's extraordinary book offers exercises and action plans for dealing with every emotionally debilitating struggle, be it parenting, weight loss, or any of the numerous trials of everyday living.
