xpress wellness ada ok: Prevalence and Severity of Dental Fluorosis in the United States, 1999-2004 Eugenio D. Beltrán-Aguilar, 2010 Dental fluorosis refers to changes in the appearance of tooth enamel that are caused by long-term ingestion of fluoride during the time teeth are forming. Studies conducted in the 1930s showed that the severity of tooth decay was lower and dental fluorosis was higher in areas with more fluoride in the drinking water. In response to these findings, community water fluoridation programs were developed to add fluoride to drinking water to reach an optimal level for preventing tooth decay, while limiting the chance of developing dental fluorosis. By the 1980s, studies in selected U.S. communities reported an increase in dental fluorosis, paralleling the expansion of water fluoridation and the increased availability of other sources of ingested fluoride, such as fluoride toothpaste (if swallowed) and fluoride supplements. This report describes the prevalence of dental fluorosis in the United States and changes in the prevalence and severity of dental fluorosis among adolescents between 1986-1987 and 1999-2004. Data from the National Health and Nutrition Examination Survey, 1999-2004 and the 1986-1987 National Survey of Oral Health in U.S. School Children. - p. 1.

xpress wellness ada ok: Menstruation Matters Bridget J. Crawford, Emily Gold Waldman, 2024-10 Explores the burgeoning menstrual advocacy movement and analyzes how law should evolve to take menstruation into account. Approximately half the population menstruates for a large portion of their lives, but the law is mostly silent about the topic. Until recently, most people would have said that periods are private matters not to be discussed in public. But the last few years have seen a new willingness among advocates and allies of all ages to speak openly about periods. Slowly around the globe, people are recognizing the basic fundamental human right to address menstruation in a safe and affordable way, free of stigma, shame, or barriers to access. Menstruation Matters explores the role of law in this movement. It asks what the law currently says about menstruation (spoiler alert: not much) and provides a roadmap for legal reform that can move society closer to a world where no one is held back or disadvantaged by menstruation. Bridget J. Crawford and Emily Gold Waldman examine these issues in a wide range of contexts, from schools to workplaces to prisons to tax policies and more. Ultimately, they seek to transform both law and society so that menstruation is no longer an obstacle to full participation in all aspects of public and private life.

xpress wellness ada ok: Disability Visibility Alice Wong, 2020-06-30 "Disability rights activist Alice Wong brings tough conversations to the forefront of society with this anthology. It sheds light on the experience of life as an individual with disabilities, as told by none other than authors with these life experiences. It's an eye-opening collection that readers will revisit time and time again." —Chicago Tribune One in five people in the United States lives with a disability. Some disabilities are visible, others less apparent—but all are underrepresented in media and popular culture. Activist Alice Wong brings together this urgent, galvanizing collection of contemporary essays by disabled people, just in time for the thirtieth anniversary of the Americans with Disabilities Act, From Harriet McBryde Johnson's account of her debate with Peter Singer over her own personhood to original pieces by authors like Keah Brown and Haben Girma; from blog posts, manifestos, and eulogies to Congressional testimonies, and beyond: this anthology gives a glimpse into the rich complexity of the disabled experience, highlighting the passions, talents, and everyday lives of this community. It invites readers to question their own understandings. It celebrates and documents disability culture in the now. It looks to the future and the past with hope and love.

xpress wellness ada ok: Mendelssohn in Performance Siegwart Reichwald, 2008-09-25

Exploring many aspects of Felix Mendelssohn's multi-faceted career as musician and how it intersects with his work as composer, contributors discuss practical issues of music making such as performance space, instruments, tempo markings, dynamics, phrasings, articulations, fingerings, and instrument techniques. They present the conceptual and ideological underpinnings of Mendelssohn's approach to performance, interpretation, and composing through the contextualization of specific performance events and through the theoretic actualization of performances of specific works. Contributors rely on manuscripts, marked or edited scores, and performance parts to convey a deeper understanding of musical expression in 19th-century Germany. This study of Mendelssohn's work as conductor, pianist, organist, violist, accompanist, music director, and editor of old and new music offers valuable perspectives on 19th-century performance practice issues.

xpress wellness ada ok: Middle Fork Magic Gayle Selisch, 2013-03-13 For many years, author Gayle Selisch and her husband ran Middle Fork Rafting Tours, one of the United States' premier whitewater rafting trips. While out on these tours, they used these wonderful recipes, trying, testing, and enjoying them on Idaho's Middle Fork of the Salmon River. These recipes highlight the use of the aluminum Dutch oven and are designed to be made primarily over charcoal, but they can also be cooked at home, in any oven. The recipes include breakfast dishes, unique lunch salads, appetizers, dinner entrees, side dishes, and desserts. River history and humor are incorporated among the recipes to add to its charm. From yummy pecan sticky buns to warm beans with herbs, from tomatoes and goat cheese to peppered pork tenderloin with blueberry sauce, there are wonderful, tasty dishes for everyone. The proceeds from the sale of this cookbook will benefit two important nonprofit organizations. The first beneficiary is the Swiftsure Therapeutic Equestrian Center located in Bellevue, Idaho. Therapeutic riding improves the lives of disabled persons. The second beneficiary is the Bald Mountain Rescue Fund, an Idaho organization that assists residents in times of catastrophic injuries.

xpress wellness ada ok: Interdisciplinary Approaches to Disability Katie Ellis, Rosemarie Garland-Thomson, Mike Kent, Rachel Robertson, 2018-12-12 How can a deep engagement with disability studies change our understanding of sociology, literary studies, gender studies, aesthetics, bioethics, social work, law, education, or history? *Interdisciplinary Approaches to Disability* (the companion volume to *Manifestos for the Future of Critical Disability Studies*) identifies both the practical and theoretical implications of such an interdisciplinary dialogue and challenges people in disability studies as well as other disciplinary fields to critically reflect on their professional praxis in terms of theory, practice, and methods. Topics covered include interdisciplinary outlooks ranging from media studies, games studies, education, performance, history and curation through to theology and immunology. Perspectives are drawn from different regions from the European Union to the Global South with chapters that draw on a range of different national backgrounds. Our contributors who write as either disabled people or allies do not proceed from a singular approach to

disability, often reflecting different or even opposing positions. The collection features contributions from both established and new voices in international disability studies outlining their own visions for the future of the field. *Interdisciplinary Approaches to Disability* will be of interest to all scholars and students working within the fields of disability studies, cultural studies, sociology, law history and education. The concerns raised here are further in *Manifestos for the Future of Critical Disability Studies*.
