Questions like How can you believe the Bible is true?; Why can't we just agree that love is love?; and Isn't Christianity against diversity? can seem like roadblocks for kids who are following Jesus, as well as for those who might otherwise consider faith in Christ. book on questions and answers on christian beliefs for adults: Confronting Christianity Rebecca McLaughlin, 2019-04-17 Although many people suggest that Christianity is declining, research indicates that it continues to be the world's most popular worldview. This book explores 12 issues that might cause someone to dismiss orthodox Christianity—issues such as the existence of suffering, the Bible's teaching on gender and sexuality, the reality of heaven and hell, the authority of the Bible, and more. As a teacher, Jesus Christ put many of his lessons in the form of questions. The gospels record more than 300 of them. Some are rhetorical, needing no answer, but most were real questions posed to real people. Many of Jesus' questions are familiar to readers today, yet the context and the potential interpretations of such phrases will offer enlightenment to many. Organized by Biblical verse, these 65 enigmatic questions include:
You of little faith, why did you doubt? - Matthew 14:31
Do you have eyes but fail to see, and ears but fail to hear? - Mark 8:18
And now, *What Did Jesus Ask?* poses those questions to many of today's prominent religious figures, scholars and thought leaders to contemplate and interpret. Contributors include bestselling singer/songwriters Amy Grant and Michael W. Smith, Christian leaders Barbara Taylor and Cardinal Wuerl of Washington, and bestselling authors James Martin and Sarah Young, and many more. book on questions and answers on christian beliefs for adults: *Questioning the Bible* Jonathan Morrow, 2014-07-15 The Bible is the most influential book in human history. But what are we supposed to do with it in the 21st century? And even more importantly, can it still be trusted as the Word of God? Confusion and doubt about the Bible are becoming as common inside the church as they are outside. Questions come from all sides: Is the Bible anti-intellectual? Has the biblical text been corrupted over the centuries? Who really chose the books of the Bible and why? Which interpretation of the Bible is correct? Are the gospels full of contradictions? There are an unprecedented number of sophisticated attacks on the origin, credibility, and reliability of the Bible today. Secularism has tried to undercut even the possibility of spiritual or moral knowledge. Skepticism toward institutional religion is at an all-time high. Yet, the Bible claims that truth is knowable and God is actively involved in our world. What are we to do? Pray for wisdom. Think clearly. Pick up your Bible. Read through the 11 major challenges presented in these pages. And be ready.

book on questions and answers on christian beliefs for adults: Finding the Father

Herb Montgomery, 2009 That first lie Satan told in Eden--the one that said God was actually a selfish liar--has spawned a multitude of untruths about who God is and what His feelings toward us really are. The human perception of God has been askew ever since, and we've struggled to relate to this God we don't really (want to) know. Naturally, since our view of God is distorted, our attitudes and behavior are rebellious--perceptions change our thoughts, thoughts influence our feelings, and feelings determine attitudes and behavior. Herb Montgomery goes straight to the root of the problem and sweeps aside the misperceptions of God and His character that cause us to spurn the only one who truly loves us. Some of Christianity's long-held, though biblically unfounded, views are confronted--God's true attitude toward pain and suffering, where guilt comes from, and what His forgiveness accomplishes. And the question that plagues every human heart is irrevocably resolved: If God really loves us, why does He allow horrible things to happen?

book on questions and answers on christian beliefs for adults: The Language of Science and Faith

Karl W. Giberson And Francis S. Collins, 2011-03 Christians affirm that everything exists because of God--from subatomic quarks to black holes. Science often claims to explain nature without including God at all. And thinking Christians often feel forced to choose between the two. But the good news is that we don't have to make a choice. Science does not overthrow the Bible. Faith does not require rejecting science. World-renowned scientist Francis Collins, author of *The Language of God*, along with fellow scientist Karl Giberson show how we can embrace both. Their fascinating treatment explains how God cares for and interacts with his creation while science offers a reliable way to understand the world he made. Together they clearly answer dozens of the most common questions people ask about Darwin, evolution, the age of the earth, the Bible, the existence of God and our finely tuned universe. They also consider how their views stack up against the new atheists as well as against creationists and adherents of intelligent design. The authors disentangle the false conclusions of Christians and atheists alike about science and evolution from the actual results of research in astronomy, physics, geology and genetics. In its place they find a story of the grandeur and beauty of a world made by a supremely creative God.

book on questions and answers on christian beliefs for adults: Am I Really a Christian?

(Foreword by Kirk Cameron) Mike McKinley, 2011-06-07 Jesus divided the world into two groups—those who follow him and those who don't. But what happens when someone thinks he or she is a Christian, but isn't? With his witty, engaging style, Mike McKinley takes readers on a journey of what it means to be a Christian. He asserts that manipulative evangelism techniques and a poor understanding of the gospel have resulted in an abundance of professing Christians who have no idea what it means to follow Christ. Each chapter title begins with You're not a Christian [if/when/just because you]... As he surveys what it means to be Christian, McKinley offers criteria for evaluating one's standing before God. Readers are guided through a series of challenges to reflect, repent, remember, and report to another person. *Am I Really a Christian?* ends with chapters on salvation and the local church. This unique book is written for nominal or new Christians and can be used in personal or small-group study.

book on questions and answers on christian beliefs for adults: Think Christianly Jonathan Morrow, 2011-11-01 Think Christianly is about seizing the opportunities we have every day to speak the life Jesus offers into our culture. Tragically, many such opportunities pass us by unclaimed—either because we don't notice them or we have not prepared ourselves to enter into them. And those around us seem to grow increasingly unwilling to hear anything the church has to say. Jonathan Morrow helps church leaders envision and implement ways for their congregations to "think Christianly" about contemporary questions and to speak in informed, engaging ways. Morrow explores many of the important issues that Christians often hear raised with regard to faith—questions about who Jesus was, the good and bad of religion, pain and evil in the world, the reliability of the Bible, sexuality and intimate relationships, and hope for change, among others. The life and faith issues that Think Christianly addresses lead to cultural moments where Christianity and contemporary culture intersect. This book will help churches take vital steps toward cultivating compassion and competence in speaking faithfully to a questioning world.

book on questions and answers on christian beliefs for adults: Four Disturbing Questions with One Simple Answer Tim Sledge, 2019-07-24 I've shared the details of my spiritual journey in *Goodbye Jesus: An Evangelical Preacher's Journey Beyond Faith*. My aim in this book is raise four challenging questions that need to be addressed by every Christian believer and then to offer one incredibly simple answer—an answer that challenges the veracity of the Christian faith but can also be the gateway to a rewarding new life that is based on truth and does not require the suspension of common sense. Choose courage. If what you believe is true, it can stand the test of any question that I or anyone else might raise. I encourage you to open your mind, face the facts, and decide that you will follow the truth wherever it leads. I spent most of my life in a search for truth about faith, God, and religion. Maybe I can save you some time as you make your own decisions. Tim Sledge
