Breakthrough: 8 Steps to Wellness

Feeling stuck in a rut? Yearning for a vibrant, healthier you? You're not alone. Millions crave that elusive feeling of true wellness, but knowing where to start can feel overwhelming. This isn't about quick fixes or fad diets; this is about a breakthrough – a sustainable shift towards a healthier, happier you. This post outlines eight actionable steps to build a personalized wellness journey, designed to help you achieve lasting results. We'll cover everything from nourishing your body to nurturing your mind, providing practical strategies you can implement today. Get ready to embark on your personal wellness revolution!

1. Prioritize Sleep: The Foundation of Wellness

Let's face it, sleep is often the first thing to go when life gets hectic. But prioritizing 7-9 hours of quality sleep is paramount. Insufficient sleep wreaks havoc on your hormones, immune system, and mental clarity. Aim for a consistent sleep schedule, create a relaxing bedtime routine (think warm bath, calming music, reading), and optimize your sleep environment for darkness and quiet. Consider a sleep tracking app to identify sleep patterns and address any issues. A well-rested mind and body are better equipped to handle stress and embrace healthy habits.

2. Nourish Your Body with Whole Foods: Fueling Your Breakthrough

Forget restrictive diets; focus on nourishing your body with whole, unprocessed foods. Think colorful fruits and vegetables, lean proteins, whole grains, and healthy fats. These foods provide essential nutrients, energy, and support overall health. Plan your meals ahead of time, keeping healthy snacks readily available to avoid unhealthy impulsive choices. Hydration is key too – aim for at least eight glasses of water daily. Listen to your body's hunger cues and avoid emotional eating.

3. Move Your Body: Find an Activity You Enjoy

Exercise isn't just about weight loss; it's about boosting mood, reducing stress, and improving cardiovascular health. Find an activity you genuinely enjoy, whether it's dancing, hiking, swimming, yoga, or simply taking a brisk walk. Aim for at least 150 minutes of moderate-intensity aerobic activity or 75 minutes of vigorous-intensity activity per week. Consistency is more important than intensity; start small and gradually increase your activity level.

4. Mindfulness and Meditation: Calming the Inner Storm

Stress is a significant contributor to many health issues. Incorporating

mindfulness and meditation practices can significantly reduce stress levels and improve mental clarity. Even 5-10 minutes of daily meditation can make a difference. There are countless apps and guided meditations available to help you get started. Focus on your breath, observe your thoughts without judgment, and allow yourself to simply be present in the moment.

5. Connect with Nature: Reconnect with Yourself

Spending time in nature has been shown to reduce stress, improve mood, and boost creativity. Take a walk in the park, hike in the woods, or simply sit under a tree and breathe in the fresh air. Connecting with the natural world provides a sense of peace and perspective, helping you reconnect with yourself and your inner strength.

6. Cultivate Meaningful Relationships: The Power of Connection

Strong social connections are essential for overall well-being. Nurture your relationships with family and friends, and actively seek out new connections. Engage in activities you enjoy with others, whether it's playing sports, volunteering, or simply having coffee with a friend. Feeling connected and supported is crucial for emotional and mental health.

7. Set Realistic Goals and Celebrate Successes: One Step at a Time

Don't try to overhaul your entire life overnight. Set small, achievable goals and celebrate each milestone along the way. This will keep you motivated and prevent burnout. Focus on progress, not perfection. Acknowledge your successes, no matter how small, and use them as fuel to continue your journey towards wellness.

8. Seek Professional Support When Needed: You're Not Alone

Don't hesitate to seek professional help when needed. Whether it's a therapist, nutritionist, or doctor, there are resources available to support you on your wellness journey. Acknowledging the need for support is a sign of strength, not weakness. Remember, you're not alone, and there are people who care and want to help you thrive.

Conclusion: Your Wellness Journey Begins Now

Embarking on a journey towards wellness is a personal and ongoing process. These eight steps provide a framework for building a healthier, happier life, but remember to personalize them to your own needs and preferences. Be patient with yourself, celebrate your progress, and remember that consistency is key. Your breakthrough to wellness awaits!

FAQs

Q1: How long does it take to see results from these steps?

A1: The timeline varies for each individual. Some may see improvements in mood and energy within weeks, while others may take longer to see significant changes in their overall health. Consistency is key; the longer you stick to these steps, the more significant the results will be.

Q2: What if I don't enjoy traditional exercise?

A2: The key is to find an activity you enjoy! This could be anything from dancing to gardening to swimming. The goal is to move your body regularly, so experiment until you find something that fits your lifestyle and preferences.

Q3: How can I manage stress if I have a very demanding job?

A3: Prioritize stress-reducing techniques like mindfulness, meditation, and spending time in nature. Consider setting boundaries at work and incorporating relaxation techniques into your daily routine, even if it's just for a few minutes.

Q4: I struggle with making healthy food choices. Any tips?

A4: Plan your meals ahead of time, keep healthy snacks readily available, and focus on whole, unprocessed foods. Consider meal prepping to make healthy eating easier and more convenient.

Q5: Is it okay to skip a day or two of these habits?

A5: While aiming for consistency is ideal, life happens. If you miss a day or two, don't beat yourself up. Simply get back on track the next day. Focus on making these habits a sustainable part of your lifestyle rather than striving for unattainable perfection.

breakthrough 8 steps to wellness: Breakthrough Suzanne Somers, 2009-09-29 Are you thriving...or do you need a health BREAKTHROUGH? People are suffering and many haven't had access to the treatment they truly need to get better. Until now. In interviews with the most progressive doctors in the field of antiaging medicine, #1 New York Times bestselling author and women's health pioneer Suzanne Somers uncovers enlightening, lifesaving information for a natural, drug-free approach to living. Spending the time that you just won't have with your own doctor in today's challenged medical environment, she shares the 8 STEPS TO WELLNESS that form the cornerstone of breakthrough medicine. Readers will discover how to: • balance hormones through bioidentical (not synthetic, cancer-causing) hormone replacement • fix thyroid problems • sleep 8 to 9 hours each night without drugs • improve memory • detect diabetes early • restore hearing • preserve eyesight • and much more!

breakthrough 8 steps to wellness: Breakthrough Suzanne Somers, 2008 The best-selling author of *Ageless* introduces the concepts of breakthrough medicine and explains how to use its innovative new treatments and techniques to prevent and eliminate the problems associated with aging through a program of nutrition, hormone balance, nutritional supplements, and more. 600,000 first printing.

breakthrough 8 steps to wellness: Ageless Suzanne Somers, 2007-12-31 In this #1 New York Times bestseller, Suzanne Somers reveals the secrets to a younger, healthier, and sexier you. What

if you could really feel better as you get older, or age without illness? What could be better than having your doctor tell you that you have the bones of a twenty-year-old, or the heart of a thirty-year-old? Follow the advice in *Ageless*, and you'll discover your own internal fountain of youth! Jam-packed with updated information on bioidentical hormone replacement and antiaging, *Ageless* will change your life forever. Suzanne talks about: • Antiaging medicine and how it can help work against the environmental assault that is making us sick • Menopause, which can become an enjoyable passage once the body is in perfect hormonal sync with bioidentical hormone replacement therapy • Why so many hysterectomies are unnecessary, how birth control pills may have contributed to the rise of them, and how to restore your body to perfect hormonal balance after having one • The importance of sleep and the healing work that nature does during this time

breakthrough 8 steps to wellness: Suzanne Somers' Slim and Sexy Forever Suzanne Somers, 2005 Draws on the latest medical and nutritional research to present an effective approach to losing weight and balancing hormones for optimal health and vitality, without the damage created by the long-term effects of a low carbohydrate diet.

breakthrough 8 steps to wellness: Bombshell Suzanne Somers, 2013-09-10 For the millions of fans who've made Suzanne Somers a bestselling author for years: the huge numbers of boomers and the post-40 crowd of health consumers interested in aging gracefully, successfully, and beautifully This groundbreaking new book aims to redefine aging as we know it. And who better to do it than Suzanne Somers, bestselling phenomenon, health pioneer, and the face of anti-aging medicine. Here she interviews future medicine's best and brightest to craft a plan that will reshape the way we treat, approach, and think about aging. Forget anti-aging; this is the next step: embracing it, looking forward to it, and enjoying it. Definitely pro-aging.

breakthrough 8 steps to wellness: Suzanne Somers' Get Skinny on Fabulous Food Suzanne Somers, 2011-02-23 After the phenomenal success of *Eat Great, Lose Weight*, Suzanne Somers was flooded with letters and phone calls from people who had lost weight the Somersize way. They had followed Suzanne's satisfying and effective program and for the first time had gained control over their weight and their health. There was no more dieting, no more deprivation, and the pounds just seemed to melt away. Now, Suzanne takes readers to the next step toward greater health and fitness in Suzanne Somers' *Get Skinny on Fabulous Food*. With breakthrough research on food and our bodies, an easy-to-follow weight-loss plan, and more than 130 amazing new Somersized recipes, this book is a must-read for anyone looking to shed pounds or maintain their weight-even while eating meat, cheese, butter, dressings, desserts, and other delicious foods not found on most eating plans. Backed up by renowned endocrinologist Dr. Diana Schwarzbein, Suzanne tells how sugar, not fat, is responsible for weight gain, and how combining food properly and eating a diet that is low in carbohydrates and that includes plenty of natural fats and proteins will not only help you lose weight but also can reprogram your metabolism, lower your cholesterol and blood pressure, and give you more energy. Somersizing is not a diet, but a way of life. In *Get Skinny on Fabulous Food* you will find inspiring testimonials from some of Suzanne's greatest success stories, people who have lost weight, lowered blood pressure, and eliminated digestive problems by Somersizing. And you can join Suzanne and her family as they celebrate good food and good times throughout the year with dinners, brunches, and other special-occasion meals that are perfectly Somersized yet perfectly delicious. It is almost impossible to believe you can lose weight and still feel so indulged! Best of all, Suzanne shares more than 130 new mouthwatering Somersized recipes, including Milanese Beef with Sautéed Onions and Mushrooms in a Port Wine Sauce, Spicy Rock Shrimp Salad, Fried Rice with Shiitake Mushrooms, Decadent White Chocolate Cake, and Crème Brûlée. Once again, Suzanne Somers proves that you really can get, and stay, skinny on fabulous food! Look for *Eat Great, Lose Weight* now available in paperback

breakthrough 8 steps to wellness: Sexy Forever Suzanne Somers, 2010-12-28 What If Your Weight Wasn't Your Fault? If you are like most, you have tried to find an easy, enjoyable, permanent weight loss solution. One that doesn't make you give up too many of your favorite foods, have you working out like a maniac, and won't fail you in the long run. But long-term success is awfully hard if

you don't address the hidden culprit behind the excess fat we carry: the toxic burden our bodies have accumulated. Whether you have just a few pounds to lose or are battling more, this new plan from health pioneer Suzanne Somers will give you the knowledge you need to easily combat these toxins and become slim, vibrant, healthy, and sexy . . . forever. Within the pages of *Sexy Forever* you will discover: Thousands of FDA-approved chemicals and toxins surrounding us every day that sabotage our health and weight—and how to conquer these enemies. A simple-to-follow three-phase weight loss program, filled with rich, delicious foods. Plus, a special Detox Phase that has been designed to release your toxic burden and blast off those first—or last few—pounds. All-new delicious recipes, with menus for fabulous eating every day. A moderate (hint: fast and easy!) exercise program to keep you fit and healthy. Ways to jump-start your success: cutting-edge, natural tools and products to make every step of the plan faster, easier, and more convenient. Includes amazing supplements and weight loss products to help catapult your success. A simple test that could unlock the hidden secret to your personal food demons—food sensitivities or intolerances that could silently be keeping you overweight or even chronically ill. How to achieve natural hormonal balance: the missing ingredient for every person over forty that must be added to make any plan successful. An all-access pass to revered doctors, experts, and nutritionists who helped Suzanne craft the plan. **YOU CAN WIN THIS BATTLE. YOUR GOALS ARE ACHIEVABLE.** Stay the course and you'll be on the path to regaining the vibrant health you were born to have. *Sexy Forever* is your ticket there.

breakthrough 8 steps to wellness: I'm Too Young for This! Suzanne Somers, 2014-09-23
Why Wait to Feel Good Again? If you're in your thirties or forties, your body is changing, and so are your moods, sleep, health, and weight. Tired of being at the mercy of your hormones? Armed with the knowledge in this book, you don't have to be. Perimenopause can be enjoyable if you know what to do. *I'm Too Young for This!* details how you can get your body and mind back on track, safely and without drugs, including: - How our bodies transition hormonally—from puberty through perimenopause. - The common complaints of perimenopause—and hidden factors that may keep you symptomatic. - What are the minor and major hormones, and the important role they play in feeling good and staying vibrant and healthy. - What to eat—including Perimenopausal Power Foods—as well as other lifestyle shifts that are critical to your successful transition. - Cutting-edge research that proves the safety and efficacy of bioidentical hormone replacement (BHRT). - The Symptom Solver: a state-of-the-art guide to immediate relief for your hormonal complaints. Plus, how to find the right doctor as well as get your most frequently asked questions answered by expert hormone specialists. Your life is about to change for the better. You can feel great, be vibrant, healthy, thin, and sexy! This book shows you how.

breakthrough 8 steps to wellness: Total Recovery Gary Kaplan, 2014-05-06 About 100 million Americans live with some form of chronic pain—more than the combined number who suffer from diabetes, heart disease, and cancer. But chronic pain has always been a mystery. It often returns at the slightest provocation, even when doctors can't find anything wrong. Oddly enough, whether the pain is physical or emotional, traumatic or slight, our brains register all pain as the same thing, and these signals can keep firing in the nervous system for months, even years. In *Total Recovery*, Dr. Gary Kaplan argues that we've been thinking about disease all wrong. Drawing on dramatic patient stories and cutting-edge research, the book reveals that chronic physical and emotional pain are two sides of the same coin. New discoveries show that disease is not the result of a single event but an accumulation of traumas. Every injury, every infection, every toxin, and every emotional blow generates the same reaction: inflammation, activated by tiny cells in the brain, called microglia. Turned on too often from too many assaults, it can have a devastating cumulative effect. Conventional treatment for these conditions is focused on symptoms, not causes, and can leave patients locked into a lifetime of pain and suffering. Dr. Kaplan's unified theory of chronic pain and depression helps us understand not only the cause of these conditions but also the issues we must address to create a pathway to healing. With this revolutionary new framework in place, we have been given the keys to recover.

breakthrough 8 steps to wellness: *Clean Gut* Alejandro Junger, 2013-04-30 In *Clean Gut*, Alejandro Junger, M.D, New York Times bestselling author of *Clean* and creator of the world-famous Clean Program, delivers a complete toolkit for reversing disease and sustaining life-long health. All of today's most-diagnosed ailments can be traced back to an injured and irritated gut. The gut is an intricate and powerful system, naturally designed to protect and heal the body every moment of every day And yet for far too many of us, this remarkable system is in disrepair, which leads to all kinds of health problems—from extra pounds, aches and pains, allergies, mood swings, and lack of libido, to heart disease, cancer, autoimmune disorders, insomnia, and depression. But we no longer have to be sick to get healthy. In this groundbreaking program, Alejandro Junger, M.D. explains how instead of treating the symptoms as they arise, we can preemptively attack disease before it takes root in the gut. No matter your current state of health, you will benefit from this program: *Clean Gut* will help you put an end to everyday ailments, reverse chronic disease, and achieve true, long-lasting health.

breakthrough 8 steps to wellness: Balance Your Hormones, Balance Your Life Claudia Welch, 2011-03-22 Deepak Chopra meets Christiane Northrup in this women's health guide, which uses Ayurvedic and traditional Chinese Medicine to achieve hormonal balance and optimal well-being.

breakthrough 8 steps to wellness: *The Immunotype Breakthrough* Heather Moday, 2021-12-21 A respected immunologist, allergist, and functional medicine doctor breaks down the latest science on immunity, offering “the most important guide available” (Mark Hyman, MD) to balancing your system for optimal health and longevity. To most of us, the immune system is seemingly unknowable—it's an invisible, complex network of cells, receptors, and messengers, and there's no standard way to see if it's functioning as it should. Yet in spite of this, it affects every aspect of our health, influencing (and sometimes even causing) nearly every disease known to

humanity. Much has been made about “boosting” immunity, but what exactly does that mean, and what if boosting isn't really what your unique system needs? In *The Immunotype Breakthrough*, Dr. Heather Moday explains that for most, immune system balance is key. Drawing on a wealth of cutting edge research and fascinating case studies, Dr. Moday explains that the immune system is fluid and significantly influenced by our behaviors, diet, habits, and environment. She identifies four primary Immunotypes—Smoldering, Weak, Hyperactive, and Misguided—that underlie the immune imbalances that commonly lead to disease, chronic inflammation, infection, allergies, and autoimmunity. By identifying your personal immunotype—where you fall on this immunity spectrum—you can intervene by making focused, individualized, natural lifestyle changes to ensure it functions optimally. Featuring engaging and accessible science, practical and customizable takeaways, and interactive quizzes to help you zero in on your specific needs, *The Immunotype Breakthrough* is a revolutionary program for creating an individualized lifestyle and diet that will lead to immune resilience, vitality, and longevity.

breakthrough 8 steps to wellness: Intestinal Health Mardell Hill, 2015-05-07 *Intestinal Health* is a breakthrough book designed for people affected by digestive issues from diverticulitis to leaky gut, from GERD to chronic gas, constipation, and other ailments. It will improve the life of anyone who wants to maximize their digestion, increase good bacteria, decrease symptoms of discomfort, and heighten cellular oxygen levels resulting in complete abdominal comfort. Following Mardell Hill's simple formula, anyone can reduce their digestive disorder or pain symptoms by identifying their unique path to self-recovery. While some may seek medical care, others may try an alternative route; still others try to self-medicate, and yet many still suffer even after various treatments. Today people want effective, safe, and natural solutions for digestive health and care. Here, then, is a practical, easy-to-use guide that walks readers through the various issues they may confront, how to prevent them, and how to get relief should symptoms crop up. Hill responds to some of the most commonly asked questions about preventing, or stopping, abdominal pain and discomfort. In clear and simple language, she helps readers better understand how digestion works, from top to bottom, and explores the many different difficulties that can arise along this path. Offering sound and proven advice, she helps readers feel better and live better.

breakthrough 8 steps to wellness: Swimming Out Of Water Catherine Garceau, 2012-09-01 Most people who knew Catherine Garceau during the early years of this century were struck by just how much she had going for her. The tall blonde with a body to kill for had won a Bronze medal at the 2000 Olympic Games as part of Canada's synchronized swimming team. But no one knew that Catherine, having lost her main outlet for her obsession with perfection, was floundering in her post-Olympic life. Performing in Las Vegas and building a career in business and marketing weren't fulfilling. In fact, part of her felt she was losing it all: her athletic body, her high-achieving mind and most humiliating, her image of excellence. Now, in *Swimming Out of Water*, Garceau goes beneath the surface of her life. From the lens of a life-changing experience she had while hiking in the Red Rock National Park outside Las Vegas. Stuck on a cliff, alone, for twenty-four hours, she flashes back to moments of fear, failure, loss, triumph, and breakthrough, which all decorated her journey with valuable lessons. Written in the journal she took with her that day, Garceau realizes and reveals the negative effects of sugar and many chemicals found in our food and environments, including the chlorine she had bathed in for so many years. Alas, with no one coming to her rescue, how did she get herself up from the ledge? How has her dream of a chlorine free swimming evolved? And how has she turned the stubborn eating disorders she faced into programs to help free other women from emotional eating? Birthed from the edge of the Red Rocks and brought to completion in her continued years of integration, education and healing, *Swimming Out of Water's* raw nature takes on the transparent quality of water, the very element Garceau is here to both defend and embody. Spend this day on the rocks with her...and discover the grace of swimming out of water.

breakthrough 8 steps to wellness: Tox-Sick Suzanne Somers, 2015 Suzanne interviews cutting-edge doctors in the fields of environmental medicine and integrative health, providing a clear identification of the core reasons we're so 'tox-sick' as well as a whole-life plan for detoxifying

your body, home, and life for optimal health, weight, and living. ENVIRONMENTAL TOXICITY--A LOOMING HEALTH THREAT: The air we breathe, food we eat, homes we live in, and work spaces we inhabit are filled with toxicity; chemicals and other substances that are wreaking havoc on every health system in the body. Our bodies filtering systems and protectors are stretched to the breaking point and rising levels of dysfunction in all major organ systems are the result. Suzanne interview pioneering physicians to address this overload and support the body in its crucial work of keeping us healthy.

breakthrough 8 steps to wellness: Unstoppable Health Ritamarie Loscalzo, 2017-04-12 This story follows the transformation of Jenny, a young woman struggling with weight issues, self-confidence, mental fatigue, and a job that is taking her nowhere. She experiences high-stress levels, low energy levels, and constant overwhelm; she's unhappy and dissatisfied but doesn't know what to change or how to change it, in order to improve her health and her outlook on life. A surprise visit from her health-conscious Aunt Sue has the potential to change everything ... but will jenny be able to change the habits that have led her off the path of optimal health and rediscover the vibrant young woman she wants to be? A touching fictional story (built on a foundation of real-life situations and people), Unstoppable Health gives you practical steps to radically change your relationship with food, as a precursor to transforming your life. It is packed with tons of resources you can use to get started on your own transformational journey, including recipes, advice, and tools for implementing what you learn as you read.

breakthrough 8 steps to wellness: *Keeping Secrets* Suzanne Morris, 2000-05 The Great European War and the threat of revolution in Mexico cast suspicion and distrust over the tranquil plazas of the sleepy Texas town of San Antonio, and two women find their lives and destinies entangled in romance, intrigue, and espionage. The consequent shattering of dreams and illusions is compelling Macon Telegraph & News

breakthrough 8 steps to wellness: *Smart at Heart* Dr. Malissa Wood, Dimity McDowell, 2011-12-27 A breakthrough mind-body program to build a strong, healthy, and happy heart, for women at risk for or diagnosed with heart disease, from the Harvard-trained cardiologist behind the Women's Heart Health Program at Massachusetts General Hospital. Heart disease is the number-one killer of American women, and prevention and healing require integrative approaches to address the whole heart—physical, emotional, and spiritual. *Smart at Heart's* holistic program includes strategies to improve heart health by addressing ten bridges that link the physical and emotional hearts, including the mental health, relationship, and communication bridges. This book guides readers through evaluating their current state of physical and emotional health and then empowers them with solutions to strengthen each bridge to create a healthy, whole heart.

breakthrough 8 steps to wellness: *Rock Bottom Thyroid Treatment* Tiffany Flaten, 2020-07-16

breakthrough 8 steps to wellness: **Knockout** Suzanne Somers, 2009 Draws on the expertise of eight doctors whose cutting-edge methods are enabling unprecedented cures, sharing the celebrity author's personal experiences as well as the survival stories of other cancer patients while identifying lifestyle strategies and challenging mainstream practices. By the best-selling author of *Ageless*.

breakthrough 8 steps to wellness: **Tiny Habits** B. J. Fogg, 2020 The world's leading expert on habit formation shows how you can have a happier, healthier life: by starting small. Myth: Change is hard. Reality: Change can be easy if you know the simple steps of Behavior Design. Myth: It's all about willpower. Reality: Willpower is fickle and finite, and exactly the wrong way to create habits. Myth: You have to make a plan and stick to it. Reality: You transform your life by starting small and being flexible. BJ FOGG is here to change your life--and revolutionize how we think about human behavior. Based on twenty years of research and Fogg's experience coaching more than 40,000 people, *Tiny Habits* cracks the code of habit formation. With breakthrough discoveries in every chapter, you'll learn the simplest proven ways to transform your life. Fogg shows you how to feel good about your successes instead of bad about your failures. Whether you want to lose weight, de-stress, sleep better, or be more productive each day, *Tiny Habits* makes it easy to achieve.

Already the habit guru to companies around the world, Fogg brings his proven method to a global audience for the first time. Whether you want to lose weight, de-stress, sleep better, or exercise more, Tiny Habits makes it easy to achieve.

breakthrough 8 steps to wellness: PTSD Breakthrough Frank Lawlis, 2011-09 Praise for The PTSD Breakthrough Dr. Lawlis has done it again! His latest book offers new hope for PTSD sufferers and their families with approaches that can be used at home where the real problems occur and persist. There is a great deal of insight, strategy, and inspiration for anyone who is dealing with these horrific challenges toward the satisfied life they deserve. A must-read for every member of a family touched by PTSD. Dr. Phil McGraw Dr. Frank Lawlis, one of the most gifted and prolific contributors in modern psychology, delivers in The PTSD Breakthrough a highly readable, scientifically grounded, balanced approach to PTSD, zeroing in on the damaging effects of trauma to the brain psyche, and spirit. John Chibran, PhD, ThD, Harvard Medical School, and the author of What's Love Got to Do with It: Talking with Your Kids About Sex As a nurse educator, coach, author, and consultant, Dr. Frank Lawlis's timely book on PTSD truly addresses the deep-rooted problem beneath the symptoms and syndrome. His innovative and practical guidelines allow the individual to once again achieve high-level wellness with new penetrating insights and compassion for self in the healing journey. Barbara Dossey, PhD, RN; International Co-Director, Nightingale Initiative for Global Health; Co-Director, International Nurse Coach Association; Author of Holistic Nursing: A Handbook for Practice (5th ed.) and Florence Nightingale: Mystic, Visionary, Healer Much is being written about post-traumatic stress disorder. But if you a book that looks at the disorder from a new perspective, and explains it and its treatment in a way that both patient and practitioner can understand, this is the book for you. John Roitzsch, PhD, Medical University of South Carolina, VA Medical Center

breakthrough 8 steps to wellness: The Body Clock Guide to Better Health Michael Smolensky, Lynne Lamberg, 2015-03-03 A medical breakthrough explained by the leading authority on the connection between health and your body clock Chronotherapy-adjusting the care of the body to coincide with the body's natural clock-is poised to be the next major revolution in medical science. An understanding and awareness of these rhythms will enable us to maximize the effects not only of medications and other treatments, but also of diets, exercise programs, and other daily routines. The Body Clock Guide to Better Health combines a detailed discussion of major issues such as sleep, exercise, and nutrition, with a comprehensive A-to-Z reference to specific disorders. Among the health concerns it addresses are AIDS, arthritis, asthma, ADD, backache, cancer, depression, diabetes, digestive problems, allergies, heart disease, chronic pain, sexual dysfunction, stroke, and complications from pregnancy. General chapters explore the big picture-including monthly cycles and life cycles-and provide invaluable advice on foods and dietary supplements, fitness, better sex, jet lag, and more. The first book to look at body rhythms from a practical perspective, The Body Clock Guide to Better Health offers readers the dual benefits of improving the treatment of specific conditions while boosting their overall health and wellness.

breakthrough 8 steps to wellness: Clearing the Way to Health and Wellness Ellen Cutler, 2013-02-25 Dr. Ellen Cutler is one of the pioneering holistic doctors who have spent years of research to find the best ways to boost our immune system and get it back in its power. By following her advice, you can not only get younger biologically and become more vital, but you are also making your body more cancer-proof. There is no one I trust more than Dr. Ellen Cutler. To have her in your corner is already winning half the battle. Please study this book and apply all the advice as soon as possible. Your life and health could depend on it. Roy Martina, MD, bestselling author of Emotional Balance Four years ago, my fibromyalgia symptoms forced me to retire from medical practice. Thanks to Ellen Cutlers treatments, the guaifenesin protocol, and acupuncture, my health is so much better. I have been able to return to practice medicine as a fibromyalgia consultant, and I feel blessed to be able to continue my recovery with the help of Dr. Cutlers digestive enzymes and clearing treatments. Melissa Congdon, MD, fibromyalgia consultant If you are one of the millions of people who suffer from chronic fatigue syndrome, fibromyalgia, Crohns Disease, colitis, Hashimotos

thyroiditis, candidiasis, sinusitis, hay fever, environmental illnesses, and other autoimmune disorders and sensitivities, you've probably tried a myriad of treatments just trying to gain control of your life. Clearing the Way to Health and Wellness presents the Ellen Cutler Method (ECM), an innovative technique that offers hope for those for whom other treatments have failed. It provides an empowering new explanation of allergies and sensitivities as the cause of chronic illness, as well as a groundbreaking approach to overcoming them. Allergies and sensitivities can be reduced or eliminated, not miraculously and instantaneously, but inevitably and permanently. With contributions from Dr. Richard Tunkel, Dr. Ellen Cutler outlines the relationships among allergies, sensitivities, and chronic health and autoimmune disorders, guiding both patients and health-care practitioners in identifying and eliminating sensitivities that trigger symptoms. Case studies and personal stories illustrate how this powerful new approach has ended the suffering for thousands of all ages without the use of drugs.

breakthrough 8 steps to wellness: Breakthrough Sold Separately: Get Out of the Boat of Mediocrity and Walk On Water Brandi Harvey, 2019-10-09 Shake off the Chains of Your Past and Step into Your Divine Destiny Do you feel called to something greater? It's time to answer that call. The desire you have for something more isn't just a dream. The fact is that God didn't design you to settle for less in your life. You were created for greatness, and that infinite potential is inside you right now. breakthrough 8 steps to wellness: **Suzanne Somers' 365 Ways to Change Your Life** Suzanne Somers, 1999 In this remarkable, uplifting book, best-selling author and beloved TV personality Suzanne Somers tackles everyday worries, doubts, and conflicts with practical answers and spiritual affirmations that lead the reader down the path to resolution, inner strength, and, ultimately, a happy and enriched life. As a sought-after lecturer and favorite commencement speaker, Suzanne often speaks to standing-room-only audiences about her own hard-won wisdom--wisdom distilled from a lifetime of transforming negatives into positives. With her usual warmth and candor, Suzanne guides her readers through each week with stories from her own journey and plenty of advice about how to: Find joy in your life every day by appreciating the simple things. Turn obstacles into opportunities and learn from even the stupidest mistakes. Resolve conflict with family and strengthen your relationships with loved ones. Realize the dreams you'd put aside, or even given up on. Appreciate yourself so that others will too. In this daily course of affirmations, meditations, and miracles, Suzanne Somers has created the perfect companion for anyone who's looking to change her life . . . but doesn't quite know where to begin.

breakthrough 8 steps to wellness: **The Hormone Cure** Sara Gottfried, 2014-03-11 A Harvard physician's method to improve physical and mental health by optimizing the hormones in the 30s, 40s, and beyond.

breakthrough 8 steps to wellness: **Positive Intelligence** Shirzad Chamine, 2012 Chamine exposes how your mind is sabotaging you and keeping you from achieving your true potential. He shows you how to take concrete steps to unleash the vast, untapped powers of your mind.

breakthrough 8 steps to wellness: **Next Level** Stacy T. Sims, PhD, Selene Yeager, 2022-05-17 A comprehensive, physiology-based guide to peak performance for active women approaching or experiencing menopause—from the author of Roar, renowned exercise and nutrition scientist Dr. Stacy Sims For active women, menopause hits hard. Overnight, your body doesn't feel like the one

you know and love anymore—you're battling new symptoms, might be gaining weight, losing endurance and strength, and taking longer to bounce back from workouts that used to be easy. The things that have always kept you fit and healthy just seem to stop working the way they used to. But menopause doesn't have to be the end of you kicking ass at the gym, on the trail, in the saddle, or wherever you work out. Once you understand your physiology, you can work with it—not against it—to optimize your performance. That's where Stacy Sims, PhD comes in. In *Next Level*, you'll learn the underlying causes of menopause: the hormonal changes that are causing all the symptoms you're feeling, and their impact on your wellness and performance. Then, what you really came for—what to do about it. Inside you'll find science-backed advice about training, nutrition, sleep and recovery and supplements, as well as sample exercise routines, meal plans, macronutrient planning charts, and case studies from real women Stacy has coached through the transition. It's the ultimate guide to navigating the Next Level.

breakthrough 8 steps to wellness: *Lose Weight Like Crazy Even If You Have a Crazy Life!* Autumn Calabrese, 2020-08-18 You can lose weight like crazy, and you can achieve anything! Autumn Calabrese shares the revolutionary step-by-step approach to lose weight that made her one of the top fitness and nutrition celebrities in the world. No cutting corners and no BS: In this book she reveals the personal struggles that shaped her approach to overcome excuses that led to this 30-day plan to succeed at weight loss, and life! Hey there! I'm Autumn Calabrese. I'm a Midwest girl, a single working mom who really had no business being in the business of health and fitness. But I found my passion in helping people achieve their weight-loss and health goals. I turned myself into a mini mega-mogul of nutrition and fitness with two of Beachbody's most successful programs ever: 21 Day Fix and The Ultimate Portion Fix. I've led a crazy life and it's still crazy—probably a lot like yours. I've faced tremendous hardships and disappointments that have deflated my self-confidence. But I've found a way to turn "failures" into "redirections" that have transformed my life. And you can do it, too! Over the past five years, I've helped hundreds of thousands of people finally get control of food and lose 10, 20, 30, even more than 100 pounds with my breakthrough weight-loss programs. And, now I'm going to do the same for you! Imagine enjoying your favorite CARBS, WINE AND COCKTAILS, AND EVEN CHOCOLATE CAKE and still melt fat to build the lean, fit, healthy body you've always wanted! Here's my proposition: Give me just 30 days of your time, trust my process, GO ALL IN, and see what happens to your body. If you've ever struggled to lose weight before, I know why, and I have the solution. *Lose Weight Like Crazy* is NOT a DIET. There's Zero Deprivation. It works by automatically controlling your portion sizes, eliminating those unhealthy, sugary processed foods that trigger cravings, and filling you up on a proven ratio of healthy whole foods. It's simple. It's backed by science. And it works. You Won't Count Calories! You won't feel hungry or deprived! You can enjoy dessert! You can have a cocktail with your friends! You can speed up your results by adding fast, fun exercise routines that you'll love! (free lifetime access to my 2 new workout videos included with the book!) You can maintain your new body and feel amazing—for life!

breakthrough 8 steps to wellness: *Think Like a Monk* Jay Shetty, 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his

parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

breakthrough 8 steps to wellness: Healthy and Free Beni Johnson, 2015-11-17 *Begin Your Journey to Spirit-Soul-Body Health Today...* Beni Johnson received a life-changing revelation about how anyone can start walking in holistic health including you! Jesus died for your spirit, soul, and body. This means you can experience His resurrection life in all three areas! Christians should be the healthiest people on Earth because they understand God has made their bodies His temple. Unfortunately, many people focus on one area of health while neglecting another. This can lead to spiritual disconnection, bad eating habits, depression, poor rest, and lack of exercise. In *Healthy and Free*, Beni shows you how to: Find your why: Learn the motivating secret to pursuing a healthy lifestyle as your new normal. Unlock the connection: Discover the many ways your spirit, soul and body are interconnected and how health in one areas directly effects another. Start simple: Receive practical and easy-to-implement steps to begin walking in health right now. The Great Physician desires you to walk in Heavens health. Get aligned with Gods divine design today and experience freedom body, soul and spirit!

breakthrough 8 steps to wellness: Vibrant Stacie Stephenson, 2021-03-23 Stop thinking of your own well-being as something that's beyond your control. Today's view of wellness is far too often fragmented, focusing on specific symptoms rather than the whole person. In *Vibrant*, Dr. Stacie Stephenson introduces readers to a new and empowering way of looking at health. A recognized leader in functional and integrative medicine, Stephenson has helped thousands by focusing not on treating disease, but on creating health by giving individuals the knowledge, confidence, and inspiration they need to do so for themselves. By the end of this life-changing book, readers will have the tools to transform their energy, weight, fitness, and general wellness, tackling everything from enhancing sleep quality to building an iron-clad immune system. Beginning with basics such as the truth about the best diet, the critical role of exercise in vitality and longevity, and the importance of human connection, *Vibrant* also dives deeper to give a holistic picture of health and how to achieve it. With helpful breakdowns on supplements, detoxification, and how to think about disease, this is much more than just another wellness book. It's also packed with practical, useful features, including: • Self-assessment tools to aid you in listening to your body • A foolproof two-week meal plan • 40 delicious, healthful chef-created recipes • 30 days of baby steps to start building the habit of health With Stephenson's candid and conversational voice, *Vibrant* is like having a friend who also happens to be a leading health authority take you under her wing. Along with practical advice, she shares powerful insights that will change the way you think about everything from exercise to relationships, and sends readers off with an inspirational chapter on how health has a ripple effect that can change your family, your community, and help to create a more vibrant world. With a step-by-step program for making foundational lifestyle shifts, *Vibrant* shows you how to reclaim your health and energy, reverse aging, and glow-not just on the outside, but from deep within yourself.

breakthrough 8 steps to wellness: Running for a Higher Purpose Thomas John Paprocki,

2021-03-26 What if you could improve your physical health while deepening your spiritual life? In *Running for a Higher Purpose*, Most Rev. Thomas John Paprocki, Catholic bishop of Springfield--a marathon runner and hockey player--shares how the simple discipline of running can help you unlock profound spiritual benefits. Paprocki took up running as a teenager for his health; he ran his first marathon in his forties. Along the way he discovered that improving your physical health through running is a way to honor God and grow deeper in your spiritual life. Perfect for those who want to try running for the first time as well as for more experienced runners who want to set goals for a new challenge, *Running for a Higher Purpose* offers eight steps to reach spiritual and physical fitness. Review - Review where you are. Reform - Identify how to improve. Resolve - Resolve to put change into effect. Repeat - Don't quit. Renew - Renew your physical and spiritual wellness. Relax - Balance physical and spiritual exercise with the need to rest. Reward - Feel personal satisfaction and reward by achieving your goals. Rejoice - Integrating a sound mind in a sound body leads to eternal happiness. Each chapter includes an inspirational quotation, a personal promise statement, and a prayer.

breakthrough 8 steps to wellness: The Sexy Years Suzanne Somers, 2004-03-09 Getting older can be brutal—women gain weight, lose their sex drive, experience hot flashes, suffer memory loss, become short-tempered, find it difficult to sleep, and on and on. It's not so easy for men, either—they start to lose energy and stamina as they age, too (and they have to live with women going through menopause). After years of being thin and fit and full of energy, Suzanne herself encountered the “Seven Dwarfs of Menopause”—Itchy, Bitchy, Sweaty, Sleepy, Bloated, Forgetful, and All-Dried-Up. Instead of living out the rest of her life cranky, sleep-deprived, and libido-less, Suzanne set out to discover how she could get her mind, body, and life back and banish those pesky dwarfs for good. The result is *The Sexy Years: Discover the Hormone Connection—The Secret to Fabulous Sex, Great Health, and Vitality, for Women and Men*. In this passionately argued and enormously practical book, Suzanne supports her own research and experiences with the expertise of leading doctors in the field of women's and men's health and sexuality to create an inspiring, accessible call-to-arms to women to radically rethink how they approach life after fifty, and give them the tools to turn their lives around. Suzanne has discovered that the second half of life has been more rewarding, fun, and purposeful than her younger years. The key to her happiness? Taking natural bioidentical hormones. Natural hormones, which mimic the hormones produced in our own bodies that are almost completely lost with aging, are the answer to the symptoms of menopause that plague women. Recent findings from the medical community show that synthetic hormone replacement therapy (HRT) may be harmful to women—thus, thousands of women are looking for what else they can do to alleviate their symptoms. In *The Sexy Years*, Suzanne comes to the rescue with a step-by-step plan and detailed information about how women can take control of their health, for themselves and for their men, including:

- What the differences are between synthetic and bioidentical hormones, and why bioidentical hormones help women lose weight, reinvigorate their sex lives, and fight the symptoms of aging
- How doctors do not receive adequate training about hormones and are slaves to the pharmaceutical industry, and what questions every woman must ask her physician about hormone replacement therapy and her health
- How Suzanne turned her life around, with information about how often she visits her doctor, blood work, what hormones she takes, how to get these hormones, and more
- What male menopause, or andropause, is and how men can also take bioidentical hormones and regain the energy they had in their youth
- What a variety of specialists think about natural hormones, health, and sexuality—Suzanne shares the best advice from these doctors and provides a resource list of physicians and pharmacies

With bioidentical hormone replacement therapy, Suzanne has found the fountain of youth, the elixir that has made her feel thirty years old again. In combination with her Somersize diet and fitness plan, which she also writes about here, Suzanne has never felt better. The beauty of growing older, she maintains, is that you can combine the wisdom of age with the vitality of youth. Suzanne makes it perfectly clear how women and men can regain their zest for life at any age. These really are the sexy years!

breakthrough 8 steps to wellness: Inside-Out Health Robert G. Silverman, 2016-08 Dr. Silverman believes that healing and good health come from a holistic approach. The inside-out solutions he presents are simple, cost-effective, and use no drugs. They are the answer to long-term health issues and the path to a healthy, happy, disease-free future. Take charge and improve your well being with actionable steps you can do yourself.

breakthrough 8 steps to wellness: Beyond Horse Massage Jim Masterson, 2011-11 In this book, Jim Masterson, Equine Massage Therapist for the 2006 and 2008 and 2010 USET Endurance Teams, and for equine clientele competing in FEI World Cup, Pan American and World Games competitions, teaches a unique method of equine bodywork, in which the practitioner recognizes and follows the responses of the horse to touch to release tension in key junctions of the body that most affect performance. This practical book with step-by-step instructions, photographs and illustrations is ideally suited to accompany you to the yard/stables, where you can practice the Masterson Method techniques on horses. Expanded chapters with Tips & Techniques, anatomical explanations and examples from Jim's practice help deepen your understanding. A 'quick reference' section will point you to exercises that are specifically suited to your particular discipline, may it be dressage, endurance, eventing, or others in the vast realm of horse sports.
