Article Body:

Understanding the CA Secretary of State's Role in Business Information

The California Secretary of State is the official record keeper for all businesses registered within the state. This includes corporations, limited liability companies (LLCs), partnerships, and other business entities. The office maintains a comprehensive database accessible to the public, ensuring transparency and facilitating legitimate business dealings.

Accessing the CA SOS Business Search Portal

Accessing the CA Secretary of State's business search portal is straightforward. Simply navigate to the official website (usually a readily-available search result) and locate the business search link, often prominently displayed on the homepage. The site is designed for user-friendly navigation.

Different Search Methods Available on the CA SOS Website

The CA SOS offers multiple search methods to cater to various user needs.

Searching by Business Name

This is the most common method. Enter the exact or partial business name into the search bar. The system usually provides a list of matching results, allowing you to refine your search if necessary.

Searching by Business Entity Number (FEIN/EIN)

If you know the business's Federal Employer Identification Number (FEIN) or Employer Identification Number (EIN), you can use this for a more precise search, yielding quicker and more accurate results.

Searching by Agent Name/Address

This option is useful if you know the registered agent's name or address associated with the business. The registered agent acts as the official point of contact for legal and official communications.

Searching by Business Address

Searching using the business's physical address can be effective, though it might return multiple results if multiple businesses operate at the same address.

Information Retrieved from a Successful Business Search

A successful search typically yields a wealth of information, including:

Business Name and Type

This reveals the official name and the legal structure of the business (e.g., corporation, LLC).

Registered Agent Information

You'll find the name and address of the registered agent, a crucial piece of information for official communications.

Business Address and Mailing Address

The search results usually display both the physical business address and the mailing address, which may be different.

Filing Date and Status

This indicates when the business was initially registered and its current status (active, suspended, dissolved).

Principal Office Address

This is the main location where the business conducts its operations.

Interpreting Search Results and Understanding Business Statuses (Active, Suspended, Dissolved)

Understanding the status of a business is critical. "Active" means the business is in good standing. "Suspended" suggests issues with compliance, while "Dissolved" indicates the business is no longer operating.

Troubleshooting Common Search Issues

If your search yields no results, double-check your spelling and try variations of the business name. If problems persist, contact the CA Secretary of State's office directly for assistance.

Alternative Resources for California Business Information

While the CA SOS is the primary source, other resources like the California Franchise Tax Board website can provide supplementary information, particularly concerning tax-related details.

Conclusion:

The California Secretary of State's business search portal is a powerful tool for anyone needing to access information about California businesses. By understanding the different search methods and interpreting the results effectively, you can efficiently gather crucial data for various purposes, from due diligence to background checks. Remembering to verify information from multiple sources always helps ensure accuracy.

Frequently Asked Questions (FAQs):

Q: Is the CA SOS business search free? A: Yes, the basic search functionality is generally free to access.

Q: What if I can't find the business I'm looking for? A: Double-check your spelling, try variations of the name, and consider using alternative search methods. If still unsuccessful, contact the CA SOS directly.

Q: What types of businesses are listed in the database? A: The database covers a wide range, including corporations, LLCs, partnerships, and other business entities registered with the state.

Q: How accurate is the information provided? A: While the CA SOS strives for accuracy, it's always best to verify information from multiple sources if conducting due diligence or making significant business decisions.

Q: How often is the database updated? A: The database is regularly updated, but the frequency may vary.

ca sec of state business search: United States Code United States, 2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established *prima facie* the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.

ca sec of state business search: Marsh's California Corporation Law Harold Marsh, R. Roy Finkle, Larry W. Sonsini, 1999-12-01 This authoritative research tool covers all aspects of California corporate law and practice, providing clear, reliable guidance to the laws, legislative history, and major case law holdings, as well as the authors' well-known expertise and advice on approaching and understanding key corporate transactions. There is no better source on how to handle all key corporate transactions, from corporate formation and governance to takeovers and bankruptcies. Completely current, there is full coverage and insightful, expert analysis of all the critical new issues affecting California corporate law practice, including: What are the various business entities available in California? What are the methods and issues involved in forming those entities? What are the particular benefits of, and restrictions on, using a Limited Liability Company in California? What are the issues involved in financing a California corporation? What are the fiduciary duties imposed upon directors, officers, and controlling shareholders of California corporations? How do you provide notice and hold meetings of directors and shareholders of California corporations? What are the restrictions imposed upon officers and directors in the operation of California corporations? Under what circumstances can a California corporation pay a dividend or make a distribution of property to its shareholders? What are the issues involved in acquiring California corporations, whether by merger, purchase of stock, or purchase of assets? How and under what circumstances can a

California corporation be dissolved? What are the issues and requirements faced by a foreign corporation conducting business in California?

ca sec of state business search: The Present and Future of Music Law Ann Harrison, Tony Rigg, 2021-07-29 The music business is a multifaceted, transnational industry that operates within

complex and rapidly changing political, economic, cultural and technological contexts. The mode and manner of how music is created, obtained, consumed and exploited is evolving rapidly. It is based on relationships that can be both complimentary and at times confrontational, and around roles that interact, overlap and sometimes merge, reflecting the competing and coinciding interests of creative artists and music industry professionals. It falls to music law and legal practice to provide the underpinning framework to enable these complex relationships to flourish, to provide a means to resolve disputes, and to facilitate commerce in a challenging and dynamic business environment. The Present and Future of Music Law presents thirteen case studies written by experts in their fields, examining a range of key topics at the points where music law and the post-digital music industry intersect, offering a timely exploration of the current landscape and insights into the future shape of the interface between music business and music law.

ca sec of state business search: Business Associations Lynn M. LoPucki, Andrew Verstein, 2020-09-17 Business Associations: A Systems Approach is the first Business Associations casebook organized by function (decision-making, finance, investor litigation, investment transfer, etc.) instead of by entity type (partnerships, corporations, LLCs, etc.). Functional organization avoids repetition and makes full coverage of corporations, partnerships, LLCs, and limited partnerships possible in a four-, or even three-, credit course. The systems approach is the basis for several successful casebooks in other fields, most notably LoPucki, Warren and Lawless's Secured Transactions: A Systems Approach. The approach focuses on the actions of the lawyers, businesspeople, and government administrators who apply law rather than merely on abstract law. Business Associations: A Systems Approach provides hundreds of realistic, fact-rich problems in legal practice settings. Students apply their new knowledge of law and how the systems work to advise hypothetical clients. The cases are recent, heavily edited, and rarely longer than five pages. Professors and students will benefit from: Full coverage of agency, corporations, partnerships, LLCs, limited partnerships and the role of legal entities in society Tables, figures, photos, and one cartoon Fundamental documents for Facebook and a hypothetical LLC (BKG Catalina) and operating agreement, which are also integrated into the text and problems Cleanly edited, easy-to-read cases Recent cases that illustrate modern business practices and reflect current law Organization by function, which reduces the repetition required in organization by entity type Modular organization, allowing the chapters to be taught in any order An approach that any kind of entity could be made to work like any other. Other books teach what kinds of entities to use in what situations. Fact-rich, realistic problems in practice settings An introductory assignment that provides an overview of the course Clear and direct examples and explanations, free of jargon and idioms that cause difficulty for students from other cultures. Great for LL.M.s, MJSs and foreign J.D.s! A detailed glossary

ca sec of state business search: California Tenants' Rights Janet Portman, J. Scott Weaver, 2022-07-04 The go-to survival guide for California tenants California tenants have many rights, especially those lucky enough to have rent control. But knowing and enforcing these rights can be difficult. Fortunately, California Tenants' Rights, the leading tenant guide for more than 45 years, provides all the information and key forms tenants need to: find a good rental in a competitive market understand the rules regarding service and support animals deal with a problem roommate or noisy neighbor stop landlord intrusions of privacy get the landlord to make repairs or deal with mold or bedbugs fight illegal discrimination, harassment, or retaliation break a lease with minimal liability respond to a late rent or termination notice get as much of the deposit back as possible, and fight an eviction, with line-by-line instructions on completing required forms. The 23rd edition includes updated information on state eviction rules and forms, local and statewide rent control ordinances, and your options when faced with unpaid "Covid rent." With Downloadable Forms & Sample Letters Download a lease and eviction defense forms, plus more than two dozen sample letters and emails inside the book.

ca sec of state business search: Everybody's Guide to Small Claims Court in California Cara O'Neill, 2021-07-01 Winning a lawsuit doesn't happen by accident. You must prove your case. That's where Everybody's Guide to Small Claims Court in California can help. If you're suing

someone—or being sued—you'll learn how to explain the facts, present credible evidence, and convince the judge to rule for you, not your opponent. But you get more than tips on preparing a powerful case. You'll also learn how to: determine the value of your case write a demand letter negotiate a settlement file and serve court papers gather evidence subpoena witnesses present your case in court collect money when you win, and file an appeal. And you won't need to worry about being buried in forms. The 22nd edition includes sample forms and instructions for completing the paperwork, as well as the latest California laws and COVID-19 court procedures.

ca sec of state business search: Living on a Meme Richard Telofski, 2012 *Living on a Meme - How Anti-Corporate Activists Bend the Truth, and You, to Get What They Want* is about the NGOs and activist groups that engage corporations adversarially and how they use meme to further their anti-corporate agendas. What's meme? Say the word as meeeeeem. The dictionary says that a meme is an idea that spreads from one person to another. And thanks to today's Internet, memes get started, spread, and believed in a flash, whether they are true or not, making them formidable tools for groups that damage company reputations. Here in his fifth book, author Richard Telofski takes an in-depth look at anti-corporate NGOs and activist groups that use memes cleverly to compete with the image of the companies they target. These groups unabashedly use unchallenged memes to bribe people to their side of their anti-corporate argument. Bribe? Yes. By leveraging a meme, these groups bribe people with something, a way to feel better about themselves, often with scant or no support of the meme. Through their meme-mangling, adversarial NGOs and activists can impose undeserved damage on corporate reputations, costing market share, revenue, and jobs, maybe one of them yours. These organizations are truly competitors, not only to the individual corporations that they target, but also to the economic system in general. *Living on a Meme* is compiled from a selection of articles published on Richard's Web site, Telofski.com, between August 1, 2009 through August 3, 2010. But, many of these writings are more essay than article. Within the essays in this book, you'll find insights, theories, as well as specific facts and analysis on how certain NGOs and activist groups operate online and offline to sap companies of their vital reputation. By reading this book, you'll discover how these irregular competitors make use of existing cultural memes, true or not, and how they contribute to those memes, strengthening them and contributing to the degradation of a company's image. Don't worry. This book isn't just a repackaging of blog postings. You're going to get more than that. At the end of each chapter you will find bonus Take-Aways. Those Take-Aways are critical analyses of the essays in the chapter, pointing out for you how what was just discussed relates to an NGO's or activist's reliance of living on a meme or their hope that YOU are living on THEIR meme for them. You'll also find in this book 23 exclusive essays that appear only in this book. So, start your journey now into the understanding of how anti-corporate NGOs and activists bend the truth, and the beliefs of people, to get what they want.

ca sec of state business search: Self Made Nely Galán, 2016-05-31 For readers of #GIRLBOSS and viewers of *Shark Tank*—a global revolution in entrepreneurship is under way, inspiring women to blaze a trail of financial self-reliance and become self-made. Featuring a foreword by Suze Orman. What does it mean to be self-made? It's not just about having money, but financial empowerment is where it begins. It means getting out of survival mode, where you are one problem away from catastrophe. It means changing your mindset from instant gratification to goal orientation. It means being able to sleep at night without worry. It means being rich in every way: rich in money, rich in family, rich in love, rich in time—abundant! For Nely Galán—entrepreneur, TV producer, and real estate mogul—helping women to become self-made is a movement and a mission.

Galán pulls no punches. She is the straight-talking friend and mentor you've always wanted, and here she shares valuable, candid, no-nonsense lessons learned on her own path to becoming self-made ("There is no Prince Charming"; "Think like an immigrant"; "In your pain is your brand"; "Don't buy shoes, buy buildings!"). You'll read inspiring stories of women who started and grew businesses out of ingenuity, opportunity, and need. You'll find exercises to help you identify your goals and your strengths. You'll learn tips and tricks for saving money, making money, and finding "hidden money" that can help jump-start your self-made dreams. When you become self-made, the change in you inspires change in those around you, because one of the greatest rewards of a self-made life is seeing how the sparks from your personal revolution can light a fire in others. So come, join the Self-Made movement. The revolution starts inside of you! Praise for *Self Made* "A much-needed and wise book that teaches women not to fear money but to see it as a means of reaching our dreams. Nely shows us how to become money courageous instead of finance fearful. I want to give this book to so many women (and men) I know. Thank you, Nely."—Sandra Cisneros "Nely Galán and I have traveled the country together helping women grow their businesses and live their dreams. I know firsthand that Nely is the ultimate self-made woman and your best girlfriend. Her generosity of spirit jumps off the page as she shares the secrets of her hard-won success and her contagious confidence."—Nell Merlino, creator of Take Our Daughters to Work Day and founder of Count Me In for Women's Economic Independence "Self Made teaches women to unleash their spark and hustle. Nely inspires readers to use what they have to get what they want on their path to becoming self-made."—Tory Johnson, "Deals & Steals" contributor on ABC's Good Morning America and author of the #1 New York Times bestseller *The Shift* "You are not truly complete as a woman until you feel confident and empowered to make decisions about your money. Throughout my career, I have seen how a woman who takes ownership of her financial life is transformed and liberated, and how that in turn has a tremendous impact on her children. This is my belief and my personal experience, and it's why *Self Made* resonates so strongly with me."—Maria Elena Lagomasino, CEO of WE Family Offices and member of the board of directors of the Walt Disney Company, the Coca-Cola Company, and Avon Products, Inc. From the Hardcover edition.

ca sec of state business search: The City Aroused Damon Scott, 2024-01-02 A history of San Francisco that studies change in the postwar urban landscape in relation to the city's queer culture. *The City Aroused* is a lively history of urban development and its influence on queer political identity in postwar San Francisco. By reconstructing the planning and queer history of waterfront drinking establishments, Damon Scott shows that urban renewal was a catalyst for community organizing among racially diverse operators and patrons with far-reaching implications for the national gay rights movement. Following the exclusion of suspected homosexuals from the maritime trades in West Coast ports in the early 1950s, seamen's hangouts in the city came to resemble gay bars. Local officials responded by containing the influx of gay men to a strip of bars on the central waterfront while also making plans to raze and rebuild the area. This practice ended when city redevelopment officials began acquiring land in the early 1960s. Aided by law enforcement, they put these queer social clubs out of business, replacing them with heteronormative, desexualized land uses that served larger postwar urban development goals. Scott argues that this shift from queer containment to displacement aroused a collective response among gay and transgender drinking publics who united in solidarity to secure a place in the rapidly changing urban landscape.

ca sec of state business search: Powerful Technology for the New Legal Information Age Jonathan Van Ee, 2010-09-10 The technology approach outlined in this book is the best because it is based on battle-hardened, proven results. It's that simple. My super busy life has driven me to find these proven strategies for efficiently practicing law. Clients need cost-effective results immediately. Opposing parties assert unreasonable demands. I have found technology is a powerful tool to control those pressures. After handling well over 100 lawsuits in Silicon Valley and a number of transactional matters over the last decade, I have distilled my findings into this book. This book is also the product of the suggestions of the many tech-savvy friends I've been privileged to have.
