Millions, Shondaland, Yahoo!, Literary Hub, and more! A mesmerizing debut novel set in northern Texas about two sisters who discover an unsettling secret about their father, the head pastor of an evangelical megachurch, that upends their lives and community—a story of family, identity, and the delicate line between faith and deception. Luke Nolan has led the Hope congregation for more than a decade, while his wife and daughters have patiently upheld what it means to live righteously. Made famous by a viral sermon on purity co-written with his eldest daughter, Abigail, Luke is the prototype of a modern preacher: tall, handsome, a spellbinding speaker. But his younger daughter Caroline has begun to notice the cracks in their comfortable life. She is certain that her perfect, pristine sister is about to marry the wrong man—and Caroline has slid into sin with a boy she's known her entire life, wondering why God would care so much about her virginity anyway. When it comes to light, five weeks before Abigail's wedding, that Luke has been lying to his family, the entire Nolan clan falls into a tailspin. Caroline seizes the opportunity to be alone with her sister. The two girls flee to the ranch they inherited from their maternal grandmother, far removed from the embarrassing drama of their parents and the prying eyes of the community. But with the date of Abigail's wedding fast approaching, the sisters will have to make a hard decision about which familial bonds are worth protecting. An intimate coming-of-age story and a modern woman's read, *God Spare the Girls* lays bare the rabid love of sisterhood and asks what we owe our communities, our families, and ourselves. "A deeply felt book about love — love for family and community, for people who sustain you and people who disappoint you. And love for God, too, which Kelsey McKinney writes about with humane and incisive frankness."—Linda Holmes, *New York Times* bestselling author of *Evvie Drake Starts Over* "The accomplishment of this canny novel is in positing coming of age itself as a loss of faith—not only in the church, but in our parents, our family, and the world as we thought we understood it." — Rumaan Alam, *New York Times* bestselling author of *Leave the World Behind* and *Rich and Pretty*

charlotte mckinney modeling for her dads car business: Fangasm Katherine Larsen, Lynn S. Zubernis, 2013-10-01 Once upon a time not long ago, two responsible college professors, Lynn the psychologist and Kathy the literary scholar, fell in love with the television show *Supernatural* and turned their oh-so-practical lives upside down. Plunging headlong into the hidden realms of fandom, they scoured the Internet for pictures of stars Jensen Ackles and Jared Padalecki and secretly penned racy fan fiction. And then they hit the road—crisscrossing the country, racking up frequent flyer miles with alarming ease, standing in convention lines at 4 A.M. They had white-knuckled encounters with overly zealous security guards one year and smiling invitations to the *Supernatural* set the next. Actors stripping in their trailers, fangirls sneaking onto film sets; drunken confessions, squeals of joy, tears of despair; wallets emptied and responsibilities left behind; intrigue and ecstasy and crushing disappointment—it's all here. And yet even as they reveled in their fandom, the authors were asking themselves whether it's okay to be a fan, especially for grown women with careers and kids. "Crazystalkerchicks"—that's what they heard from *Supernatural* crew members, security guards, airport immigration officials, even sometimes their fellow fans. But what Kathy and Lynn found was that most fans were very much like themselves: smart, capable women looking for something of their own that engages their brains and their libidos. *Fangasm* pulls back the curtain on the secret worlds of fans and famous alike, revealing *Supernatural* behind the scenes and discovering just how much the cast and crew know about what the fans are up to. Anyone who's been tempted to throw off the constraints of respectability and indulge a secret passion—or hit the road with a best friend—will want to come along.

charlotte mckinney modeling for her dads car business: Crossing the Rubicon Michael C. Ruppert, 2004-09-15 The acclaimed investigative reporter and author of *Confronting Collapse*

examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. Crossing the Rubicon examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting War on Terror are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkable draconian measures of repression, warfare and population control. Crossing the Rubicon is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

Attaining excellence doesn't have to be unsettling but it will take committed focus and a desire to parent well according to God's grace and for His glory. Mama, you are worthy of the awesome responsibility God has given you. Now it's time to start believing you can live up to it.

charlotte mckinney modeling for her dads car business: Moral Sentiments and Material Interests Herbert Gintis, 2005 *Moral Sentiments and Material Interests* presents an innovative synthesis of research in different disciplines to argue that cooperation stems not from the stereotypical selfish agent acting out of disguised self-interest but from the presence of strong reciprocators in a social group. Presenting an overview of research in economics, anthropology, evolutionary and human biology, social psychology, and sociology, the book deals with both the theoretical foundations and the policy implications of this explanation for cooperation. Chapter authors in the remaining parts of the book discuss the behavioral ecology of cooperation in humans and nonhuman primates, modeling and testing strong reciprocity in economic scenarios, and reciprocity and social policy. The evidence for strong reciprocity in the book includes experiments

using the famous Ultimatum Game (in which two players must agree on how to split a certain amount of money or they both get nothing.)

charlotte mckinney modeling for her dads car business: See No Stranger Valarie Kaur, 2020-06-16 An urgent manifesto and a dramatic memoir of awakening, this is the story of revolutionary love. Finalist for the Dayton Literary Peace Prize • "In a world stricken with fear and turmoil, Valarie Kaur shows us how to summon our deepest wisdom."—Elizabeth Gilbert, author of *Eat Pray Love* How do we love in a time of rage? How do we fix a broken world while not breaking ourselves? Valarie Kaur—renowned Sikh activist, filmmaker, and civil rights lawyer—describes revolutionary love as the call of our time, a radical, joyful practice that extends in three directions: to others, to our opponents, and to ourselves. It enjoins us to see no stranger but instead look at others and say: You are part of me I do not yet know. Starting from that place of wonder, the world begins to change: It is a practice that can transform a relationship, a community, a culture, even a nation. Kaur takes readers through her own riveting journey—as a brown girl growing up in California farmland finding her place in the world; as a young adult galvanized by the murders of Sikhs after 9/11; as a law student fighting injustices in American prisons and on Guantánamo Bay; as an activist working with communities recovering from xenophobic attacks; and as a woman trying to heal from her own experiences with police violence and sexual assault. Drawing from the wisdom of

sages, scientists, and activists, Kaur reclaims love as an active, public, and revolutionary force that creates new possibilities for ourselves, our communities, and our world. See *No Stranger* helps us imagine new ways of being with each other—and with ourselves—so that together we can begin to build the world we want to see.
