I. Understanding the Core Plot: Key Questions & Answers

A. What is the central conflict in Coco?

The central conflict revolves around Miguel's desperate desire to pursue his musical dreams, despite his family's generations-long ban on music. This conflict unfolds both in the Land of the Living and the Land of the Dead, where Miguel must navigate the complexities of family legacy, tradition, and the true meaning of remembrance. He faces the challenge of earning his family's acceptance while simultaneously uncovering a hidden truth about his heritage.

B. Why is music forbidden in Miguel's family?

Miguel's great-great-grandmother, Imelda, forbade music after her husband, Héctor, abandoned her and their daughter to pursue his musical career. This act of abandonment profoundly impacted Imelda, leading her to believe music brought only pain and heartbreak. This generational trauma shaped the family's staunch opposition to music for decades.

C. How does Miguel end up in the Land of the Dead?

On Día de Muertos (Day of the Dead), Miguel steals Ernesto de la Cruz's guitar to participate in a talent show. Upon touching the guitar, he's mysteriously transported to the Land of the Dead, a vibrant realm where the spirits of deceased loved ones reside. This journey is a catalyst for his self-discovery and reconciliation with his family history.

II. Exploring the Characters: Deeper Insights

A. Who is Héctor, and what is his significance?

Héctor is Miguel's great-great-grandfather, a charming and talented musician who was wrongly portrayed as a villainous figure in Miguel's family history. Héctor's journey reveals the importance of forgiveness, redemption, and the enduring power of family bonds.

B. What is Ernesto de la Cruz's role in the story?

Ernesto de la Cruz is a legendary musician, initially presented as a benevolent figure. However, he is revealed to be a manipulative and deceitful individual who stole Héctor's songs and music, ultimately leading to Héctor's untimely death. His character serves as a cautionary tale about the dangers of ambition and the importance of honesty and integrity.

C. What is the role of Imelda in Miguel's journey?

Imelda is Miguel's great-great-grandmother, a strong and determined woman who represents the unwavering traditions and beliefs of her family. coco movie questions and answers: *Never Grow Up* Jackie Chan, 2019-09-10 A candid, thrilling memoir from one of the most recognizable, influential, and beloved cinematic personalities in the world. Everyone knows Jackie Chan. Whether it's from *Rush Hour*, *Shanghai Noon*, *The Karate Kid*, or *Kung Fu Panda*, Jackie is admired by generations of moviegoers for his acrobatic fighting style, comic timing, and mind-bending stunts. In 2016—after fifty-six years in the industry, over 200 films, and many broken bones—he received an honorary Academy Award for his lifetime achievement in film. But at 64 years-old, Jackie is just getting started. Now, in *Never Grow Up*, the global superstar reflects on his early life, including his childhood years at the China Drama Academy (in which he was enrolled at the age of six), his big breaks (and setbacks) in Hong Kong and Hollywood, his numerous brushes with death (both on and off film sets), and his life as a husband and father (which has been, admittedly and regrettably, imperfect). Jackie has never shied away from his mistakes. Since *The Young Master* in 1980, Jackie's films have ended with a bloopers reel in which he stumbles over his lines, misses his mark, or crashes to the ground in a stunt gone south. In *Never Grow Up*, Jackie applies the same spirit of openness to his life, proving time and time again why he's beloved the world over: he's honest, funny, kind, brave beyond reckoning and—after all this time—still young at heart.

coco movie questions and answers: *Bad with Money* Gaby Dunn, 2019-01-01 "Humorous and forthright...[Gaby] Dunn makes facing money issues seem not only palatable but possibly even fun....Dunn's book delivers." —*Publishers Weekly* The beloved writer-comedian expands on his popular podcast with an engaging and empowering financial literacy book for Millennials and Gen Z. In the first episode of his *Bad With Money* podcast, Gaby Dunn asked patrons at a coffee shop two questions: First, what's your favorite sex position? Everyone was game to answer, even the barista. Then, she asked how much money was in their bank accounts. People were aghast. "That's a very personal question," they insisted. And therein lies the problem. Dunn argues that our inability to speak honestly about money is our #1 barrier to understanding it, leading us to feel alone, ashamed, and anxious, which in turns makes us feel even more overwhelmed by it. In *Bad With Money*, he reveals the legitimate, systemic reasons behind our feeling of helplessness when it comes to personal finance, demystifying the many signposts on the road to getting our financial sh*t together, like how to choose an insurance plan or buy a car, sign up for a credit card or take out student loans. He speaks directly to her audience, offering advice on how to make that #freelancelife work for you,

navigate money while you date, and budget without becoming a Nobel-winning economist overnight. Even a topic as notoriously dry as money becomes hilarious and engaging in the hands of Dunn, who weaves his own stories with the perspectives of various comedians, artists, students, and more, arguing that—even without selling our bodies to science or suffering the indignity of snobby thrift shop buyers—we can all start taking control of our financial futures.

Throw in Niamh's unique brand of heart-warming storytelling and readers are in for a real treat. Coco Swan has always been embarrassed by her name. And is it just coincidence that it's the same bag Coco's late mother always wanted for her? coco movie questions and answers: The Infested Mind Jeffrey Lockwood, 2013-09-25 The human reaction to insects is neither purely biological nor simply cultural. And no one reacts to insects with indifference. Insects frighten, disgust and fascinate us. Jeff Lockwood explores this phenomenon through evolutionary science, human history, and contemporary psychology, as well as a debilitating bout with entomophobia in his work as an entomologist. Exploring the nature of anxiety and phobia, Lockwood explores the lively debate about how much of our fear of insects can be attributed to ancestral predisposition for our own survival and how much is learned through individual experiences. Drawing on vivid case studies, Lockwood explains how insects have come to infest our minds in sometimes devastating ways and supersede even the most rational understanding of the benefits these creatures provide. No one can claim to be ambivalent in the face of wasps, cockroaches or maggots but our collective entomophobia is wreaking havoc on the natural world as we soak our food, homes and gardens in powerful insecticides. Lockwood dissects our common reactions, distinguishing between disgust and fear, and invites readers to consider their own emotional and physiological reactions to insects in a new framework that he's derived from cutting-edge biological, psychological, and social science.

But her life from 1941 to 1954 has long been shrouded in rumor and mystery, never clarified by Chanel or her many biographers. Hal Vaughan exposes the truth of her wartime collaboration and her long affair with the playboy Baron Hans Günther von Dincklage—who ran a spy ring and reported directly to Goebbels. Vaughan pieces together how Chanel became a Nazi agent, how she escaped arrest after the war and joined her lover in exile in Switzerland, and how—despite suspicions about her past—she was able to return to Paris at age seventy and rebuild the iconic House of Chanel.

coco movie questions and answers: *The Beautiful Ones* Prince, 2019-10-29 #1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of "Uptown" to the mythical landscape of *Purple Rain* to the psychedelia of "Paisley Park." But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. *The Beautiful Ones* is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment for *Purple Rain*—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image—his undying gift to the world.

coco movie questions and answers: *My Squirrel Days* Ellie Kemper, 2019-07-02 Comedian and star of *The Office* and *Unbreakable Kimmy Schmidt* and host of *The Great American Baking Show* Ellie Kemper delivers a hilarious, refreshing, and inspiring collection of essays "teeming with energy and full of laugh-out-loud moments" (Associated Press). "A pleasure. Ellie Kemper is the kind of stable, intelligent, funny, healthy woman that usually only exists in yogurt commercials. But she's real and she's all ours!" —Tina Fey "Ellie is a hilarious and talented writer, although we'll never

know how much of this book the squirrel wrote.”—Mindy Kaling Meet Ellie, the best-intentioned redhead next door. You’ll laugh right alongside her as she shares tales of her childhood in St. Louis, whether directing and also starring in her family holiday pageant, washing her dad’s car with a Brillo pad, failing to become friends with a plump squirrel in her backyard, eating her feelings while watching PG-13 movies, or becoming a “sports monster” who ends up warming the bench of her Division 1 field hockey team in college. You’ll learn how she found her comedic calling in the world of improv, became a wife, mother and New Yorker, and landed the role of a bridesmaid (while simultaneously being a bridesmaid) in *Bridesmaids*. You’ll get to know and love the comic, upbeat, perpetually polite actress playing Erin Hannon on *The Office*, and the exuberant, pink-pants-wearing star of *Unbreakable Kimmy Schmidt*. If you’ve ever been curious about what happens behind the scenes of your favorite shows, what it really takes to be a soul cycle “warrior,” how to recover if you accidentally fall on Doris Kearns Goodwin or tell Tina Fey on meeting her for the first time that she has “great hair—really strong and thick,” this is your chance to find out. But it’s also a laugh-out-loud primer on how to keep a positive outlook in a world gone mad and how not to give up on your dreams. Ellie “dives fully into each role—as actor, comedian, writer, and also wife and new mom—with an electric dedication, by which one learns to reframe the picture, and if not exactly become a glass-half-full sort of person, at least become able to appreciate them” (*Vogue.com*).

coco movie questions and answers: Movies (And Other Things) Shea Serrano, 2019-10-08 INSTANT #1 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER BARNES & NOBLE BESTSELLER AMAZON BESTSELLER Paging through Serrano's *Movies (and Other Things)* is like taking a long drive at night with a friend; there's that warmth and familiarity where the chat is more important than the fastest route from Point A to Point B...It's like a textbook gone right; your attention couldn't wander if it tried. -- Elisabeth Egan, New York Times Book Review Shea Serrano is back, and his new book, *Movies (And Other Things)*, combines the fury of a John Wick shootout, the sly brilliance of Regina George holding court at a cafeteria table, and the sheer power of a Denzel monologue, all into one. *Movies (And Other Things)* is a book about, quite frankly, movies (and other things). One of the chapters, for example, answers which race Kevin Costner was able to white savior the best, because did you know that he white saviors Mexicans in *McFarland, USA*, and white saviors Native Americans in *Dances with Wolves*, and white saviors Black people in *Black or White*, and white saviors the Cleveland Browns in *Draft Day*? Another of the chapters, for a second example, answers what other high school movie characters would be in Regina George's circle of friends if we opened up the Mean Girls universe to include other movies (Johnny Lawrence is temporarily in, Claire from *The Breakfast Club* is in, Ferris Bueller is out, Isis from *Bring It On* is out...). Another of the chapters, for a third example, creates a special version of the Academy Awards specifically for rom-coms, the most underrated movie genre of all. And another of the chapters, for a

final example, is actually a triple chapter that serves as an NBA-style draft of the very best and most memorable moments in gangster movies. Many, many things happen in *Movies (And Other Things)*, some of which funny, others of which are sad, a few of which are insightful, and all of which are handled with the type of care and dedication to the smallest details and pockets of pop culture that only a book by Shea Serrano can provide.

coco movie questions and answers: *Native Country of the Heart* Cherrie Moraga, 2019-04-02 “[Written] with a poet’s verve. . . . This memoir’s beauty is in its fierce intimacy.” —Roy Hoffman, *The New York Times Book Review* *Native Country of the Heart: A Memoir* is, at its core, a mother-daughter story. The mother, Elvira, was hired out as a child, along with her siblings, by their own father to pick cotton in California’s Imperial Valley. The daughter, Cherrie Moraga, is a brilliant, pioneering, queer Latina feminist. The story of these two women, and of their people, is woven together in an intimate memoir of critical reflection and deep personal revelation. As a young woman, Elvira left California to work as a cigarette girl in glamorous late-1920s Tijuana, where a relationship with a wealthy white man taught her life lessons about power, sex, and opportunity. As Moraga charts her mother’s journey—from impressionable young girl to battle-tested matriarch to, later on, an old woman suffering under the yoke of Alzheimer’s—she traces her own self-discovery of her gender-queer body and Lesbian identity. As her mother’s memory fails, Moraga is driven to unearth forgotten remnants of a US Mexican diaspora, and an American story of cultural loss. Poetically wrought and filled with insight into intergenerational trauma, *Native Country of the Heart* is a reckoning with white American history and a piercing love letter from a fearless daughter to her mother. “A masterpiece of literary art.” —Michael Nava, *Los Angeles Review of Books* “Poignant, beautifully written.” —Kirkus Reviews, starred review “A defiant, deep and soulful book about all our mothers, mother cultures, motherlands and languages.” —Julia Alvarez, national bestselling author of *In the Time of the Butterflies*

coco movie questions and answers: *The Story Grid* Shawn Coyne, 2015-05-02 WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.

coco movie questions and answers: Dietrich & Riefenstahl: Hollywood, Berlin, and a Century in Two Lives Karin Wieland, 2015-10-05 Finalist for the National Book Critics Circle Award (Biography) Named one of the Best Books of the Year by the Washington Post and the Boston Globe Magazine. In scope, this dual biography examines two complex lives that began alike but ended on opposite sides of the century's greatest conflict. Marlene Dietrich and Leni Riefenstahl, born less than a year apart, lived so close to each other that Riefenstahl could see into Dietrich's Berlin apartment. Coming of age at the dawn of the Weimar Republic, both sought fame in Germany's burgeoning motion picture industry. While Dietrich's depiction of Lola-Lola in *The Blue Angel* catapulted her to Hollywood stardom, Riefenstahl—who missed out on the part—insinuated herself into Hitler's inner circle to direct groundbreaking if infamous Nazi propaganda films, like *Triumph of the Will*. Dietrich, who toured tirelessly with the USO, could never truly go home again; Riefenstahl could never shake her Nazi past. Acclaimed German historian Karin Wieland examines these lives within the vicious crosscurrents of a turbulent century, evoking piercing insights into the modern era's most difficult questions, about illusion and mass intoxication, art and truth, courage and capitulation (New Yorker).

coco movie questions and answers: *Recovering the Hispanic History of Texas* Monica Perales, 2010-01-01 The eight essays included in this volume examine the dominant narrative of Texas history and seek to establish a record that includes both Mexican men and women, groups whose voices have been notably absent from the history books. Finding documents that reflect the experiences of those outside of the mainstream culture is difficult, since historical archives tend to contain materials produced by the privileged and governing classes of society. The contributing scholars make a case for expanding the notion of archives to include alternative sources. By utilizing oral histories, Spanish-language writings and periodicals, folklore, photographs, and other personal materials, it becomes possible to recreate a history that includes a significant part of the state's population, the Mexican community that lived in the area long before its absorption into the United States. These articles primarily explore themes within the field of Chicano/a Studies. Divided into three sections, *Creating Social Landscapes*, *Racialized Identities*, and *Unearthing Voices*, the pieces cover issues as diverse as the Mexican-American Presbyterian community, the female voice in the history of the Texas borderlands, and Tejano roots on the Louisiana-Texas border in the 18th and 19th centuries. In their introduction, editors Monica Perales and Raúl A. Ramos write that the scholars, in their exploration of the state's history, go beyond the standard categories of immigration, assimilation, and the nation state. Instead, they forge new paths into historical territories by exploring gender and sexuality, migration, transnationalism, and globalization.

coco movie questions and answers: *Flight of Passage* Rinker Buck, 2013-05-07 Writer Rinker Buck looks back more than 30 years to a summer when he and his brother, at ages 15 and 17 respectively, became the youngest duo to fly across America, from New Jersey to California. Having grown up in an aviation family, the two boys bought an old Piper Cub, restored it themselves, and set out on the grand journey. Buck is a great storyteller, and once you get airborne with the boys you find yourself absorbed in a story of adventure and family drama. And *Flight of Passage* is also an affecting look back to the summer of 1966, when the times seemed much less cynical and adventures much more enjoyable.

coco movie questions and answers: *Computational Methods for Integrating Vision and Language* Kenichi Kanatani, Yasuyuki Sugaya, 2022-05-31 Modeling data from visual and linguistic modalities together creates opportunities for better understanding of both, and supports many useful applications. Examples of dual visual-linguistic data includes images with keywords, video with narrative, and figures in documents. We consider two key task-driven themes: translating from one modality to another (e.g., inferring annotations for images) and understanding the data using all modalities, where one modality can help disambiguate information in another. The multiple modalities can either be essentially semantically redundant (e.g., keywords provided by a person looking at the image), or largely complementary (e.g., meta data such as the camera used). Redundancy and complementarity are two endpoints of a scale, and we observe that good

performance on translation requires some redundancy, and that joint inference is most useful where some information is complementary. Computational methods discussed are broadly organized into ones for simple keywords, ones going beyond keywords toward natural language, and ones considering sequential aspects of natural language. Methods for keywords are further organized based on localization of semantics, going from words about the scene taken as whole, to words that apply to specific parts of the scene, to relationships between parts. Methods going beyond keywords are organized by the linguistic roles that are learned, exploited, or generated. These include proper nouns, adjectives, spatial and comparative prepositions, and verbs. More recent developments in dealing with sequential structure include automated captioning of scenes and video, alignment of video and text, and automated answering of questions about scenes depicted in images.
