Understanding Prepositions: A Quick Refresher

Before diving into the worksheets, let's quickly revisit what prepositions are. Prepositions are words that show the relationship between a noun or pronoun and another word in the sentence. They describe where something is, when something happens, or how something is done. Think of them as the words that answer questions like:

Where? (on, in, under, above, beside, between, behind, in front of)

When? (before, after, during)

How? (by, with, without)

Understanding prepositions is crucial for building strong sentence structure and clear communication. For Class 2 students, focusing on the location-based prepositions is a great starting point.
